

YOU NEED NOT SUFFER WITH BACKACHE AND RHEUMATISM

For centuries GOLD MEDAL Haarlem Oil has been a standard household remedy for kidney, liver, bladder and stomach trouble, and all diseases connected with the urinary organs. The kidneys and bladder are the most important organs of the body. They are the filters, the purifiers of your blood. If the poisons which enter your system through the blood and stomach are not entirely thrown out by the kidneys and bladder you are doomed. Weariness, sleeplessness, nervousness, dizziness, backache, stomach trouble, headache, pain in loins, and lower abdomen, galls, stones, gravel, difficulty when urinating, cloudy and bloody urine, rheumatism, sciatica, lumbago, all warn you to look after your kidneys and bladder. GOLD MEDAL Haarlem Oil Capsules are what you need.

They are not a "patent medicine" nor a "new discovery." For 200 years they

have been a standard household remedy. They are the pure, original imported Haarlem Oil your great-grandmother used, and are perfectly harmless. The healing, soothing oil soaks into the cells and lining of the kidneys and through the bladder, driving out the poisonous germs. New life, fresh strength and health will come as you continue this treatment. When completely restored to your usual vigor, continue taking a capsule or two each day. They will keep you in condition and prevent a return of the disease.

Do not delay a minute. Delays are especially dangerous in kidney and bladder trouble. All reliable druggists sell GOLD MEDAL Haarlem Oil Capsules. They will refund the money if not as represented. In three sizes, sealed packages. Ask for the original imported GOLD MEDAL. Accept no substitutes.

British Name for Boarder.
Our American cousins, who call their households "homes," have also a word different from ours for their lodgers, if they have any. They call them "boarders." Lodger certainly sounds the better word, although in England, among certain classes, the tenant is more often referred to as "the first floor," etc.

One remembers Mr. Jerome's delightful play, "The Passing of the Third Floor Back." Americans, however, still use the expression "boarder," which in England is being rapidly superseded by that genteel euphemism, the "paying guest."—London Chronicle.

Of Course.

"This article says that we should give our shoes a day off occasionally."
"To rest their weary soles, eh?"
—Boston Evening Transcript.

The world moves, and if a man has the grit to hang on, he will be pulled out of many a bad hole.

Judge Too Generous.

James Brown, colored, tried in the Indianapolis city court recently on a charge of assault and battery, evidently thought the judge was too generous or else he was of the opinion that it would be better for him if he did not appear too greedy. When the judge announced his ruling he offered to give back a part of his fine.

After hearing all of the evidence, Walter Pritchard, the judge, looked at the defendant and said: "I will give you \$25 and costs."

"That's all right, judge," replied the defendant, "just give me the \$25 and you can keep the costs."

An Obstacle.

"What's going to keep me from kissing you?"
"My goodness!" — Harvard Lampoon.

Limitations.

"Does your husband play bridge?"
"Well enough to criticize; but not well enough to help win."

PENNSYLVANIA STATE ITEMS

Lebanon.—The nine minor children of Joseph Lengle, of this city, have brought suit in the Lebanon county courts against the township of North Lebanon for damages for the death of their father, who was killed last fall in a driving accident, due, it is alleged, to the faulty road. Lengle, who was driver of a Lebanon brewing company delivery wagon, was caught underneath the vehicle when it overturned.

Meadville.—Alfred Nunn, a prominent Crawford county farmer, is dead as the result of injuries suffered while felling a tree.

Corry.—The ice in Chautauque Lake went out here. It was the heaviest seen at the lake in more than fifty years. More than 6,000 fishermen were out for the first time this season.

Connellsville.—Elmer Piri, aged thirty, assistant foreman in the Baltimore and Ohio railroad shops here, was killed instantly as a result of being crushed between two freight cars.

Fayette City.—The consolidation of the Citizens' Bank with the Fayette City National bank, both of this city, has been announced by the officers of the two banking institutions. The National bank is in the federal reserve membership and the consolidation brings the Citizens' bank depositors under the federal reserve system.

West Hamburg.—At a banquet tendered employees, the Berks Foundry and Manufacturing company distributed \$1963.25 as a bonus.

Vera Cruz.—Inquisitive about a small box of gunpowder, Charles Stunt, thirteen years old, was badly burned as he applied a match to see how it would flicker.

Pottsville.—To save her two-year-old child from injury, Mrs. Edward Eickert, of this city, is suffering with a fracture of her ankle and body bruises. She was on her way upstairs with the child toddling behind. Reaching the top of the stairs, the mother lost her balance, she grasped the child in her arms, pressed it to her and rolled down the stairway. The child escaped unhurt.

Harrisburg.—Twenty-one dollars and thirty cents, sent in an envelope mailed at the Nicetown postoffice, in Philadelphia, and addressed to the state treasurer for "state taxes," were added to the state conscience fund. The sender used ordinary brown paper for the letter.

Scranton.—Following an organ grinder from the neighborhood of his home, five-year-old Eugene Gerrity wandered along the Lackawanna railroad tracks while an engine was switching cars into a siding. Brakemen found the child decapitated and the body mangled. No one witnessed the tragedy.

Berwick.—Frank Gentile, thirty-three, of Berwick, is in a critical condition in the Berwick hospital with a bullet wound in his left lung close to the heart, as the result of an argument with Angelo Smiriglio, a boyhood friend from Italy. Smiriglio was ejected from Gentile's home and it is alleged he fired through the door, hitting Gentile. The alleged assailant is in the Berwick lock-up.

Bangor.—William Henry Brown, thirty-five years old, was arrested in Pen Argyl by Chief of Police Hewett, charged with taking funds belonging to an insurance company when he left Philadelphia. The company charges embezzlement and the arrest was made at the request of Captain Tate, of the Philadelphia detective bureau. Brown was taken to Philadelphia to answer the charge.

Johnstown.—John Swank, assistant city electrician, died as the result of a fall from a pole.

Hazleton.—D. A. Harman was re-elected superintendent of Hazleton's schools, after holding the office for thirty-seven years.

Altoona.—A workmen's mass-meeting here was addressed by Miss Jeannette Rankin, congresswoman from Montana.

Mahanoy City.—Caught in a rush of coal while they were loading a car, Joseph Ropks and George Framanis were killed here.

Lebanon.—Professor John W. Smoke entered upon his thirtieth consecutive year as county superintendent when re-elected.

Scranton.—Union brewery workers here will demand an increase of 15 per cent in wages, as the companies have increased the price of beer.

Mount Carmel.—The national bank here will give prizes to the children maintaining the most productive and most attractively kept gardens.

Harrisburg.—Dr. F. E. Downes was re-elected superintendent of schools and Frank E. Shambaugh, superintendent of the Dauphin county schools.

Excelsior.—Within ten minutes after she had told her parents she felt she had recovered from a serious attack of heart trouble, Miss Marie Barrett, aged eighteen, died.

Lancaster.—Eleven applications for divorce were filed on the first day of the divorce term of court here.

Hazleton.—A number of department store window dressers here have applied to the draft board for enlistments in the camouflage section of the army.

Weatherly.—The 1000 pupils of the public schools here were organized to conduct corn seed testing clubs, preparatory to forming corn clubs.

WHERE FARMING IS PROFITABLE

The Future of Great Possibilities.

Some idea of the great wealth that the Western Canada farmer had in view a few years ago is now being realized. The amount received from the sale of wheat, oats, barley, flax and rye in 1917 was \$270,000,000, while the sales of live stock at Winnipeg alone netted \$40,000,000 additional. Of this sum hogs alone gave over eleven million dollars. The increases at Calgary and Edmonton were over 6% million dollars.

This money, so easily earned, is being spent in improvements in farm property, purchasing additional land, buying tractors, automobiles, and improving home conditions, providing electric light, steam heat, new furniture, pianos, buying Victory bonds, paying off old debts, etc.

Over five hundred tractors were sold in Southern Alberta in 1917. One implement agent reports that the increase in his business in 1917, over that of 1916, was equal to the total business in 1915. It is the same story all over the country. And it is not this evidence alone which proves the advance and growth of the three prairie provinces, but the large increase in the number of settlers; the improvement in the extent of the cultivated areas and agricultural production; the increase in value of which over 1916 was \$77,000,000.

This wonderful progress that has been made in agriculture in Western Canada is but the beginning which marks the future of the greatest agricultural country on the continent, showing a future of great possibilities. There are millions of acres yet untitled, and of land as good as any of that which is now giving its owners a return of from twenty to thirty dollars an acre, figures that in many cases represent the cost of the land, with all cultivation costs included. It is true that the cost of production has increased during the past few years, but the price of the product has also increased to a figure which leaves a large balance to the credit of the producer.

The following tale shows how this works out:

	1913	1917
FARM NEEDS, In bus. in bus.

Percentage increases are shown too in another way, leading to the same conclusion, from consultation of the Department of Labor's review of prices. Taking 100 as the index number of normal production in the decade from 1890 to 1900, the increases in prices of farm products have slightly outdistanced the increases in his needs.
