A Saxon-French Cigar Lighter. Several years ago the then new minister of France, M. Klotz, decided to impose a tax of two francs, or 40 cents American money, on each cigar lighter used in that country. The reason for this is that the sale of matches in France is in the hands of the government monopoly and the portable lighters interfered with the sale of the matches. On the other hand the matches have become so bad in quality that they are subject of complaint and ridicule. The law has become unpopular and there is an effort now being made to have the order rescinded. Notwithstanding the fact that an increased tax was placed on tobacco by the French government several years ago, it has caused a tendency to increase smoking and that is proven by the many smokers to be seen in public places and thoroughfares.

"Excuse me, sir," said Bilson, a little timidly, "but you appear to be following me. Is there anything you want?"

"Well, I'm just trying to find where you live, and introduce myself, like I'm McPherson, the undertaker," said the burly stranger.

"Oh—quite so! I'm pleased to meet you, I'm sure! But there's nobody dead at my place!"

"Nae, nae!" said the undertaker, smiling sweetly. "But I just heard you cough, an' I hae hopes!"—London Answers.

There's a Reason

URGE FARMERS TO SELL POTATOES

This Is the Advice of the Food Supply Department of the Committee of Public Safety.

WILL BE A GLUT OTHERWISE

For the Past Thirty Days Many Provident and Thrifty Householders Have Been Buying Potatoes to Last Through Entire Winter.

Harrisburg. Farmers who are in touch with market conditions are taking advantage of the present desire on the part of the consumer to lay in the winter supply of potatoes. These observing producers are marketing at least half of their crop.

For the past 30 days householders have been purchasing enough potatoes to carry them through the winter. The fact that this movement has begun about a month earlier than usual would seem to indicate that the storage demand may be met by the first of December and possibly by the middle of November.

The Food Supply department of the Pennsylvania Committee of Public Safety advises that the time to sell potatoes is when the movement into storage is taking place. For instance, if the demand in a certain community is 100 bushels a day and that supply is not forthcoming and the people consume other foods, the demand for that 100 bushels is lost forever. If this continues for any length of time, there would be a glut in the spring. This would mean low prices and also a large number of potatoes wasted by spoiling.

This is the logical time therefore, regardless of price, for farmers to dispose of half or all of their crop. While an unusual food condition may result in a higher market in the spring, yet the reverse may happen. The farmer who meets the demand when the householder is willing to stock up not only saves cost of storage and handling, but escapes losses through sweating, shrinkage in weight and decay. He also gets his cash in hand early.

If at least 50 per cent of the potatoes raised this season in Pennsylvania were transferred from the farm to the cellars of consumers, the producers would be very apt to benefit through increased consumption and there would remain 50 per cent to be disposed of later in the season. In other words, by selling just now when all conditions are favorable, the big potato crop of Pennsylvania would be wisely distributed and there would be little or no waste due to poor storage, lack of storage or freezing.

Transportation facilities are not going to improve during the winter. As ready there is a shortage of cars, and with growing demand for rolling stock for government uses there is a possibility that the farmers will find it difficult to move potatoes during the mid-winter.

The thing that the food administrators of the various states want to avoid is food hoarding. If there is a long delay in getting the potato crop to the market, the public will consume provisions that need to be conserved, and next spring may find the farmers with a large supply of potatoes on hand to be disposed of at low prices.

Plans Drive for Safety.

A new educational drive for safety in the industries of Pennsylvania, a plan for members of the Department of Labor and Industry to convey verbal messages of carefulness and caution to employees in mass meetings, to workers in groups and to individual workmen in the mills, has been launched by Commissioner Jackson. Every member of the department, and especially the inspectors, wherever located in Pennsylvania, has been directed by the commissioner virtually to go on the "stump" for safety, to arrange for additional safety rallies at the large plants in their localities, to give noonday safety talks and to preach safety constantly in individual associations.

This intensive verbal drive for safety is to supplement the motion picture entertainments and other meetings for safety conducted by the department, the safety data promulgated by printed matter and the regular safety inspection work by the field forces of the department. A written communication from Commissioner Jackson has been received by every member of the department directing, as a patriotic duty, co-operation in the work of saving man power for the nation.

Soft Drinks Show Power.

Use of beverages of unusual power for "soft drinks" has resulted in eight actions by the state dairy and food authorities in Jefferson county, where the facts ascertained by state agents have been placed in the hands of the district attorney. Jefferson is a "dry" county, but last summer it was discovered that cider so "hard" that it was stronger than whisky was being sold. Now an alleged beer containing as much as 8 per cent. of alcohol has been found.

PENNSYLVANIA BRIEFS

The pear yield of the state is below what it has been the last four years. Last year there were 500,000 bushels of pears raised in Pennsylvania.

The farm and mill of the estate of H. Kalbach, Bernville, were sold for \$12,454.

Laborers are so scarce around Pottstown that 32½ cents an hour is being offered them.

Students at Franklin and Marshall college have organized a brass band of 21 members.

James B. Haag, who was a school-teacher at Lancaster 40 years, is dead. He was the smallest teacher in that city, measuring only three feet in height. Although small, he had perfect control of all the schools he taught, and his certificate bore a high rating.

Harry C. Blank, an Allentown newspaper man, has been appointed publicity agent for the United States army recruiting service and will be stationed at Harrisburg.

Farmers in Lycoming county face serious losses to crops due to a shortage of farm labor. Already much corn fodder has been spoiled, while hundreds of bushels of potatoes and corn will spoil unless taken care of at once. Since the opening of the local branch of the state bureau of employment, several weeks ago, but two applications for positions on farms have been received.

Estimates made by state officials from reports of apple growers show that the state apple crop has fallen considerably short of the average. In some sections of southern Pennsylvania the crop is not 60 per cent of what it has been running the last five years. The new apple grading law is now in effect, and reports indicate a general obsolescence.

A large flock of wild geese was observed over the Susquehanna at Duncannon.

French and Spanish will be elective branches at Newport school, open to the entire town, and Professor George J. Moyer will teach the course.

The site for a \$5,000 monument to Col. Henry Boquet has been selected on the Bushy Run battlefield, near Murraysville, Westmoreland county.

The strike at the Butler stripings, at Ebeyvale, where a recent wage adjustment caused dissatisfaction, has been settled, and the men went back to work.

When fire destroyed a double block of dwellings at Eckley the families of Vincent Balliet and Anthony Yerkusky were rendered homeless and forty bushels of potatoes were baked.

The Central Coal and Coke company of Pittsburgh has transferred its entire holdings in Bell and Washington townships, Westmoreland county, to the Roaring Run Mining company for \$200,000, the transfer including 3,104 acres.

Having finished the tomato season the Quarryville cannery is now canning apples.

Meadoo sportsmen stocked up the streams south of the borough with trout and bass fry for next spring's fishing.

Main line canning clubs have announced a series of cut price sales to the people of main line communities of large quantities of preserves and canned vegetables put up by the women members during the summer.

The 135 acre Kalbach farm, near Bernville, was sold to Andrew Klapp for \$6,210, and a grist mill and tract of land to Frank Sunday for \$5,300.

Warren Steiff, a Reading optician, was sent to jail for three months as a result of a collision between his auto and a horse which was carrying Charles Rowe.

Easton had another bank sensation when formal announcement was made that William P. Horn, the young cashier of the First National bank, was missing—a fugitive from justice—and that his accounts were short \$39,051.73. He was under bond of \$20,000, so the net loss to the bank is \$19,000.

Under the trading with the enemy act A. M. Palmer of Stroudsburg, former representative in congress, was appointed alien property custodian.

Poultry associations and fanciers met at the state capitol, Harrisburg, to form a state association and appoint county committees to stimulate breeding.

The contract for a state aid road between Scottsdale and Greensburg has been awarded by Commissioner O'Neill to Finimonti Gallardi of Conellsville on a bid of \$20,955.80.

For the first time in its 18 years' existence as a borough Avondale has a contest for Burgess. Bayard T. Plesher, who was recently killed, was the sole nominee on a citizens' ticket for the office. After his death the Democrats nominated Dr. J. H. Burkholder and the Republicans named George R. Cleveland.

W. J. McConnell, a farmer in Lower Oxford, gathered 234 bushels of wheat from six acres.

Mount Joy voters will on November 6 decide whether to issue bonds to the extent of \$20,000 for improving the water supply and providing for filtration.

Medical officers from the state department of health placed quarantine regulations on the Indian school, Carlisle, because of appearance of smallpox on an Indian from Cayuga reservation, New York state. General vaccination was ordered of all the students.

WOMEN SUFFERERS NEED SWAMP-ROOT

Thousands upon thousands of women have kidney and bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer a great deal with pain in the back, headache, loss of ambition, nervousness and may be despondent and irritable.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, restores health to the kidneys and is just the remedy needed to overcome such conditions.

Get a medium or large bottle immediately from any drug store.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper. Adv.

Canadian Farmers Profit From Wheat

The war's devastation of European crops has caused an unusual demand for grain from the American continent. The people of the world must be fed and wheat near \$2 a bushel offers great profits to the farmer. Canada's invitation is therefore especially attractive. She wants settlers to make money and happy, prosperous homes for themselves by helping her raise immense wheat crops.

You can get a Homestead of 160 acres FREE and other lands at remarkably low prices. During many years Canadian wheat fields have averaged 30 bushels to the acre many yields as high as 45 bushels to the acre. Wonderful crops also of Oats, Barley and Flax.

Mixed farming as profitable an industry as grain raising. The excellent grasses full of nutrition are the only food required for beef or dairy purposes. Good schools, churches, markets convenient, climate excellent.

There is an extra demand for farm labor to replace the many young men who have volunteered for the war. The government is urging farmers to get extra acreage into grain. Write for literature and particulars as to reduced railway rates to Dept. of Immigration, Ottawa, Canada.

How Women are Restored to Health
 Spartansburg, S.C.—"For nine years I suffered from backache, weakness, and irregularities so I could hardly do my work. I tried many remedies but found no permanent relief. After taking Lydia E. Pinkham's Vegetable Compound I felt a great change for the better and am now well and strong so I have no trouble in doing my work. I hope every user of Lydia E. Pinkham's Vegetable Compound will get as great relief as I did from its use."—Mrs. S. D. McALEER, 132 Dewey Ave., Spartansburg, S.C.

Chicago, Ill.—"For about two years I suffered from a female trouble so I was unable to walk or do any of my own work. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and determined to try it. It brought almost immediate relief. My weakness has entirely disappeared and I never had better health. I weigh 125 pounds and am as strong as a man. I think money is well spent which purchases Lydia E. Pinkham's Vegetable Compound."—Mrs. Joe O'BRYEN, 1755 Newport Ave., Chicago, Ill.
