Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nose cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular free.

Fruit Trees for Shade.

This year, for obvious reasons associated with the influence of war upon all forms of endeavor, those who want to set out shade trees, turn their minds to trees which will produce something, says Professor Arthur W. Cowell, of the Pennsylvania State College. There is something to be said in favor of fruit trees along the Lincoln Highway or the country lanes or the lane to your front door, but the purpose of a shade tree and the limitations of all species of trees should be considered before giving up the cherished American elm for a cherry tree.

Our list of shade trees suitable for highway purposes is much shorter than that of lawn shade trees. The ideals are different. On the lawn use as many low-branched flower and fruit-producing species as may be desired, bearing in mind that most fruit trees must be pruned and sprayed regularly to produce fruit; that such pruning to a great degree injures their aesthetic value and that foliage blue-stained with Bordeaux mixture is not attractive.

We are thus limited to a very few species of orchard trees which might be used sparingly as shade tree substitutes. They are for highway use the sweet cherries—subject to borers—life about forty years; peaches—subject to sudden blight—life twenty years. For lawns, we may enlarge that list to include the sour cherries, plums, peaches, quinces, which are desirable bushes, crab-apple and apricots. As none of these are long-lived, dignified protective trees, handsome and inspiring in form and dignity, it is questionable how far the idea may be carried of substituting orchard trees for shade.

Gypsy Camp at Prison.

The yard at the Millin county prison became a regular gypsy camp last week when Sheriff M. A. Davis arrested the entire camp comprising five automobiles and fifteen persons, charged with larceny from farmers in the vicinity of Newton Hamilton. Rather than take any risks by incarcerating them in the building, he directed them to pitch their camp in the jail yard for the night. They were given a hearing, escorted to the county line and the adjacent county notified.

The Devil's Phone Call.

The Devil had a 'phone call, Not so very long ago, And he said "talk lively", I'm busy here below. A weak voice faintly answered, "Have you a private room? Things up here are pressing—I'll be coming down there soon." "It's the Kaiser now that's talking, I'm in an awful fix; They say there is an army coming, From a place called Camp Dix. I never was so frightened; I have really got a spell. They say those boys from Jersey Are a whole lot worse than—Well! "You are very much mistaken, The Devil calmly said; You'll get no rest while living, You'll get less when dead. I've got no place to put you, Devil though I am; You'll have to take what's coming, When you tackle Uncle Sam. I've got no time to listen, To the talk you want to tell, YOU think you're Boss up yonder; I KNOW I'm Boss in—Well!

LIBERTY BONDS BUY VICTORY BUY BONDS WHILE BIG FIGHT RAGES

George Eastman Sees Realization of Nation's Ideals in Big Sales. Liberty Bond Campaign Committee Doubles Effort as Titanic Conflict Rages Overseas.

In a statement by George Eastman, general manager of the Eastman Kodak Company, of Rochester, N. Y., emphasis is laid on the fact that the success of the Third Liberty Loan by means of popular subscription will represent a realization of the great democratic ideal. Mr. Eastman said: "No man in his right senses seeks to accumulate money except for the greater benefits it will buy him. Only the miser seeks money for itself. Does not the same principle apply to a nation? We are the richest nation in the world by many times over, and we have been accused by less successful nations of being money-makers to the exclusion of some of the higher things of life, but the time has come for us to prove that that charge was without foundation, that we have sought money simply for the higher things it would buy and not simply for the sake of amassing money. "The winning of this war is the greatest thing we have ever had a chance to buy with our money. It is

You Supply the Bricks! I'll Do the Rest!

therefore, these bonds give him an opportunity for the sort of investment that will mean freedom for him and safety for his descendants. The great dragnet will reach into every home and into every business house with an urgency and persistence justified by the great emergencies which we now face. An advantageous feature of the present drive is the fact that the people have come to realize the value of U. S. Government Bonds in the strictly investment sense. It is no longer necessary to educate them on the comparative value of these issues in relation to other securities.
