

THE CENTRE REPORTER.

THURSDAY, JUNE 6, 1918.

Thirty-five Years Ago.

August 9, 1883.—The organ heretofore used by the Lutheran Sunday-school of this place was donated to the school by the owner, J. W. Wolf. The indebtedness of the school, consequent upon the late improvement, was also wiped out at the same time.

Emanuel Smith, of this town, while on a visit to his son-in-law, Howard Rossmar, at Aaronsburg, on Saturday, seems to have taken a severe paralytic stroke, prostrating him and rendering him speechless.

Landlord Meyer has supplied a long-felt want in putting down a solid stone crossing from the hotel in the direction of the bank.

Married.—At the residence of Daniel Honnor, by Rev. George Curwin, July 31, G. W. Horner and Miss Mary C. Colyer, of Potter township.

Flower Contributors.

The following boys and girls contributed flowers on Memorial Day for decorating the graves of the veterans:

- Kathleen Ryan, Agnes Geary, Byers Ripka, Lottie Keller, Mary Weaver, Ruth Runkle, Stella Ruble, Paul Smith, Elizabeth Bartholomew, Gertrude Ruble, Richard Smith Bailey, Muth Bailey, Louise Smith, Genevieve Ruble, Grace Brubaker, Miriam Moore, Joseph Ruble, Frank Gross, Catharine M. Runkle, Helen Runkle, Edna Luse, Grace Garis, Lila Garis, Budd Coldron, Jack Coldron, Marion McClenahan, Margaret McClenahan, Grace McClenahan, Esther McClenahan, Elizabeth Gross, Miriam Emerick, Algie Emery, Adaline Dinges, Esther Martz, Kathryn Martz, Anna Garis, Ethel Frank, Grace Miller, Mary Weber, Katherine Glaxner, Ollie Glaxner, Margaret Luse, Dorothy Odenkirk, Helen Odenkirk, Florence Krape, Ruth Brown, Helen Brown.

Millinburg Editor Dead.

George W. Schoeb, editor and proprietor of the Millinburg Telegraph, died at his home Saturday evening, 25th ult. He was ill for about six months. He is survived by his widow and a son and daughter, Warley Schoeb, and Mrs. Frank Ernest, of Millinburg.

Mr. Schoeb was a veteran of the Civil war. He was a hero of Gettysburg, being in the three days' fight. The funeral took place from the late residence at 2:15 o'clock, Wednesday afternoon. Interment was made at Lewistown.

Chain Letters Are Not Approved By Government.

Various county chairmen of war savings stamps have been informed by the state chairman that the government does not approve of the chain letter system, inaugurated to help boost the sale of thrift and war savings stamps.

The government is doing all in its power to discourage this plan and requests that persons who receive letters refrain from sending them on to their friends.

Centre County Picnic.

At a meeting of the officers and directors of the Centre County Association of Philadelphia, on May 27th, it was decided to hold the annual basket picnic at Fairmont Park, Belmont Mansion, June 22nd 1918. Soldier and Sailor boys from Centre county now residing in and about Philadelphia will be most welcome.

RAISES AGE LIMIT FOR ENLISTMENT.

Men Between 40 and 55 Years To Be Assigned To Non-Combatant Service.

Another move toward full utilization of the country's man-power was made last week when Secretary Baker sent to congress the draft of a bill proposing to raise the maximum age limit for voluntary enlistment in the army from forty to fifty-five years. All men more than forty years old so enlisted would be assigned to non-combatant service.

In a letter to Speaker Clark, asking that the bill be pushed, Secretary Baker said:

"Every man above the age of forty years, who is enlisted in non-combatant branches of the service, will make available for duty with the line troops a man within the prescribed age limit for all troops.

"Many men, whose long experience as mechanics and artisans will make them particularly valuable to the various staff corps and departments may be thus secured instead of younger men without such experience, and the efficiency of the staff corps and departments thus will be increased."

There probably are 7,500,000 men between the ages of forty and fifty-five and many thousands of them already attested their desire to serve by bombarding the department with applications. While the great majority of the men in the class undoubtedly will be restrained from enlisting by family and business ties, the number at liberty to join the colors is expected to be more than sufficient to meet the purpose in view.

Liberty Musical Concert, Saturday evening, in Grange Arcade. Benefit Red Cross.

BELL TELEPHONE CO. REQUESTS

That Patrons Do Not Ask Operator "Time of Day, Please?"—Time So Consumed Needed for War's Demands on Telephone Service.

Requesting that subscribers and patrons do not ask the operator for the correct time of day the Bell Company, through the Local Manager, explained today that this request was necessary because of present day conditions.

It was stated that when a subscriber lifts his telephone receiver and asks: "What is the time, please?" the same service on the part of the subscriber, the same length of time and an equal use of telephone equipment, generally are necessary as are required to complete an ordinary telephone call.

It was further explained that in every telephone central office is a switch board with a certain number of operators' positions and that at each position is an operator with a certain number of subscribers' lines terminating before her. It is said that these telephone facilities are now taxed to their utmost, and as a considerable percentage of the calls are for the time of day, subscribers will see the reasonableness of this request and appreciate that the elimination of such calls would permit of a so-called reassignment or redistribution of both operators' service and telephone equipment and result in the Telephone Company

being able to care for the present abnormal demands and the even greater demands that are expected in the future.

In a notice to the employees, the Company stated that by reason of the tremendous war activities, it has before it one of the biggest tasks in telephone history—a task which it, as a servant of the individual, the community and the entire nation must successfully shoulder.

In a further statement in this notice to employees the Telephone Company urged in this understanding of the problem and a knowledge for the reasons for the conservation of telephone service. It reads in part: The unprecedented activity in business today has brought about tremendous increase volume of telephone calling and demands for telephone service. Our switchboard, our operators, are working to capacity. Every resource of the Company is being drawn upon; all of our employees are alive to the responsibility which rests upon the Telephone Company at this time.

"Copper, lead and other materials essential to telephone plant are required in great quantities in our preparations, and the large manufacturers who have supplied us with our equipment are producing large Government orders.

"As the number of calls made by the subscribers for the 'time of day' represents a considerable part of the total number of calls which are handled, their elimination will permit us to

handle more calls of a necessary nature and may result in our being able to so distribute our operators and equipment that some who now do not have telephone service may have it.

This is not a question of expense nor a question of organization; it is a question of eliminating waste or unnecessary calls—calls which are not related strictly to telephone service—to the end that we may, with the equipment which we have, care for the great telephone demands of the present and the even greater demands of which we feel will be made upon our service in the months to come."

County Grange at Zion.

A regular session of the Centre County Pomona Grange will be held in the hall of Zion Grange, Thursday, June 13th. There will be the regular two sessions. Installation of officers at the morning session. Bring your lunch with you.

C. R. NEFF, Master.

Hold Your Liberty Bonds!

The American who buys a Liberty Bond and forthwith sells it has performed only half a service for his country. To buy bonds and then sell them immediately tends to make the war burden of the country heavier instead of lighter, as it decreases the market value of the bonds.

Liberty Bonds are the safest and soundest and one of the best investments in the world. To sell them unless imperatively required is not good business, is not good Americanism.

The FUEL Administration authorizes us to say that it considers the use of OIL Cook Stoves at this time a very important help in the necessary conservation of Coal for war purposes

This is another way for patriotic women to help the government—use an oil cook stove and save coal. The best part of it is that you save work for yourself, too. But when you do buy an oil cook stove be sure it's a New Perfection.

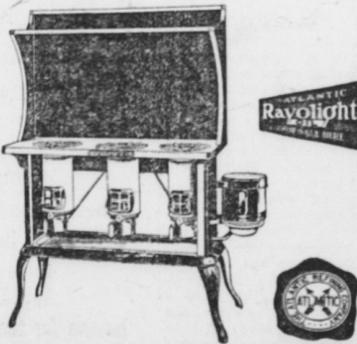

NEW PERFECTION OIL COOK-STOVES

mean less work—less worry—less expense. A New Perfection will do anything your range will do—bake, fry or boil—and all without the bother and fuss of tinkering with drafts or carrying coal and ashes. You always have just the right heat at the right time—no waste of fuel—no over-heated kitchen.

For most satisfactory results, though, always use Atlantic Rayolight Oil. It's different from other kerosenes—so scientifically purified that it burns in the New Perfection without smell, smoke or charring the wicks. Yet it costs no more than ordinary kinds. Always ask for Atlantic Rayolight Oil and insist on getting it. Go to your dealer now and select your New Perfection Oil Cook Stove.

To Train America's Future Men and Women

There is no more important work—at any time—than the training of the youth of a nation. We must win the war, but while we are winning it, we must preserve Democracy and prepare for a better Democracy for the future. Teaching is now more than ever a patriotic calling, and a national necessity. Trained workers are the only kind that are wanted. A course of study and training—including actual teaching experience—at the

STATE NORMAL SCHOOL of Indiana, Pa.

Will fit you for this national service. The demand for trained teachers greatly exceeds the supply. The work is inspiring, noble and patriotic. Indiana is a school of ambitious workers under the guidance of a faculty of fifty experienced teachers. Beautiful and healthful location. Christian influences. Athletics. Modern buildings splendidly equipped. \$240 covers all expenses (excepting rental of books) for school year of forty weeks for one preparing to teach, and includes board, room, laundry and term fees. In connection with the Normal School are—The Indiana Conservatory of Music, The Indiana School of Business, and a Domestic Science School. The Indiana Catalog—one of the most beautiful and interesting of books about schools ever published—free on request.

UNITED DOCTORS SPECIALIST

Brings the knowledge of a Great Medical Organization and Their Experience in the Successful Treatment of

Thousands of Chronic Disease Cases

OPPER SERVICES FREE OF CHARGE

Licensed by the State of Pennsylvania

The United Doctors is an organization of reputable licensed physicians for the treatment of certain diseases.

They are all specialists. The United Doctors treat, with Surgical Operations or hypodermic injections, diseases of the blood, skin and all internal organs, rheumatism, sciatica, tape worm, leg ulcers, weak lungs and all long standing, deep seated diseases.

Thirty-five years' experience and the complete records of thousands of cases successfully treated prove that the methods of the United Doctors are right. They were among the first to be called "Bloodless Surgeons".

Each member of the United Doctors staff has at his command the knowledge and resources of the whole organization. Many people go on suffering from diseases that can be alleviated just because they cannot afford to go to high priced specialists at a distance from home.

No community has a sufficient number of sufferers from the disease mentioned to support special hospitals for their treatment and cure.

The United Doctors have solved the problem. Their highly trained specialists travel from place to place. They diagnose and prescribe a course of treatment for the sufferers in each community and teach them how to take care of themselves at home.

Worn-out and run-down men or women, no matter what your ailment may be, no matter what you have been told, or the experience you have had with other physicians. If your case is incurable they will tell you so. Consult him upon this visit. It costs nothing.

Married ladies must come with their husbands and minors with their parents.

Laboratories, Milwaukee, Wisconsin

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; since cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists. Take Hall's Family Pills for constipation.

CYRUS BRUNGART

JUSTICE OF THE PEACE CENTRE HALL, PA.

The Only Way.

THE ONE AND ONLY WAY to secure positive increase from every acre planted this year is to increase the fertility of the soil. The least expensive, least troublesome, the surest way to do this is to apply stable manure in a light, even top dressing with a Low Corn King manure spreader. The manure is already accumulated. The soil needs it and will respond to proper spreading. Five to eight tons to the acre does the business. No more help and no more power is needed. Just buy and use a light draft

Low Corn King Manure Spreader

Wheels just the right distance apart, and spread wide enough to top dress three rows of corn at once. Three sizes—small, medium and large. All narrow boxes. All steel frames with working parts of the spreader securely attached to the frame. Turns short. Drive from both rear wheels. Return apron driven by worm gear which insures even spreading up hill and down. Pull comes straight on steel frame. Solid 2-inch rear axle working in roller bearings carries seventy-five per cent of the load. Built up to International Harvester standards of quality in every respect.

Buy a Corn King spreader and use it. The increased yield from a few acres will pay for your spreader this year. Come in and place your order now.
