

Thirty-five Years Ago.

July 19, 1883.—The apple crop in our county will not be abundant, the prospect being that there will be enough only for home consumption. James Duck, of Gregg township, has purchased a steam engine and thresher.

On Friday last the dwelling of D. H. Rote, at Aaronsburg, was struck by lightning. The flash struck the chimney and passed down into the kitchen upsetting the cook stove.

C. W. Burd, of Aaronsburg, while engaged in taking down the scaffolding after plastering the new church at Coburn, a few days ago, fell, breaking the right arm above the wrist.

The trial of binders took place on the Huston farm, near Centre Hall, on Monday afternoon. Four machines appeared on the ground, a twenty-acre field of fine wheat with a few spots that were lodged. The machines were the Wood, the Osborne, the Deering and the Champion. There were probably 100 spectators present, some from quite a distance. The team to each binder consisted of three horses, and all good stout animals. The binders went to work together, one being a short distance ahead of the other, thus rounding the field all afternoon, with a short stop at each round. There was no committee of judges appointed and each one very properly was left to judge the work of the binders himself. The machines and their work were carefully scrutinized. Taking them altogether there was not a binder which was not thought to be worth having or which anyone felt like condemning. Each one appeared to have some particular point in its favor. Peter Breon, tenant on the farm, and an experienced farmer of good judgment, after close observation, intending to select the machine which in his judgment seemed best, fixed upon the Deering, and purchased it. John Harper, on the adjoining farm, purchased a Wood binder.

The Coming Circus.

Sparks World Famous Shows are billed to exhibit at Bellefonte, Thursday, May 23, and from the newspaper reports preceding their exhibition will be worth going many miles to witness.

Of the many features carried by the show this season, some of the Animal Acts are without doubt the most wonderful and thrilling ever presented to an American audience. The big groups of fighting forest-bred lions, all full grown males, give an exhibition that is full of thrills, and the audience is left with a positive feeling of awe at man's wonderful mastery over the brute creation.

Another extraordinary feature with the show is Capt. Wesley's troupe of educated Seals and Sea Lions. These interesting sea animals perform the most seemingly impossible feats; balancing chairs, umbrellas and whirling brands of fire while climbing ladders, walking tight ropes and riding the backs of galloping horses. This feature baffles description and must be seen to be appreciated.

Many other wonderful things are to be seen with this mammoth show, and the main performance beneath the big tents will present a number of the most marvelous foreign acts of the century.

The menagerie of wild animals carried with the show is complete in every detail, and contains rare and curious specimens of the earth's most interesting and curious animals.

A mile long street parade of dazzling splendor, beautiful women, and handsome horses, interspersed with three brass bands and a steam calliope will traverse the streets shortly before noon, and this feature alone will be worth going many miles to see.

Don't forget the date and the place of exhibition, Bellefonte, Thursday, May 23.

CENTRE MILLS

Walter, the little son of Arthur Cummings, is confined to the house with rheumatism.

Mrs. Hackenburg, of Coburn, spent several days recently with her sister, Mrs. Lizzie Hassenplug.

Mr. and Mrs. Gramley and Charles Troutman and Miss Flora Jodon, of Forest Hill, visited Miss Minnie Kline.

Mrs. Reish, daughter Doroty, Mr. Paul Hackman and Orion Reish spent Saturday and Sunday with friends in Nittany Valley.

A large party was given to the venerable Levi Stump in honor of his eighty-third birthday last Thursday.

Deaths of Centre Countians.

Charles V. DeLong, at Wilkesburg, aged forty-three years. He was a native of Howard.

To prove that the busy man has ample time to do things one needs only refer to the activities of Rev. John E. Reish, of Loganton, who serves a pastorate with six appointments—Loganton, Mt. Union, Mt. Pleasant, Brungard, Boonville and Tylersville—and is also principal of the Loganton borough High School.

Facts About the American Red Cross

Did you know that—

It has established and is operating twenty dispensaries in the American Army Zone in France to care for the needy families there and to improve health conditions in that section ready for our troops?

It is housing and feeding thousands of children in the War Zone to keep them away from the danger of gas and shell fire?

It has divided the entire War Zone into six main districts, with Red Cross workers at each point to distribute cooking utensils, agricultural implements, beds, bedding, food and clothing?

It provides builders and ready-to-put-up buildings to house the homeless in the devastated regions, often before the walls of the destroyed homes have cooled?

It is bringing over two hundred tons of supplies every day into Paris, from which one hundred and twenty-five tons are reshipped to branch warehouses over France?

It is providing an artificial limb factory outside of Paris, in addition to special plants for the making of splints?

What will you give to keep this Hand of Mercy at its work?

Every cent of every dollar received for the Red Cross War Fund goes for War Relief.

The American Red Cross is the largest and most efficient organization for the relief of suffering that the World has ever seen.

It is made up almost entirely of volunteer workers, the higher executives being without exception men accustomed to large affairs, who are in almost all cases giving their services without pay.

It is supported entirely by its membership fees and by voluntary contributions.

It is today bringing relief to suffering humanity, both military and civil, in every War torn allied country.

It plans tomorrow to help in the work of restoration throughout the world.

It feeds and clothes entire populations in times of great calamity.

It is there to help your soldier boy in his time of need.

With its thousands of workers, its tremendous stores and smooth running transportation facilities, it is serving as America's advance guard—and thus helping to win the war.

Congress authorizes it. President Wilson heads it. The War Department audits its accounts.

Your Army, your Navy and your Allies enthusiastically endorse it.

Twenty-two million Americans have joined it.

BOY SCOUTS, ATTENTION.

Get Busy in a Small or Great Way to Help Stay the German Beasts.

Boy Scouts of Central Pennsylvania, have you heard what Germans did to a French Boy Scout a few days ago?

They stood him up in front of a telegraph post and shot him.

Killed him in cold blood because he would not betray the hiding place of a detachment of French soldiers.

The little lad went to his death with a smile on his lips.

They could not kill his brave, loyal spirit.

Boy Scouts of Central Pennsylvania, does this mean anything to you?

Does it not animate you with a fierce desire to avenge the death of your fellow Scout in France.

Does it not arouse in your hearts a renewal of your pledge to do your part toward providing American soldiers with rifle and ball, with food, clothing, bomb and machine gun and all those other things which are necessary if they are to slay these brutes, who would do to America what they have done to Belgium and France, and so free the earth from the terror of German frightfulness.

Every Thrift Stamp you buy, every Red Cross donation you procure, every Y. M. C. A., Knights of Columbus or other war work gift you solicit, every war garden you cultivate, every far-ther you help increase the food supply,

is a bit—your bit—toward victory.

Put your shoulders to the wheel whenever the chances offers and so help avenge the little French Boy Scout the wretched beasts in German helmets, who masquerade as men, shot to death in far-off France.

REBERSBURG

J. B. Kremer is suffering with a severe attack of rheumatism.

Jacob Heller, who is employed at Canton, Ohio, is here looking after the wants of his family.

Mr. Mayes, the marble man of Howard, placed several fine monuments in the local cemetery the past week.

Wallace Bierly has taken the contract to stock the Reish saw-mill, located near Wolfs Store.

Jonathan Auman, who several weeks ago received a slight paralytic stroke, is able to be about again, we are glad to say.

Wes. Hackenburg is having considerable repair work done about his premises.

Harry Royer recently had a bath outfit installed in his dwelling house.

Some time ago the stork visited the home of Adam Winters, near Wolfs Store, and left a baby boy to their daughter, Mrs. Willard Burd, and now it is Grandpa Winters.

Levi Fulmer, an aged veteran of the Civil war, took suddenly ill the other night but is able to be about again. Mr. Fulmer is greatly worried about

the sum of money (sixty-three dollars)

which was stolen out of his coat pocket while the coat was hanging in the clothes closet at his home. The party who stole the money is positively known by Mr. Fulmer and unless the money is returned in a reasonable time an arrest will be made.

Raise the Limit

EVERY FARMER who has access to a pile of stable manure or keeps live stock on his farm should have a good manure spreader, a Corn King, this year. Don't let power and help conditions keep you from raising as much as you can on every acre. Use a Low Corn King spreader and either fertilize your fields before planting or top dress your growing crops this year. There is no easier, surer, or better way to secure a paying increase in crops from every acre you plant. How would a thirty-bushel to the acre increase in corn, or a ten-bushel increase in wheat look to you this year? All right, then buy and use a

Low Corn King Manure Spreader

Wheels just the right distance apart, and spread wide enough to top dress three rows of corn at once. Three sizes—small, medium and large. All narrow boxes. All steel frames with working parts of the spreader securely attached to the frame. Turns short. Drive from both rear wheels. Return apron driven by worm gear which insures even spreading up hill and down. Pull comes straight on steel frame. Solid 2-inch rear axle working in roller bearings carries seventy-five per cent of the load. Built up to International Harvester standards of quality in every respect.

Buy a Corn King spreader and use it. The increased yield from a few acres will pay for your spreader this year. Come in and place your order now.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedial. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
