

### Get New Kidneys!

The kidneys are the most overworked organs of the human body, and when they fail in their work of filtering out and throwing off the poisons developed in the system, things begin to happen.

One of the first warnings is pain or stiffness in the lower part of the back, highly colored urine; loss of appetite; indigestion; irritation, or even stone in the bladder. These symptoms indicate a condition that may lead to that dreaded and fatal malady, Bright's disease, for which there is said to be no cure.

Do not delay a minute. At the first indication of trouble in the kidney, liver, bladder or urinary organs start taking Gold Medal Haarlem Oil Capsules, and save yourself before it is too late. Instant treatment is necessary in kidney and bladder troubles. A delay is often fatal.

You can almost certainly find immediate relief in Gold Medal Haarlem Oil Capsules. For more than 200 years this famous preparation has been an unfailing remedy for all kidney, bladder and urinary troubles.

It is the pure, original Haarlem Oil your great-grandmother used. About two capsules each day will keep you toned up and feeling fine. Get it at any drug store, and if it does not give you almost immediate relief, your money will be refunded. Be sure you get the GOLD MEDAL brand. None other genuine. In boxes, three sizes.—Adv.

### Heals Running Sores and Conquers Piles.

Also Stops Itching of Eczema as Soon as Applied.

"I feel it my duty to write a letter of thanks for your wonderful Peterson's Ointment. I had a running sore on my left leg for one year. I began to use Peterson's Ointment three weeks ago and now it is healed."—A. C. Gibrath, 703 Reed St., Erie, Pa.

I'd rather get a letter like that, says Peterson, than have John D. Rockefeller give me a thousand dollars. It does me a lot of good to be able to be of use to my fellow men.

For years I have been selling through druggists a large box of PETERSON'S OINTMENT for a trifle. The healing power of this ointment is marvelous. Eczema goes in a few days. Old sores heal up like magic. Piles that other remedies do not seem to even relieve are speedily conquered. Pimples and nasty blackheads disappear in a few days.

Most Desirable. "Didn't you feel terrible when Vera married the airplane man?" "No; he's a man she can look up to."

An Improvement. A familiar card seen on one thing or another that is temporarily out of commission bears the blunt announcement, "Out of Order."

A card that seemed an improvement on this, something slicker, smoother, nicer, read: "Out of Service."

A Literal Translation. My brother while home from Camp Grant told this incident that happened recently in the camp. Two of the boys in his company were placed in the guardhouse one morning and were surprised to see each other.

One said, "Well, Mac, what you in here for?" "Why, I'm in here on account of my furlough."

"You don't mean furlough; you mean furlough."

"No, I don't; I went too 'far' and I stayed too long."—Exchange.

## SLEEVES WE WEAR

STRAW TURBAN, MESH VEIL Mandarin Style Is Preferred by American Women.

This black chip straw turban trimmed with an upstanding gray wing is charmingly set off by a square mesh veil carrying a running design in velvet.

### GRAY IS GOOD THIS SEASON

Previous Objections Have Been Removed and the Color Is a Prime Favorite.

The world has gone on for a century or two feeling that gray is the tone of sadness and that its Quakerish ugliness must be avoided. It has been a difficult color for decades. Women have adopted it only when the silver sheen on its surface made it possible.

This season, however, all doubts are dispersed by the superior tones which the dyes have imparted to the various fabrics grouped under the elastic names of gray.

There is moonlight gray, which may spell peace, but it is in close proximity to artillery gray, which stands for death. There is the gray of granite and the gray of London smoke. There is the gray of a New England sea mist and there is the tone that one gets from the glitter of cut steel.

These grays are not used alone this season. They are combined with horizon and Chinese blue, with jade and Egyptian green, with incense red, mandarin yellow and amethyst purple.

### WEARING OF SUMMER FURS

Style Is in Favor With Many of the Smartest Women Until First of June.

The wearing of furs during the warmer months has become an accepted fashion. Until the first of June one sees furs worn by the smartest women all up and down Fifth avenue, says a New York fashion writer. Of course, "summer furs" are more or less a fad and are adopted by the less conservative, but the woman of discretion need not choose furs of this type.

Fisher, pointed fox in black or taupe, mink, Hudson bay sable and American ermine in white, are well adapted to this time of year. The prices are usually good, because the great rush of fur buying is over at this time, and the furriers have skins which they can afford to sell at reduced figures. These models offer a good opportunity to buy a small piece which is sure to be in fashion next season. A smart scarf of fisher or Hudson sable looks very well with a simple tailored costume.

### Youthful Etons.

As to the suits, any woman with a trace of youthfulness will be wise to adopt one of the short ones which have the Eton line, but older women and those who incline to that bugbear of age, a little excess of weight, will do well to avoid them.

For just the right type of girl or woman they are extremely jaunty, and for the woman who is not of the right type come models with longer and less trying lines. The longer models have not been shown to any great extent as yet, for novelties in line and treatment are always the first of the season's showing and models which are more adaptable are usually shown later.

### New Bandeaux.

Bandeaux are now produced to cover every possible requirement for the miss or for the woman. New samples show many silk styles in flesh-color or pink, including crepe de chine, wash satins, silk jerseys, tub silk or broche. The dainty laces in all-over patterns or in lace-trimmed embroideries are also seen, but whatever the material the texture must be sufficiently firm to perform the real function of the bandeaux—confine the flesh at bust and shoulders.

### Small Rugs on Big.

On the large rugs in your rooms place small ones of contrasting colors, and see how pretty they look. For instance: On a plain black rug lay an antique with a design in dull blues, gold and cream; or on a gray one put a rug in mulberry and black. On a large blue rug, beside the chaise longue, place a little fellow in lovely old gold, browns and yellow.

Ends Between Wrist and Elbow—Many Exaggerations and Attractive Color Combinations.

The short sleeves are not taken up in America as much as in France, but the wide mandarin sleeve which ends between wrist and elbow is shown in many exaggerations and attractive color combinations. The clever woman sees it that there is a tight cuff attached to this mandarin sleeve, to keep it down and hanging in a good line. The tight cuff, which extends over the hand, also obviates the necessity of long gloves.

A French dressmaker designed a new trick to keep the loose short sleeve in place, and one may say that it is cordially received with "bare" arms. This sleeve, ripping away from the shoulder and not reaching the elbow, has an armband of contrasting silk or satin attached to it by two rows of French knots in colored silk. The armband is attached on the under side of the sleeve, and either clasps the arm as tightly as a bracelet above the elbow, or better still, drops loosely over the elbow. Whenever the arm is lifted this band keeps the short loose sleeve in its proper place. Since short sleeves became the fashion for afternoon gowns, women have struggled with their exasperating method of slipping up and over the shoulder whenever the arm is lifted on a level with the shoulder. This trick can be taken into the heart of the sewing room and used for various kinds of sleeves that have a trick of not remaining downward.

Donc has a new sleeve which is very interesting. It is suggested by the opening up of those Mesopotamian region by the British army. It is only for gowns worn in the evening, formal or informal.

The sleeve is short, like a six-inch cap that fits the arm, and is finished with a band of some glittering ornamentation. At the back of this band start two strips of this same ornamentation, which extend in a loose curve to the wrist, where they are caught by a tight bracelet of the same material. For instance, on short sleeves of black tulle, in a black and jet gown, there are two loosely flowing bands of jet from the back of the short sleeve, and these are caught into a jet bracelet.

A woman who is in search of novelty will find this a clever trick to introduce in a gown she is rearranging to meet the modern demands.

### FROCK OF SILK GINGHAM

A chic frock for a summer morning is this one of blue and white checked silk gingham with bodice and sleeves of white georgette.

### Suits of Silk Poplin.

The revival of silk poplin is a bit of news that appeals to the majority of women. This fabric makes admirable coat suits, and with the modern activity of nearly every woman in this country there will not be such a wide demand as usual for frocks that need constant cleaning and laundering.

The late spring and summer will probably usher in a vast array of women dressed in silk poplin, shantung, the thinnest gaberdine, satin and dark foulard.

The tailored suit which is adopted by such numbers of women doing active relief work has already set its impress upon the fashions, and it is quite probable, despite the talk of the dressmakers, that coat suits of silk poplin in black, beige, brown and blue will rise to unusual heights of popularity.

## PENNSYLVANIA STATE ITEMS

Mrs. Marlon Williams, for twelve years the second wife of a Mormon, is among the speakers. ### MARCH TO VICTORY

Courage is a matter of the blood. Without good red blood a man has a weak heart and poor nerves.

In the spring is the best time to take stock of one's condition. If the blood is thin and watery, face pale or pimply, generally weak, tired and listless, one should take a spring tonic. One that will do the spring house-cleaning, an old-fashioned herbal remedy that was used by everybody nearly 50 years ago is still safe and sane because it contains no alcohol or narcotic. It is made up of Blood root, Golden Seal root, Oregon Grape root, Queen's root, Stone root, Black Cherry bark—extracted with glycerine and made into liquid or tablets. This blood tonic was first put out by Dr. Pierce in ready-to-use form and since then has been sold by million bottles as Dr. Pierce's Golden Medical Discovery. Dr. druggists do not keep this in tablet form, send 60 cents for a vial to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

Kidney disease carries away a large percentage of our people. What is to be done? The answer is easy. Eat less meat, eat coarse, plain food, with plenty of vegetables, drink plenty of water between meals, and take an uric acid solvent after meals for a while, such as Anuric (double strength), obtainable at almost any drug store. It was first discovered by Dr. Pierce. Most every one troubled with uric acid finds that Anuric dissolves the uric acid as best water does sugar. You can obtain a trial package by sending ten cents to Doctor Pierce's Invalids' Hotel and Surgical Institute in Buffalo, N. Y.

## Don't Be Afraid of Your Meals

### Take "Eatonic" and Laugh At Stomach Troubles

H. L. Kramer, the man who originated Cascarets, has discovered a sure, safe, quick-acting relief for bad stomachs. He named it EATONIC for your stomach's sake.

You can eat anything you like now and digest it in comfort, for stomach ease is positively assured if you eat an EATONIC tablet regularly after each meal.

EATONIC acts directly with the food the moment it enters the stomach. It immediately checks any tendency toward too much acid and enables the food to pass from the stomach into the bowel in a sweetened condition, and thus prevents the formation of sour distressing gases that upset digestion and cause a bloated, dull, lumpy feeling that makes your FOOD REPEAT.

EATONIC enables you to eat your fill and laugh at indigestion, dyspepsia, heartburn, "sour stomach" and all the other bugaboos of "the-man-afraid-of-his-stomach."

Kramer says: "EATONIC should be in every home ready for use after every meal. An EATONIC tablet with aid you naturally to easily digest and assimilate—your food can be thoroughly enjoyed without the slightest danger of misery from acid stomach. I strongly advise every one to take EATONIC after meals. To correct bad stomachs and keep them in perfect condition, it is a most wonderful discovery."

If EATONIC fails to give you prompt stomach relief, your money will be refunded; 50c buys a large box lumpy feeling that makes your FOOD REPEAT.
