**HARVEY WINS OVER SCOTT.**

Carries Republican Primaries by Small Majority.—Taylor Wins in Centre for Congress.

The "dry" forces in Centre county are jubilant over the result of Tuesday's primary election, which resulted in Ives L. Harvey, of Bellefonte, winning over Harry B. Scott, of Philadelphia, for the Republican nomination for the General Assembly. The fight was bitterly fought, and while all returns have not yet come in, Scott's leaders concede Harvey's victory by a small majority—possibly fifty votes. The few remaining precincts to be heard may reasonably be counted on to show Harvey majorities.

In Philadelphia, State College, and Clarence, Scott won over Harvey, while practically in every other section of the county Harvey was the favorite. Snow Shoe, conceded to Scott, turned in a majority for Harvey.

**TAYLOR WINS IN CENTRE COUNTY.**

As the Reporter goes to press (Wednesday, 2:30 p. m.) the indications are that Hugh S. Taylor will carry Centre county for Congress on the Democratic ticket by about fifty majority. The rest of the district has not been heard from.

Joseph Guffey carried Centre county on the Democratic ticket for Governor by a fair majority.

William C. Sproul was the Republican choice as the gubernatorial candidate by a handsome majority.

John Noll is the Democratic candidate for General Assembly.

William I. Swope, of Clearfield, won in Centre county on the Republican ticket for Congress.

**The Vote in the Borough.**

Only about fifty per cent of the vote was polled at the primaries in Centre Hall borough. As elsewhere in the county the greatest interest centered on the candidates for the General Assembly. Ives L. Harvey carried the borough on the republican ticket by two votes over Scott, while eighteen democrats wrote his name in the blank space on the democratic ballot. The vote in the borough is given below. Only where there was a contest for the nomination are figures given.

**WHICH?**

Coal or kerosene? The government needs the coal. The less coal used this summer the more there will be for winter when it's needed most. Every housewife can help by using an oil cook stove in her kitchen instead of a coal range. Will you?

**NEW PERFECTION  
OIL COOK-STOVES**

not only save coal for war purposes and home heating but they mean less work for the women who have them. They're less trouble to operate than a coal range. Nothing hard to understand. Simply strike a match, light the wick and regulate the heat as easily as you turn a lamp up or down. Isn't that easier than carrying wood or coal and bothering with the ashes every day?

Also, the results are better, for you have the heat at one place, right under the pots and pans—not over the whole stove and over the whole kitchen.

But for perfect results always use Atlantic Rayolight Oil. Ask for it. Don't buy unbranded kerosenes. They look the same but they're not. Atlantic Rayolight Oil is so highly refined that it gives the most heat and all without smoke, sputter or smell. Go to your dealer now and ask to see New Perfection Oil Cook Stoves. And then be sure to use Atlantic Rayolight Oil.
