Proof that Some Women do Avoid Operations

Mrs. Etta Dorion, of Ogdensburg, Wis., says:

"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."

How Mrs. Boyd Avoided an Operation.

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well."

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARIE BOYD, 1421 6th St., N. E., Canton, Ohio.

ON REBOUND, AS IT WAS

No Doubt Many Public Officials Would Wish, as This One Did, for "Subsequent Insertion."

Years ago W. H. Wiley, organizer of the Terre Haute school system, now retired, was scathingly rebuked by a Terre Haute newspaper over some official act.

The morning after the attack was made Mr. Wiley met a reporter for the newspaper.

"I don't think you were a bit just to me," said Mr. Wiley.

The young man held up his hand deprecatingly and offered some solicitude.

"You know, Mr. Wiley, first reports are always exaggerated," he said.

Wherewith Mr. Wiley told a story—one he is still fond of telling newspaper men.

"My father once went into the office of the first newspaper printed in Indiana," said Mr. Wiley. "It was the Locomotive, if I remember rightly. My father asked the price of advertisements."

"One dollar for the first insertion and 50 cents for subsequent ones," was the editor's reply.

"Well," said my father, "Give me a subsequent one."

"Now, young man," said Mr. Wiley to the reporter, "the next time you write me up, give me a subsequent insertion."—Indianapolis News.

Virgin of Fate.

"When I began business," said the plutocrat wearily, "I made a solemn vow that when I had made an even million I would quit."

"But you've made that many times over," said the other man, "and still you are accumulating."

"That's the curse of it. Whenever I think I've made an even million I find on figuring it up it's either a little more or a little less, and I've got to renew the heartbreaking struggle." And the unfortunate man sighed heavily.

Birds Needed on Farms.

The encouragement of birds on farms is not a mere matter of sentiment. They return a cash equivalent and have much to do with the success or failure of crops.

Positive Proof.

"Ferdie, do you really love me?"

"Didn't it take 30 cents to send that last letter I wrote?"

Win the War by Preparing the Land Sowing the Seed and Producing Bigger Crops

Work in Joint Effort the Soil of the United States and Canada CO-OPERATIVE FARMING IN MAN POWER NECESSARY TO WIN THE BATTLE FOR LIBERTY

The Food Controllers of the United States and Canada are asking for greater food production. Scarcely 100,000,000 bushels of wheat are available to be sent to the allies overseas before the crop harvest. Upon the efforts of the United States and Canada rests the burden of supply.

Every Available Tillable Acre Must Contribute; Every Available Farmer and Farm Hand Must Assist

Western Canada has an enormous acreage to be seeded, but man power is short, and an appeal to the United States allies is for more men for seeding operation.

Canada's Wheat Production Last Year was 225,000,000 Bushels; the Demand From Canada Alone for 1918 is 400,000,000 Bushels

To secure this she must have assistance. She has the land but needs the men. The Government of the United States wants every man who can effectively help, to do farm work this year. It wants the land in the United States developed first of course; but it also wants to help Canada. Whenever we find a man we can spare to Canada's fields after ours are supplied, we want to direct him there.

Apply to our Employment Service, and we will tell you where you can best serve the combined interests.

Western Canada's help will be required not later than April 5th. Wages to competent help, \$50.00 a month and up, board and lodging.

Those who respond to this appeal will get a warm welcome, good wages, good board and find comfortable homes. They will get a rate of one cent a mile from Canadian boundary points to destination and return.

Life Still Has Its Joys.

If you are troubled with the belief that war has taken all the joy out of life, you should have been on hand when the playful wind took the fat man's hat and he made a zig-zag race for it along the street car tracks, and noticed what a lot of people stopped to laugh their eyes full of tears at the spectacle.—Seattle Post-Intelligencer.

MEAT TASTES BETTER COOKED

And tobacco now tastes much better toasted.

You'll know this when you smoke the famous Lucky Strike cigarette, the real Burley cigarette.

22 Million Families in the United States

IF EACH FAMILY saved one cup of wheat flour it would amount to 5,500,000 pounds, or more than 28,000 barrels. If this saving was made three times a week, it would amount to 858,000,000 pounds, or 4,377,000 barrels in a year.

You can do your share in effecting this saving and really help to win the war by omitting white bread from one meal today and baking in its place muffins or corn bread made according to this recipe:

Corn Meal Muffins

- ¾ cup corn meal
- 1½ cups flour
- ½ teaspoon salt
- 4 teaspoons Royal Baking Powder
- 2 tablespoons sugar
- No eggs
- 1 cup milk
- 2 tablespoons shortening

Sift dry ingredients together into bowl; add milk and melted shortening and beat well. Bake in greased muffin tin in hot oven about 20 minutes. Same batter may be baked as corn bread in greased shallow pan.
