

THE CENTRE REPORTER.

THURSDAY, APRIL 11, 1918

Thirty-five Years Ago.

May 31, 1883.—Members of the Lutheran church at Coburn talk of erecting a church.

The cornerstone of the new Lutheran church at Madisonburg will be laid on Sunday, June 3. Rev. Fischer of this place will officiate.

Mrs. Catherine Bozner and son, David, have left on a visit to relatives in Kansas, and will likely remain all summer.

At Reformed Classes which met in this place recently a committee was appointed to organize a congregation at Spring Mills. This congregation is then to be a part of the Centre Hall charge.

The telephone is about to be extended from Bellefonte to Centre Hall, and by July 1 the Reporter will have telephone connection with the outside world. The line will be extended to Pleasant Gap, State College, Boalsburg, and Pine Grove Mill.

Anthony Gaver, a young man living above Centre Hall, had his right leg broken, last Friday, in Gregg's ore bank.

ABERDEEN.

Mrs. Barlett on Monday accompanied her brother, Frank Miller, to a Philadelphia hospital where the latter will receive treatment.

Miss Sue Lenker has gone to make her future home with her brother and family, at Lemont. Having spent all her life in this town, her many warm friends regret to see her leave.

William Hester and family, of Reedsville, motored to this place on Saturday and accompanied by Mr. Harter's parents and sister, drove to Watsonstown for a pleasure trip.

Although it occurred April 1st, there's no joke about the stork's leaving a fine baby girl at the home of Thresherman Clyde Stover and one of the same sex at the Walter Rupp home. All concerned are doing splendidly.

The following were entertained at the home of Mr. and Mrs. A. F. Stover, on Sunday: T. W. Kreamer, of Roecrans; Mrs. Friel and two children, of Renovo; Corp. Harold Kreamer, stationed at a U. S. hospital in Virginia; Misses Trudie Quigley and Lizzie Yarger, of Millheim.

Movings hereabouts were as follows: Adam Sheesley to Milton; Frank Armagast to the Ralph Stover farm in Penn township; Adam Keller to where Armagast vacated; Cal Mingle from Mrs. Halnes' home to the Ira Gramley place; and Harry Acker, of Illinois to the Halnes property; Mrs. Mary Winklebleh from Wolfs Chapel to the home she bought from Mrs. Mary Beaver; Claud Fiedler from the Dr. C. S. Musser home into the Hind's property; Zwingli Haffley to the B. F. Haffley farm, northwest of town; Harry Tresler, of Yeagerstown, to the Zwingli Haffley property; William Haffley into his own home, bought from Mrs. Susan Stump; John Hertz into the Frank Tomlinson home; Mrs. Frank Burd to Snulleton; Mr. Cumming has vacated the Kreamer home and moved into Leroy Mensch's property, Mr. Mensch going to Altoona. Milton Barner from the J. J. Fiedler farm to Loganton on Judge Jamison's farm, and Reuben Vonada from Gregg township to the Fiedler farm.

REBERSBURG.

Wes Hackenburg is now sporting a new Ford runabout.

Mr. Daveler is now located at the hotel for the present year.

John Meyer, of Altoona, was a visitor in town on Saturday.

Mr. and Mrs. Claud Small commenced housekeeping in part of George Winter's dwelling house.

Prof. E. S. Stover, of Bloomfield, N. J., spent a few days at this place the past week on special business.

Mrs. Nathaniel Bowersox is spending this week in Greentree with her daughter, Mrs. Harvey Lamy.

Some of the farmers in this section have finished sowing oats while others are in the midst of the work.

Mrs. Jacob Heller, who spent the past winter with her son, Charles, at Canton, Ohio, arrived home Saturday.

John Brindel and family, of near Woodward, were Sunday visitors at the Arney home.

Mr. and Mrs. Edward Byer, last Thursday, motored to Sunbury to attend the funeral of Mr. Byer's sister, Mrs. Fisher.

Samuel Blerly bought a Ford car which he will convert into a truck, thus proving a convenience to his business.

The grain fields in this section do not look very promising owing to the hard winter, during which many of the tender plants were killed by frost.

The other day while Fisher Mowers was plowing he lost his gold watch. It is supposed that the timepiece was plowed under the ground.

The household goods of C. O. Malory and son Charles arrived at this place on last Thursday and were placed at the Malory home, known as Shady-alr, three miles east of this place.

The Liberty Loan meeting held in the school building at this place last Thursday evening was well attended. The three speakers from State College did their bit in urging the farmers to invest in Liberty loan bonds.

Below we give a list of the different military camps and the location of each.

Where Located.

NATIONAL ARMY

- Camp Custer—Battle Creek, M. C.
- Camp Devens—Ayer, Mass.
- Camp Dix—Wrightstown, N. J.
- Camp Dodge—Des Moines, Iowa.
- Camp Funston—Ft. Riley, Kansas.
- Camp Gordon—Atlanta, Ga.
- Camp Grant—Rockford, Ill.
- Camp Jackson—Columbis, S. C.
- Camp Lee—Petersburg, Va.
- Camp Lewis—American Laker, Washington.
- Camp Meade—Admiral, Md.
- Camp Pike—Little Rock, Ark.
- Camp Sherman—Chillicothe, Ohio.
- Camp Taylor—Louisville, Ky.
- Camp Travis—Ft. Sam Huston, Texas.
- Camp Upton—Yaphank, Long Island.

NATIONAL GUARD

- Camp Beaugard—Alexandria, La.
- Camp Bowie—Fort Worth, Texas.
- Camp Cody—Deming, N. M.
- Camp Doniphan—Fort Hill, Okla.
- Camp Fremont—Palo Alto, Cal.
- Camp Green—Charlottesville, N. C.
- Camp Hancock—Augusta, Ga.
- Camp Kearney—Linda Vista, Cal.
- Camp Logan—Houston, Texas.
- Camp McArthur—Waco, Texas.
- Camp McClellan—Anniston, Ala.
- Camp Sevier—Greenville, S. C.
- Camp Sheridan—Montgomery, Ala.
- Camp Wadsworth—Spartanburg, S. C.

Weekly War News Digest.

[The following notes are from the Official Review of the War, issued by the Committee on Public Information.]

The annual pay of the Army now exceeds \$500,000,000.

Production of 10,000 new automobile trucks is in progress for the Army.

The Navy ration in 1917 cost \$0.438, as against \$0.37684 in 1916.

Our 14-inch guns weigh nearly 95 tons and are over 58 feet long, costing \$118,000.

Our 35,000-ton cruiser, capable of 35 knots, will be the fastest in the world.

About 60,000 officers and men are engaged in coast patrol work of the Navy.

American troops permanently took over a part of the firing line as an American sector in January, 1918.

More than 70,000 acres of land in this country has been planted with castorbean plants to produce oil for aircraft.

During 12 months the Army hospitals increased from 7 to 63 in number and from 5,000 to 58,400 beds; 30,000 more beds are being added.

The disbursements and outstanding obligations of the Navy during the first year of the war are estimated at \$1,881,000,000. The total naval appropriations, real and pending, are \$3,333,171,665.

There are now four times as many vessels in naval service as a year ago. The estimated pay of officers and men in the Navy for the first year of war was \$125,000,000.

The air personnel in the first year of war increased from 65 officers and 1,120 men to one hundred times that number. Eleven kinds of schools have been instituted.

Several hundred submarine chasers, built since the war, have been delivered to the Navy by 31 private concerns and 6 navy yards; many of these boats have crossed the Atlantic, some in severe weather.

Through a card catalogue system 109,487 men have been transferred out of Army divisions into technical units to function according to individual educational, occupational, and military qualifications.

During the first year of war the Army paid \$60,000,000 for horse-drawn vehicles and harness; more than \$50,000,000 for horses, mules, and harness. Expenditures for the fiscal year ending June 30, 1918, for fuel and forage are estimated at more than \$500,000,000.

To February 20, the Director General of Military Railways had placed orders for railway supplies valued at \$142,000,000 and with an aggregate weight of 754,000 long tons; the General Engineer Depot, to February 1, issued 9,560 orders for material valued at \$202,000,000.

Among the purchases of the Quartermaster's Department are 61,000,000 pounds of prunes and dried beans; 275,000,000 cans of tomatoes, condensed milk, and baked beans; 40,000,000 yards of mosquito bar; 75,000,000 yards of olive drab; 20,000,000 woolen blankets; 31,000,000 pairs of woolen drawers; 50,000,000 pairs of heavy stockings; 11,000,000 wool coats. The Ordnance program includes the purchase of 23,000,000 hand grenades, 725,000 automatic pistols, 250,000 revolvers, 23,000,000 projectiles for heavy artillery, 427,246,000 pounds of explosives, 240,000 machine guns, and 2,484,000 rifles.

BRIGHTEN UP THE HOME

This Spring by Adding a Piece of New Furniture

For instance, what could please the housewife more, or reduce the drudgery of the kitchen than one of our handsome, sanitary

Kitchen Cabinets

We have them in several styles, and they are moderately priced. If you are thinking of a Cabinet this Spring, we would advise your buying from our present stock. Uncertain railroad shipments and higher prices are bound to occur in the future.

A Buffet, Davenport, Rocker or Iron Bed

may be just the thing to transform an otherwise ordinary room into a thing of beauty and joy. We have a big assortment to select from.

A Complete Assortment of Window Shades Linoleum, Rugs & Carpet

GOODHART'S
Furniture Store :: Centre Hall

State College Men is our Circular on this Building.

"Suggestions for Selecting and Building a Silo" is the title of circular No. 72 prepared by S. I. Bechdel, recently issued by the Pennsylvania State College extension department.

If the order has not yet been placed for the silo that was planned to be built this year, it should be done at once. By placing an order with the dealer several months in advance, considerably better prices may usually be obtained. Furthermore one is more certain of getting his silo built in these times of uncertainty with regard to the transportation and supply of all kinds of manufactured articles, declared Professor Bechdel.

In view of the high prices and the improbability of obtaining a manufactured silo, one of the various types of homemade silos should be given serious consideration. The circular mentioned contains definite information on the adaptability of various silos to farm conditions as well as brief directions for constructing monolithic concrete, wood hoop, King Garter, and other types of homemade silos.

This circular may be secured free of cost from the Pennsylvania State College extension department.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; unless cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
