

HARRISBURG NEWS LETTER.

Joseph F. Guffey Will Win the Democratic Nomination for Governor.

"Pennsylvania Democrats—those who have the interests of the party at heart and who are determined to place the Keystone State in the Democratic column this fall—are not losing any sleep worrying over the gubernatorial candidacy of E. C. Bonnell, of Philadelphia," said Warren Vandyle, secretary of the Democratic State Committee in a statement issued yesterday.

"Joseph F. Guffey, of Pittsburgh, will win the Democratic nomination for Governor if he does not turn a hand between now and the primary election. Bonnell's candidacy is obtaining support only from a few disgruntled and disappointed office-seekers and from a clique of 'wet' theorists, most of whom have names with the 'made-in-Germany' mark stamped all over them. The strategy of these 'wet' theorists involves the kidnapping of all the saloon-keepers and bartenders from the Republican party, registering them as Democrats and voting them for Bonnell on May 21."

"Bonnell's announcement that he would seek the gubernatorial nomination was not any more unexpected than the annual advent of spring. For several years past he has done little else than run for one office or another. In fact the filing of his papers at the State Capitol caused as much mirth as was aroused when 'Butch' McDevitt deposited his bundle of signatures on the clerk's desk.

"Though professing to be a Democrat he owes his election to the Municipal Court bench in the City of Philadelphia to the Penrose-McNichol organization. In 1916 he was defeated for the Democratic nomination for United States Senate and in 1917 was given another licking when a candidate for Common Pleas Court judge in Philadelphia.

"Four years ago Bonnell came into the spotlight as manager of Michael J. Ryan's gubernatorial campaign. At that time the Democratic party in Pennsylvania was badly disorganized and Ryan was able to secure the support of many of the big state Democratic leaders including Charles F. Donnelly, of Philadelphia, and William J. Brennan, of Pittsburgh.

"With the backing of the powerful Philadelphia and Pittsburgh organizations and in spite of his own exceptional abilities as a campaigner and orator Ryan was defeated by Vance McCormick by over 20,000 votes.

"This year Donnelly and Brennan are both supporting Mr. Guffey and he will receive, in addition, the fullest aid from the McCormick-Palmer following in Pennsylvania.

"Bonnell's candidacy arose out of the panic that has gripped the liquor forces since a Democratic Congress voted to submit the Prohibition amendment to the State legislatures. In a feeble effort to stem the tide for Prohibition that set in when a Democratic president affixed his signature to the Sheppard bill they 'induced' Mr. Bonnell to run for governor. And so that degree of his 'wetness' would never be questioned they provided him with a saloon-keeper candidate for lieutenant governor in the person of Howard O. Holstein, of Harrisburg. When one considers men of this calibre and compares them with the six candidates for state office, at large, who have associated themselves with the candidacy of Joseph F. Guffey, the weakness of the Bonnell case is readily apparent.

"J. Washington Logue, candidate for Lieutenant Governor, is one of the best known men in public life in the City of Philadelphia. For years he has been active in behalf of the 'dry' cause, his leadership being recognized by his election to the presidency of the Catholic Total Abstinence League. In 1912 he was elected to Congress in the district representing West Philadelphia and other suburban sections. He is a member of the Philadelphia County Bar and a graduate of La Salle College.

"Asber B. Johnson, of Bradford, McKean County, candidate for Secretary of Internal Affairs, is one of the leading Democrats in Pennsylvania. He is a successful business man, identified with the oil, gas and brick industries and is President of the Bradford Chamber of Commerce. He is a self-made man in every sense of the word. Mr. Johnson was a Wilson delegate to the Baltimore convention in 1912 and at present is a member of the Democratic State Executive Committee. He has never held public office.

"On the ticket for Congress-at-large appear the names of four men all of whom are leaders in their particular circles.

"Samuel R. Turner, of Pittsburgh, is chairman of the Legislative Board, Order of Railway Conductors and in

1920 CENSUS WILL COST TEN MILLION

Congress Will Soon Face The Necessity Of Providing For Big Undertaking.

Congress will soon be faced with the necessity of providing millions of dollars for the 1920 census.

Just what inquiries will be made at every American home is the problem now being worked out, before determining upon the exact appropriation needed. Census Director Rogers estimates that the total cost of the census, including the annual and other inquiries occurring during the decennial census period, if done in accordance with plans the census bureau has formulated, will not exceed \$20,000,000 to \$22,000,000. The estimated cost of tabulating the population census alone is \$10,440,000.

Besides considering population, the bureau's plans contemplate the usual elaborated inquiries on manufactures, agriculture, mines and quarries, annual special inquiries and other work. This includes vital statistics, statistics of cities and states, tobacco, cotton and cottonseed products. Taken collectively, Director Rogers says that the estimated cost of various lines of work would run, manufactures, mines and quarries, \$2,593,000; agriculture, \$6,049,000, mostly for field work; population, \$10,440,000. The expenditures for the census of 1910 were about \$15,500,000.

Despite criticisms of belated census reports in past years, Director Rogers says the population of the United States could be ascertained and made public in less than six months, and likewise the number of farms, by counties and by states, and that any other information on which the government wanted quick results could be sent out promptly.

Recovering from Injuries in Auto Accident.

John Sourbeck, Bellefonte's green grocer, who was thought to have been so seriously injured in an auto accident Wednesday afternoon of last week, in Bellefonte, that his death would be a result, is showing improvement, although his friends feel that he has not yet passed out of all danger. He is in the Bellefonte hospital.

Mr. Sourbeck was at the Pennsylvania railroad station and stepped out from behind a number of cars to cross the roadway, and got in front of an oncoming car driven by John Hoy, of near Jacksonville. He attempted to protect himself by grabbing hold of the Hoy car, which was running slowly, when he was thrown to the brick paving. His skull was fractured and he was rendered unconscious.

Opportunity for Young Men.

Young men who will come in the new class to be registered for military service on June 5th, have the opportunity to choose their branch of service if they enlist before the passage of the bill by congress. Since the measure has already passed the senate, there will be little time for young men to make up their minds. A recruiting rally will be held in Williamsport on the 27th of the month.

Dr. Betsy Writes New Song.

Dr. Alfred Beryl, of Chicago, Ill., known to many Reporter readers, has written and set to music his "Song to Columbia", which appeared in last Sunday's Chicago Tribune. Dr. Beryl's new song is appended:

My country! to thee allegiance I bear,
Dear land of the free, thy blessings I share,
Republic so glorious, majestic and grand,
Exhalt I extol thee, my own hallowed land,
My country! thy bow with jewels is crowned,
Exalted art thou, and justly renowned,
Thy bright starry banner by breezes caressed,
Proclaims freedom's tidings to nations oppressed,
My country! thy fame gives freedom new birth,
How sterling thy name, entreating the earth:
Dear haven of refuge unfettered for all,
No tyrant shall ever thy people enthral.

My country! dear land so grandly arrayed,
Creation's own hand, thy wonders displayed;
How bounteous thy woodlands, thy valleys how broad,
Hail! nation valiantly thy maker is God.

Shooting Accident at Sawmill.

An unfortunate shooting accident occurred last Thursday morning about eleven o'clock near George Thompson's sawmill, in the Barrens above State College, when Rupert Billyon was shot in the right side, about six inches below the shoulder. The shooting was entirely accidental and while no serious results are anticipated, his condition is still somewhat critical.

Sometime during the morning Samuel Billyon, a brother of Rupert, had given a twenty-two calibre rifle to John Thompson, aged eleven years, in order to shoot some rats which had become a nuisance about the barn. Mr. Billyon had meanwhile gone into the barn and was repairing a feed bin in a portion of the barn. Sometime later, little John came into the building and hearing a noise, turned around. In so doing the gun was somehow discharged and the bullet lodged in Mr. Billyon's side.

Dr. MacIntyre, of State College, was immediately called and gave medical relief to the injured man. He was later taken to the Bellefonte hospital where the bullet will be located with the aid of the X-ray, and removed. Mr. Billyon is about forty years old and resides on a farm near the sawmill with his wife and two children.

Drove Cars from Detroit, Mich.

Warren Homan and William Bradford reached Centre Hall on Friday night after having been on the road three days on a trip from Detroit, Michigan, each driving a new Dodge touring car. The machines were purchased through Boczer & Smith, the local agents, by Henry E. Homan and William Bradford, but delivery being uncertain owing to freight conditions, it was decided to bring the cars in overland. The trip covered 686 miles and all sorts of roads were encountered on the way. The young men were accompanied by two other Centre county representatives of the Millheim and State College agencies, who likewise drove home new Dodge cars.

State Graduates 247 Seniors.

The Pennsylvania State College on Tuesday celebrated its fifty-eighth annual commencement with the graduation of a class of 247 seniors. This number is considerably less than half original membership, more than 380 young men of the 1918 class having withdrawn from college for service with the flag. Because of war-time conditions, the usual commencement program was much curtailed this year.

The Rev. G. R. Vandewater, of New York City, preached the baccalaureate sermon in the Schwab auditorium to an audience of 2000 persons. Two concerts were given by the college cadet band, and on Monday night the Junior oratorical contest was held. The cadet regiment and the reserve officers' training corps were reviewed by the college officials.
