Two fishermen of some note are Roy and Morris McClintick, of Linden Hall. The former caught the limit of twenty-five speckled beauties in a day's fishing in Laurel Run, while the latter had among his lot a beauty 15 1/2 inches long and four inches broad.

Your attention is called to the Merchant's Association's advertisement in this issue relative to the early-closing ruling. The stores in Centre Hall, Spring Mills, Millheim, Coburn, Madisonburg, Rebersburg, Wolf's Store, Colyer, Pottery Mills and Tusseyville are affected by this ruling.

Mrs. George Robertson, after driving her father's Reo car to Hartford, Connecticut, returned to Centre Hall on Saturday evening, having completed more than a 600-mile run with only some slight tire trouble on the whole distance. She was accompanied back to Centre Hall by her sister, Mrs. Harry Boon.

Centre Hall is "over the top" on two movements—Red Cross and War Savings—but the funds we gave for Red Cross will bring such blessings and the War Saving Stamp such good interest that we will want to keep right on in the good work to help "over" other communities less favorably situated.

The satisfactory service rendered by Miss Ruth Smith, daughter of Mr. and Mrs. L. L. Smith, of this place, as teacher of the grammar grade of the Bobsburg schools, the past term, was rewarded by her being re-elected by the school board in that district, a short time ago. A substantial increase in salary was also voted Miss Smith.

J. Cloyd Brooks was taken by Dr. H. H. Longwell to the Williamsport hospital, on Monday, to have an X-ray examination made of his heart. Mr. Brooks, for several years, has been suffering with a peculiar ailment of the heart and last Thursday morning was overcome by an attack which left him unconscious for the greater part of a day. It is sincerely hoped that the trouble may be determined and a permanent cure effected.

Erdman West left this week for New Brunswick, New Jersey, where he has accepted a good position with the State Experiment Station. Mr. West is a graduate of Penn State and having had considerable experience in his line of work at State College, is abundantly qualified for his new position, which carries with it greater responsibility as well as greater remuneration. Mr. West's family will follow shortly and they will then establish their future home in New Brunswick.

Superintendent D. O. Eiters held a teacher's examination at Centre Hall on Friday, in which twelve young men and women took part. Prof. Eiters, in holding examinations in various parts of the county, found that the number of would-be teachers is reduced this year to a point where it will be a difficult matter to supply all the schools in the county with teachers. Upon arriving at Snow Shoe, one day last week, he discovered that not a single person was on hand to take the examination, where in former years from twelve to fifteen persons were present. Of course, the war, causing more remunerative occupations to be open to young men and women of worth, is the cause for this unprecedented condition, and the schools are destined to suffer because of it. However, Prof. Eiters may be depended upon to keep the schools in the county at as high a standard as is possible.

A giant motor moving van, from Pittston, passed through town on Tuesday and attracted considerable attention because of its size. It was a veritable box car.

A valuable black horse, one of a team worth \$600, the property of Treasurer David Chambers, was killed near Clarence when a seven-passenger car, driven by Andy Rushnock, of Clarence, struck the horse, breaking a front leg, which necessitated its killing.

The Centre Hall school board will be required to elect another principal for the High school. As was mentioned a few weeks ago, Prof. Bartlett, of Aaronsburg, had been elected to the position, but upon reaching Perth Amboy, New Jersey, he found conditions there so much to his liking that he decided to accept the school board's offer for his service for the coming term. The local board has an applicant for the position, with one or two more prospects.

Edgar Swartz, accompanied by his wife, daughter and son, of Punxsutawney, on their way from Swathmore College to their home, stopped in Centre Hall to greet old-time acquaintances. The trip was made in a car, and Swathmore is where Miss Swartz is a student. Mr. Swartz, some thirty years ago, was employed in the Montgomery clothing store, and from Bellefonte went to Punxsutawney where he began a similar business on his own account, attaining the success he deserved. He got his first lessons in life—so far as earning goes—along Sinking Creek, where he was employed early in life on the Royer farm.

The Lock Haven Democrat makes note of the musical qualifications of a young man well known in Centre Hall, who spent considerable time at the home of Mr. and Mrs. John Colardon. The Democrat says: In the splendid band concerts Monday and Tuesday evenings the Nypen Club band was able to have the services of its former solo baritone player, Carl Sylvus. Mr. Sylvus, who is an exceedingly capable musician, enlisted recently in the army band at Fort Slocum, New York. The fame of the Nypen band has evidently extended at least that far, however, for the commanding officer gave Mr. Sylvus a furlough in order that he might participate in the concerts.

WEEKLY WAR NEWS DIGEST.

MAIL FOR PRISONERS
IN GERMAN CAMPS GOES
FREE FROM POSTAL DUTIES

American prisoners of war in Germany are entitled to receive and send letters, money orders, and valuables, and parcelpost packages weighing not more than 11 pounds, when intended for international mail, free from all postal duties.

Mail should be addressed to the prisoner of war, giving his rank, the name of the prison camp where he is held, if it is known, followed by "Prisoner of War Mail, via New York". All such mail should also bear the name and address of the sender.

Parcelpost packages for prisoners of war in enemy countries may not be sent by organizations or societies and only one package a month may be sent. If more are received the one apparently from the prisoner's next of kin will be forwarded and the others held in New York pending communication with the senders, with whose consent such excess packages may be sent to other prisoners of war who had received no packages during that month. Lacking this consent, the packages will be returned to the senders.

Only the following articles may be included in the packages: Belts not made of leather; hair, hand, tooth, shaving, and shoe brushes; hard candy; cigars and cigarettes; combs; crackers and biscuits; gloves not made of leather; handkerchiefs; pocket knives; needles and thread; pencils and pens; penholders; pins; pipes; safety razors and blades; shaving soap, powder, or cream; shirts and scarfs; shoe laces; smoking or chewing tobacco; toilet soap; socks; sweaters; tooth powder; paste or liquid mouth wash; towels; underwear; personal photographs; periodicals published prior to the beginning of the war.

Letters and packages will be subject to careful censorship.

COIN OR CURRENCY
MAY NOT BE SENT BY MAIL
TO FOREIGN COUNTRIES

Because of numerous attempts to send through the mails to foreign countries coin and currency, the Post Office Department is again calling attention to Order 731:

"In conformity with the proclamation and the regulations thereunder, issued by the President on September 7, 1917, concerning the export or shipment of coin, bullion and currency, it is hereby ordered that United States coin or currency, gold coin, whether of United States or foreign mintage, and gold bullion, are prohibited transmission through the regular parcelpost mails to countries outside of the United States and its possessions."

This prohibition does not apply to foreign currency and foreign silver coins, which remain subject to other provisions.

CANADIAN ORDER
LIMITS HOLDINGS OF
WHEAT AND SUGAR

A Canadian order in council provides that no person, with the exception of manufacturers of flour, bakers, confectioners, wholesale or retail dealers, or persons living at a greater distance than 2 miles from a licensed dealer, shall hold or have in his possession or under his control more flour, made wholly or in part from wheat, than is sufficient for his ordinary requirement for a period not exceeding 15 days.

Anyone living at a distance greater than 2 miles and less than 5 miles from a licensed dealer may hold or control flour made wholly or in part from wheat up to an amount sufficient for his ordinary requirement for a period not exceeding 30 days. Anyone living more than 5 and less than 10 miles from a licensed dealer may have sufficient for his ordinary requirements up to 60 days, while a person living more than 10 miles from such a dealer may have sufficient for his ordinary requirements for a period up to 120 days.

Any wholesale or any retail dealer licensed by the Canada food board may not hold flour made wholly or in part from wheat in excess of a quantity sufficient for his ordinary trade requirements for a period exceeding 60 days.

The regulation regarding sugar parallels this save in the last clause. Manufacturers, wholesalers, or retailers may not have more sugar than is required for a period exceeding 45 days.

The Treasury Department has extended to Great Britain an additional credit of \$75,000,000, making the total of American loans to that country \$2,785,000,000, making the total to all cobelligerents \$5,363,850,000.

The British meat shortage is being felt more severely than at any time since the war was started. That the shortage is not confined to meats however, is shown by the fact that effective control of the milk supply is already considered, in order to meet a possible greater shortage later in the year, and that some sections of English labor are favoring extensions of the compulsory rationing system to bread, cheese and tea.

The War Trade Board has limited the importation of crude rubber to 100,000 tons a year, and has instructed its Bureau of Imports for the current quarter to limit the insurance to a total of 25,000 tons up to June 11, 1918. Some changes may be made after experience are gained by this three months' test. Imports of crude rubber during the previous year had been at the rate of 157,000 tons per annum, so the cut is over one-third.

Only members of units of the senior division Reserve Officers' Training Corps, now in attendance at various educational institutions, maintaining such units will be eligible to attend the one month's course of training to be held from June 3 to July 3 at Plattsburg Barracks, N. Y.; Fort Sheridan, Ill. and the Presidio at San Francisco. There are 130 colleges maintaining these units, from which 6,500 students will be selected. Those who complete course of training will not be eligible for commissions. A great number will be under military age.
