**A Genuine Patriot.**

The school teachers on the East side in New York are finding some interesting material in the manner in which alien parents are saving to aid in the war. One little girl told her teacher how "the folks at home" are going to help. "My father and mother and me," she said, "we made it on a piece of paper last night. My father has makes \$18 the week, and he pays for the rent \$18 the month, \$2 for coal, \$3 for milk for the baby, \$7 a week for eats. Then he gets left \$4 the week. He gives my mother \$2 for clothes, he keeps \$1 the week and puts \$1 the week for the war savings. He does that so long as the war should last."

I wants to enlist, but I'm jest five pounds too light, and one of your little cakes would 'ave put me right."

**MUST FILE RETURN**

ALL SUBJECT TO INCOME TAX REQUIRED TO SUBMIT STATEMENTS BY MARCH 1.

**HEAVY PENALTY FOR FAILURE**

Returns Will Be Rigidly Checked and Assistance Given Taxpayers by Officials in Every County—Tips to Farmers.

Washington.—All good Americans who are making a fair living are now called upon to pay, in the way of an income tax, their share of the cost of the war. Whether or not he is subject to this tax is the question every man must settle at once. In a few words this is the answer: Every unmarred man whose net income is \$1,000 or more and every married man or head of a family whose income is \$2,000 or over must pay the tax. Before March 1, 1918, he must file his return with the collector of internal revenue in the district in which he lives or has his principal place of business.

The man who thinks to evade this tax is making a serious error. Revenue officials will be in every county to check returns. Failure to make a correct return within the time specified involves heavy penalties.

"Net Income" means gross income less certain deductions provided for by the act. The law defines income as profit, gain, wages, salary, commissions, money or its equivalent from professions, vocations, commerce, trade, rents, sales and dealings in property, real and personal, and interest from investments except interest from government bonds, or state, municipal township or county bonds. Incomes from service as guardian, trustee or executor; from dividends, pensions, royalties, or patents, or oil and gas wells, coal land, etc., are taxable.

**Normal Rate is 2 Per Cent.**

The normal rate of tax is 2 per cent on net incomes above the amount of exemptions, which is \$2,000 in the case of a married person or head of a family and \$1,000 in the case of a single person. A married person or head of a family is allowed an additional exemption of \$200 for each dependent child if under eighteen years of age or incapable of self-support because defective. The taxpayer is considered to be the head of a family if he is actually supporting one or more persons closely connected with him by blood relationship or relationship by marriage, or if his duty to support such person is based on some moral or legal obligation.

Debts ascertained to be worthless and charged off within the year and taxes paid except income taxes and those assessed against local benefits are deductible. These and other points of the income tax section of the war revenue act will be fully explained by revenue officers who will visit every county in the United States between January 2 and March 1 to assist taxpayers in making out their returns.

**Officers to Visit Every Locality.**

Notice of their arrival in each locality will be given in advance through the press, banks and post offices. They will be supplied with income tax forms copies of which may be obtained also from collectors of internal revenue.

The bureau of internal revenue is seeking to impress upon persons subject to the tax the fact that failure to file their returns within the time specified.

The government is not required to seek the taxpayer. The taxpayer is required to seek the government.

The penalty for failure to make the return on time is a fine of not less than \$20 nor more than \$1,000, and in addition 50 per cent of the amount of the tax due. For making a false or fraudulent return, the penalty is a fine not to exceed \$2,000 or not exceeding one year's imprisonment, or both, in the discretion of the court, and in addition 100 per cent of the tax evaded.

**As to the Farmers.**

The number of farmers who will pay income taxes has not been estimated by the government officials, but it is certain they will form a large percentage of the 6,000,000 persons assessed who never before have paid an income tax. The average farmer does not keep books but if he avails himself of the services of government experts who will be sent to aid him, it will not be difficult for him to ascertain the amount of his net income.

The farmer is making out his return may deduct depreciation in the value of property and machinery used in the conduct of his farm, and loss by fire, storm or other casualty, or by theft if not covered by insurance. Expenses actually incurred in farm operation may be deducted, but not family or living expense. Produce raised on the farm and traded for groceries, wearing apparel, etc., is counted as living expenditures and cannot be deducted.

The thousands of U. S. farmers who have accepted Canada's generous offer to settle on homesteads or buy farm land in her provinces have been well repaid by bountiful crops of wheat and other grains.

Where you can buy good farm land at \$15 to \$30 per acre—get \$2 a bushel for wheat and raise 20 to 45 bushels to the acre you are bound to make money—that's what you can do in Western Canada.

In the provinces of Manitoba, Saskatchewan or Alberta you can get a **HOMESTEAD OF 160 ACRES FREE** and other land at very low prices.

**"Bruges la Morte."**

In a lost corner of the great lowland flat of Flanders, defended from the sea by an artificial dike, and at the point of intersection of a network of canals and waterways, there stands a little town known to the Belgians as Brugge and to the rest of the world as Bruges, writes Nilsah.

Fortunately for lovers of the quaint and picturesque, this city with its slender bell towers, its lacelike gables and decorated house fronts has so far been spared the general devastation that followed in the wake of the invading Germans. They call it "Bruges la morte" and at every turn there is something to remind the visitor of the decay that has fallen upon the town. The ever-recurring view of picturesquely grouped tower, gable and bridge, of wide tree-filled parks, breathes an atmosphere of infinite stillness and charm, which is at the same time strangely pathetic.

**What Moves Men.**

Man does not live by bread alone, but by the ideals that stir his heart, observes a writer. Napoleon's men were struggling through the snow and cold and discouragement of Alpine passes. Would they ever come through? They did, but the great French leader neither drove nor bribed them. He fired their souls. He called them to look down upon the smiling plains of Italy and pictured to them its sunny fields, its warm waters, its orange groves, its comfortable cities, its whole lure and romance. For things like these men work and fight.
