VOL. XC.

CENTRE HALL, PA., THURSDAY, NOVEMBER 15, 1917.

NO. 45

NEXT CALL IN FEBRUARY.

Sixty Days Will Be Required to Classify the 9,000,000 Registrants.—Men to Be Placed Where Best Fitted For.

President Wilson formally put the new machinery for the carrying out of the selective draft bill into operation Friday night with the publication of the foreword he has written to the regulations under which the second call will be made. The regulations themselves and the questionnaire, which more than 9,000,000 registrants will be required to fill out, are being forwarded to local boards, but have not yet been made public.

War department officials estimate that the whole process can be completed within sixty days. This means that no second call will be made upon the draft forces before the middle of next February, as the period of classification will not begin until December 15.

The president describes the new plan of dividing all registered men not already mobilized into five classes, subject to military service by classes, as being intended to produce "a more perfect organization of our man power."

"The selective principle must be carried to its logical conclusion," the president said, and he added that there must be made a complete inventory of the qualifications of each registrant in order to determine "the place in the military, industrial or agricultural ranks of the nation in which his experience and training can best be made to serve the common good."

The inquiry produced in the questionnaire will go deep into the qualifications of each of nearly 10,000,000 men. The success of the plan and its completion within the estimated time rests absolutely upon the wholehearted support given by the people, especially by the doctors and lawyers of each community.

QUESTIONNAIRE IS EXPLAINED.

Supplementing the president's call to the nation, Provost Marshal General Crowder issued the following statement.

"The questionnaire, which is the basis of the new system, is a collection of questions bringing out the essential facts upon which all classifications are made. It is the only printed form which any registrant needs to use either in making claims or filing proof. At first sight it may seem a little formidable, but a reading of the questions shows that they are simple enough for any person who can read and write understandingly to answer."

"The president's message lines up the legal profession of the United States as assistants of the selective service system and as impartial advisors to registrants in filling out their questionnaires."

"Under the new regulations a place is to be provided convenient to every local board, where registrants may go for advice and assistance in making out this document. The county judge or other judicial officer of similar court is placed at the head of a committee of lawyers in each vicinity, and this committee is charged with the duty of seeing that there are always plenty of lawyers and other volunteers present to help registrants in filling out the questionnaires."

"Questionnaires are to be called by the local board to 5 per cent. of the registrants each day. The principal work of the local advisory boards will thus be over in twenty days, by which time all the questionnaires should be returned to the boards. Every man has seven days in which to return his questionnaire fully made out. The process of classification will begin about December 15. Eight days later the boards will begin the great process of classification, which becomes, in the words of the president, "a national war understanding of such significance as to challenge the attention and compel the assistance of every American."

"Not since the war began has an opportunity been offered for virtually every person to take an active and vigorous part in so important a war measure as the actual raising of our armies. The president's foreword offers this opportunity. It gives a definite place for the doctors to work in making the physical examination. For the first time it assigns every lawyer to active duty in building up the national army. In the legal advisory boards it gives every one who responds to the president's call a place in the ranks of the army behind the army."

"The nation already has a remarkable record of efficiency in adjusting its political machinery to the registration of 10,000,000 men within eighteen days after the enactment of the law authorizing registration. It is now proposed to better this record by classifying 10,000,000 men in a period of sixty days."

Two negroes were electrocuted at Rockview on Monday morning for the murder of a railroad policeman at Carlisle, in October, 1916.

PASTOR REVIEWS WORK OF AARONSBURG LUTHERAN CHURCH

Rev. M. D. Geesey Will Preach Last Sermon Next Sunday and Leave for New Field at Louisville, Kentucky.

On Sunday, November 18th, Rev. M. D. Geesey will have completed six years and eight months as pastor of the Aaronsburg Church. During this time he preached at regular services 905 sermons; led at 382 prayer-meetings; addresses made, 48; officiated at 101 funerals; infant baptisms, 122; adult baptism, 5; weddings, 381. During this time the Penn Hall Church debt of \$1400.00 has been paid with a surplus on hand for improvements. St John's church, Millheim, was repaired at a cost of \$3800.00. The Coburn congregation made repairs to their house of worship to the extent of \$500.00. St. Paul's made repairs to the extent of \$280.00, and to the Salem congregation at Aaronsburg, to the cost of \$320.00. All these debts were paid on the day of re-opening.

Especially has there been progress in Missionary work. At Aaronsburg a Woman's Home and Foreign society was organized with an active membership of 34, and a Mission Band of 16. The Penn Hall society was rejuvenated from three members to twenty active members, and a Mission Band of 14. The Mission Band of the Millheim society has taken for three years in succession the banner of Central Pennsylvania Synod.

The pastor's salary was increased \$200.00, and improvements to parsonage of several hundred dollars.

The Every Member canvass was made for three years in succession. The total benevolence for the church, including the Gettysburg Academy fund, \$7820.00. The pastor has also preached for two years in succession to the survivors of the Rebersburg Post No. 168, Pennsylvania Infantry, and preached the Baccalaureate sermon to the graduating class of the Millheim High School, May, 1917.

(REV.) M. D. GEESAY.

The Potters Pleased All.

Those who heard The Potters in their entertainment in the Grange hall on Saturday night, and again in their Story and Song service in the Lutheran church on Sunday evening, were indeed fortunate. The value of such wholesome entertainment is inestimable. Mr. Potter is a true optimist. His being radiates cheer, good fellowship, and their kindred virtues. Mrs. Potter is a close second to her husband in talent. Her readings were most delightful and struck a responsive chord in the hearts of her listeners.

Their Saturday evening's entertainment included a wide range of performance, Mrs. Potters entertaining with piano, guitar and vocal music, and readings, while Mr. Potter delighted his audience with character impersonations, humor, and singing.

The announcement that The Potters would remain over Sunday and appear in the Lutheran church in the evening, was sufficient to result in a crowded church. The preaching period was given over to them and their program was of the most sacred and beautiful order. Mrs. Potter's recital of "The Mansion," founded on the text, "Lay not up for yourselves treasures on earth," etc., was a masterpiece. Their solo and duet work was also most beautiful.

Short Letter from Arkansas.

A. D. Rishel, of Hope, Arkansas, writes the Reporter under recent date as follows:

"We like this part of the country very well. We don't have the extremes of weather such as we have found elsewhere. The crops are cotton, corn, cow peas, peanuts, sweet and Irish potatoes. The latter is a spring and fall crop; lots of sorghum, fruits of all kinds, although it is not good for fall and winter apples as farther north in this state. Cotton is the principal money crop, and is bringing a good price this fall. The average bale is 500 lbs., and brings around \$28.50 per hundred. Cotton seed is now \$75.00 a ton; raw cotton that will make a 600 lb. bale, has a thousand lbs. of cotton seeds. There is not the expense in raising cotton as there is in wheat. First picking was 75 to 85 cts. per hundred lbs. Second picking (or scapling) has been a dollar per hundred lbs. this year."

Deaths of Centre Counties.

Mrs. Clara A. Jones, of Unionville, died at the Bellefonte hospital, aged sixty-one years.

Philip B. Iddings, of Bellefonte, died on the street last Thursday morning. He had started on a hunting trip and suddenly fell to the ground unconscious. His age was fifty-nine years.

The apple crop for the State is about fifty per cent. of a normal yield, but the southern apple belt shows about seventy per cent. of a normal crop.

3500 BUSHELS OF CORN HUSKED IN ONE DAY.

President Sparks and 100 Students Clean Up the Job on the College Farm in Eight Hours.

Last Thursday was a busy day on the farm connected with The Pennsylvania State College, when more than one hundred students harvested the enormous corn crop. A total of 3500 bushels were harvested by the students during the day, and they were paid for their work at the rate of five cents per bushel.

Dr. Edwin E. Sparz, the college president, was an enthusiastic participant in the corn husking campaign. He stripped off his coat and worked side by side with his undergraduates in the field.

David R. Pheasant, of Mapleton Depot, Huntingdon county, a member of the Junior class in the School of Agriculture, was high score. He husked 80 bushels in eight hours.

Farm labor in Centre county is now at a premium. War's demands for limestone as clamored for by many manufacturers of steel has resulted in many of the county's abandoned quarries being reopened. They are paying high wages for labor and have drawn heavily on the farms and other county industries.

Outbreak of Smallpox.

Owing to the outbreak of smallpox at Blue Ball, Clearfield county, state health authorities have ordered train service to and from that station discontinued and the schools to be closed not only in the village but the surrounding townships until all pupils have been vaccinated. One of the patients is a justice of the peace who has been transacting business until recently. Sunday schools will be closed and probably churches. Smallpox has also appeared at Trout Run, Clinton county, in the family of the postmistress, requiring transfer of the office to the home of the assistant and fumigation of all mail. Eight people, six of them children, were in the house with the patient.

The First Hunting Accident.

Hoy Harter, the fourteen year old son of Mr. and Mrs. George Harter, of Jacksonville, was the first victim of the 1917 hunting season when he was shot under the left arm by his seventeen year old brother Victor, while out hunting rabbits on Tuesday morning of last week and while at first his condition was considered critical he is still living and his physician now has hopes for his recovery.

The two brothers with George Diehl of Sunbury went out for rabbits on the Yearick farm. They raised a rabbit in a gully and it ran right in the direction of Hoy Harter. His brother Victor had a good shot at the rabbit and drew up his gun but seeing his brother in range did not intend to shoot, but in some way his gun was discharged, he said, and the entire load of No. 6 shot struck his brother in the left side beneath the shoulder.

Save Double Supply of Seed Corn.

Every farmer in Pennsylvania who has had a successful corn crop and plenty of corn that is suitable for seed purposes has been urged by Secretary of Agriculture Charles E. Patton to take immediate steps to save double the usual amount of seed corn that he has put away in former years.

Secretary Patton says: "Much more than the usual acreage of corn will be asked to be planted next spring and now is the best time to select and save the necessary seed. In many sections the early frosts have destroyed and damaged the corn crop and left practically no seed for next year. These localities will be calling upon others for their corn seed next spring and we want an ample and full supply of the very best types that are adaptable to the various sections of this State."

"So much of the crop in some sections is soft through being frost bitten that it is unfit for seed and these sections must draw upon other sections for their supplies. Farmers should immediately arrange for their seed for next season and the Department of Agriculture at Harrisburg is willing to assist if requests are sent at once so that an available supply can be reserved. Farmers must arrange to secure seed from localities possessing climatic conditions similar to their own and there should now be selected a supply of locally adapted seed for the 1918 planting. In many sections it was impossible to sow the increased acreage intended for wheat and rye and this ground will likely be available for a big increase in the corn acreage next year. Don't let your seed wait until next spring. Get after it right away and be sure that you will be amply supplied with good stock when the season is upon you."

Advertising makes money grow where only moss grew before.

DEATHS.

Eliaz Breon, a highly respected citizen, died at his home near Rebersburg on Monday evening. He contracted pneumonia on Tuesday of last week and took his bed the following day. He was born in Gregg township April 10, 1850, making his age more than sixty-seven years and seven months. He was married to Catherine Rupp and to their union nine children were born, eight surviving, viz: Mrs. Sallie Long, Mrs. Wesley Hackenberg, of Rebersburg; Mrs. Charles Smull, of Smillton; Mrs. Sheehan, of Kayuga, N. Y.; George, of Salt Lake City, Utah; Ezra, of Philadelphia; Mrs. Elmer Swope, of Jersey Shore; Miles, of Watsonstown. Also eighteen grandchildren and two great grandchildren survive.

Deceased was a member of the Reformed church and during his lifetime held offices of trust in the township where he resided. Funeral services will be held on Friday morning; interment at Rebersburg, Rev. J. B. Hunsicker officiating.

Elizabeth Jane (Showers) Smith, widow of Henry Smith, died on Tuesday afternoon, at 2:40 o'clock at the home of her daughter, Mrs. John N. Young, Yeagertown. Her husband's death occurred last September 29th, at the same hour. Mrs. Smith was aged seventy years, eight months and six days and her death was due to weakness of the heart, following a paralytic stroke suffered on the day before her death.

She was a daughter of Henry and Sarah Showers, of Centre county, being one of a family of twelve children, of whom only one, Mrs. John Johnson, of Zion, is living. Her surviving children are: Mrs. John N. Young, of Yeagertown; John H. Smith, Lewistown, and Daniel F. Smith, of Williamsport.

Burial was made at Yeagertown on Sunday afternoon, Rev. A. H. Spangler of the Lutheran church officiating.

David Brehrer, a well known real-estate of Halfmoon township, died last Saturday a week ago, following an illness of a number of weeks. He was a son of Jacob and Mary Behrer and was born at Waddle sixty-two years ago. He was a farmer by occupation and was a good citizen in every way.

He is survived by his wife, who prior to her marriage was Miss Eva Ward, and three children, Ira, Esther, and David, all at home. He also leaves the following brothers and sisters: Charles, of Anville; Jacob, John and Mrs. Charles McCormick, of Pine Hall; Mrs. R. C. Palmer, of Linden Hall; Mrs. J. D. Wertz, of Houserville; Mrs. John Grove and Mrs. David Davis, of Lemont; Mrs. Sarah Ellsworth, of St. Louis, and Mrs. J. W. Hartwick, of Buffalo Run.

Rev. H. F. Babcock had charge of the funeral services which were held at ten o'clock on Wednesday morning, burial being made in Gray's cemetery.

D. J. Meyer Sells His Farm.

D. J. Meyer, of Centre Hall, last Thursday sold his big 300-acre farm, near Linden Hall, to Samuel E. Weber, of Boalsburg, for \$15,500. The farm had been in Mr. Meyer's possession for about twenty years, and to show how land has increased in value in the past score of years, it need only be said that Mr. Meyer purchased the farm for \$10,400 and after a short time sold off \$2000 worth of land. The farm at the present time is tenanted by J. Arthur Kimpfort.

Knitting for the Red Cross at 80 Years.—Centre Hall's oldest Red Cross worker is Mrs. Isabel Kerstetter, who makes her home with her nephew, E. W. Crawford. Mrs. Kerstetter is past eighty years of age, and is knitting her fourth piece of work for the soldier boys. She is doing it all without the aid of glasses, too.

Tree Talks.

Every forest fire increases someone's lumber bill. America uses five hundred feet of lumber yearly per capita to Europe's sixty feet.

Paper blankets have been made, in every way so effective as five pound wool blankets, and only one-tenth as heavy. They may be considered as an adaptation of the hobo's covering of newspaper.

The locust which is too small for posts may often be sold for insulator pins and brackets for telephone and telegraph lines. The Municipal forest of Baden-Baden, Germany yields an annual net profit of \$5.25 per acre. Half a dozen Pennsylvania cities might have the same income. The town forest of Fiesberg, Germany, pays a net profit of \$12.14 per acre per year. The annual value of the farm wood-lot products of the United States is \$195,000,000. Do you get any of it.

The Vote in Nearby Townships.

TOWN AND COUNTY NEWS.

HAPPENINGS OF LOCAL INTEREST FROM ALL PARTS

Rebersburg enjoyed four joyous days of Chautauqua this week, from the 10th to the 13th.

Twins—a boy and a girl—were born to Mr. and Mrs. William Coble, at Lemont, last week.

J. D. Meyer, of Altoona, motored to Centre Hall on Saturday for a day's visit at the home of his parents.

D. W. Bradford gave his residence a prime coat of paint last week and will finish the work next spring.

Mrs. Sarah J. Keller, of Boalsburg, left this week for Charleston, West Virginia, where she will spend part of the winter.

J. W. Foreman, of near Penna Cave, was a caller at this office on Saturday and reported having all his corn stored away.

A. M. Riegel, the Salona stock buyer, loaded a carload of hogs at Centre Hall last week. The price paid was 15 cents, on foot.

The State highway department has rejected bids for the construction of highway improvement in Bellefonte borough which were opened October 16.

Otto Bailey, brother of the writer, who for several years has been located at Boston, Mass., has enlisted in the United States Naval Reserve as a seaman.

The first bear of the season to be killed in the Seven Mountains was shot by the Wirt brothers, of Huntingdon, near Millroy, last Wednesday. The bear weighed 350 lbs.

Dr. and Mrs. J. V. Foster and daughter Helen, of State College, were in town on Sunday and attended the Story and Song service rendered by The Potters, in the Lutheran church, in the evening.

The teachers of the county are attending school at Bellefonte this week, which gives the scholars in the borough two weeks' vacation, the schools having been closed all last week while fumigating for diphtheria.

Dr. W. E. Park, who holds a captain's commission in the U. S. army, has been transferred from Syracuse, New York, to Charlotte, North Carolina. Mrs. Park joined her husband at the new location last week.

John W. Veisley, State organizer of the P. O. S. of A., will be in Centre county for the next month for the purpose of reviving the work in the several camps of the P. O. S. of A. It is also his intention to organize several new camps.

Mr. and Mrs. Reno Stover and child, of Barne, Kansas, were arrivals in this section last Saturday and spent several days with Mr. Stover's sister, Mrs. Charles Rosman, near Millheim, says the Journal. They are now visiting Mr. Stover's parents, Mr. and Mrs. T. J. Stover, near Millheim. Mr. Stover went west from Millheim eight years ago and has not been back since. He married a Kansas lady.

William F. Miller, who several years ago was appointed supervisor on the L. & T. railroad, with his residence at Lewisburg, has removed to Atlantic City, New Jersey, where he has been assigned to the important position of supervisor of the Atlantic City division of the P. R. R., and will have under his charge both the steam and electric systems operating between Philadelphia and the noted resort.

The local Rebekah lodge, I. O. O. F., paid a fraternal visit to their sister organization at Bellefonte last Friday night. After the regular business was dispensed with, the visitors were royally treated to elegant refreshments. Thirty-five members from Centre Hall were present, and were conveyed in automobiles belonging to the following parties: John A. Heckman, Rev. R. R. Jones, L. L. Smith, E. S. Ripka, C. T. Crust, V. A. Anuman, H. H. Mark.

Rev. M. D. Geesey, who has resigned the Aaronsburg Lutheran charge, will leave Centre county on Tuesday of next week for York where he will spend a week visiting his parents and friends before he leaves for Louisville, Kentucky, to begin his new pastorate as minister of the Third Lutheran church. Mr. Geesey has made a complete report of his activities during his almost seven years' service at Aaronsburg, and it will be found in another column of this issue.

A handsome marker, erected to the memory of the great Indian Chief Logan, was dedicated near Loganton on the last day of October. The marker stands on the John N. Kemmerer farm. Col. Henry W. Shoemaker, made the erection of the marker possible. His deep and careful study into the early history of that section revealed the fact that Logan was a peace-loving Indian, and although often abused by the white man, bore it all with great patience and refused to shed blood.
