The Peace Our Soldiers Want—The Peace Our War Mothers Want.

The Stars and Stripes, the official newspaper published by the soldiers of the American Expeditionary Forces in France, says editorially about the enemy peace offensive:

"Let the weak hearted who are dreaming of a compromise; let the pacifists who are talking a peace by agreement; let the sideliners who have had enough of war; let the secretly inclined pro-Germans who think this war should end without a decision—let them one and all know once and for all that the American Expeditionary Force there is no such word as 'Peace' with the Hun unbeaten. The man who talks of peace today, except through victory, is a traitor."

The enemy peace offensive is likened to the action of German machine-gun crews in the Vesle fighting, when they fought and killed Americans until they were surrounded, then shouted "Kamerad".

The mothers of the American soldiers in France want the same peace their sons demand. All the courage of the ancient Spartan mother is in the hearts of the women of America.

The object of the Fourth Liberty Loan is to bring that peace—a just peace, a righteous peace, an American peace.

When the boys come home, don't you think they will want to know who did and who did not buy Liberty Bonds and W. S. S. to help them win the fight? Don't make the mistake of thinking they'll have no interest in knowing.

You ought to quit subscribing for Liberty Bonds, W. S. S. stamps, giving to the Red Cross and other war activities, just as soon as our boys quit laying down their lives that those of us at home might be saved from the fate of France and Belgium.

Those who are kicking about the "gasless" Sunday ought to be confounded by the fact that enough "gas" has been saved to load ten ships for France.

OLD LADY KILLED ON RAILROAD.

Miss Julia Gregg Struck By Passenger Train Tuesday Morning and Killed.

Miss Julia Gregg, eighty-three years of age and a lifelong resident of Milesburg, was killed near the Milesburg station, on the Bald Eagle Valley railroad, Tuesday morning at 9:30 o'clock. Miss Gregg, together with a sister, Miss Susan P. Gregg, resided near the brick yards of the Bellefonte Brick Company which are also located near the railroad station. Owing to her advanced age Miss Gregg was very feeble and when she was seen to walk along the right-of-way of the railroad that morning she was very tottery. The morning passenger train was approaching the station and as it passed the old lady she appeared to fall toward the engine which struck her a blow, throwing her to the side of the track. She was picked up unconscious and in a few minutes had passed away.

THE DEATH RECORD.

Brown.—Lloyd E. Brown, a respected citizen of Harris township, passed away at the Bellefonte hospital on Tuesday evening at 6:20 o'clock. Mr. Brown had been a sufferer for the past eleven weeks with an abscess in the head and on Monday his condition became so critical that he was taken to the Bellefonte hospital where an operation was to have been performed. He lapsed into unconsciousness and continued in that state until death relieved him.

Deceased was a son of the late Samuel and Rebecca Brown and was born in Harris township, living there his entire life. September 20th, last, he was fifty-nine years of age. For many years he lived on the Brown farm, east of Linden Hall, and was the owner of the place. His wife, who was Miss Elizabeth Bradford, survives with these children: Mrs. Lloyd Smith, of Centre Hill; Mrs. Daniel Colyer, of Linden Hall; Mrs. George Potter, of Phoenixville, and Miss Bertha Brown of Centre Hall. The body was brought to the home of Mrs. Etters at Lemont from which the funeral will be held this (Thursday) morning, and burial made in the Evangelical cemetery at Linden Hall. Letter from Lieut. Keller.

(Continued from first page)

are going dry and the crops are drying up at a terrible rate. Most of the villages are made up of 40 or fifty people, all of which are old men, women and children. All able-bodied men are at the front and it is pitiful to see women seventy years old working in the harvest fields. I am staying with an old lady seventy years old, named Madame Victoria Gliglech; she is a card. Every day she goes out in the fields with a sack on her back, and comes back with it filled with straw and dead wood she finds along the way. She is only four feet in height and always wants to be doing some thing for me. I surely would love to have a picture of her to send to you. They all wear wooden shoes and they are made for service too. At present I am eating with the men and except for the first few days we have been eating in a big barn yard. That may sound strange but it's the gospel truth. I will mail this in the morning and I hope it will not take a month to reach you. I think we will continue to get our mail regularly now since our Division is getting concentrated, and I hope to hear from you every few days. Our time is so limited that last Sunday was the first time I could find time to write since being here. We start to Aiel early in the morning and it is always late when we get back to our billets in the evening and then it is only occasionally that we can manage to get a candle to light us to bed. Since landing in France I have seen two automobiles outside of the army trucks, so you can imagine how scarce gasoline is over here. Please write often for though I cannot write I often think of you and many times do I wish I could see you. While we are at present in a reserve position, yet before very long we will be moving up to the front to take part in the great fall offensive.

Kind regards to all the friends; will close with love.

You, soldier boy,

NED.

UNION COUNTY'S BIG FAIR IN OCTOBER.

Days Set for Exhibition are October 15, 16, 17, & 18.

Due to the fact that the Union County Agricultural Society will hold its annual exhibit this year in October, at the close of the circuit of fairs in this section, there will be an unusually large number of fairs, shows and exhibitors on the ground. Already large numbers have asked for privileges on the grounds and these requests are being attended to as rapidly as possible.

From the present rate at which requests for space on the grounds are arriving the Midway will be a veritable hive of business on the four days of October 15, 16, 17 and 18. In the various buildings the exhibition will exceed those of former years in many respects.

The races this year promise to be one of the biggest features of the big fair and in addition to the regular racing program arranged by the association there will be a county race. Five entries have already been made.

Special emphasis will be made this year on agricultural exhibits and due to the fact that gardeners have been unusually active in war gardens this year, some fine exhibitions may be looked for in this one line alone. The increase in the number of exhibits of the farm and garden during the past several years has put an impetus into the work and now comes the war and war gardens in which every one tried to do his best to whip the Hun and some good things will be in store in the exhibit sheds during the week.

There will be exhibits both state and national along the lines of conservation and the State Health Department will again present a fine exhibit. The Red Cross will have a booth and the work of this noble organization to be advanced.

Band concerts will be given daily. The Citizens Band of Lewisburg is to play on Wednesday. Concerts will be given Thursday and Friday by the Loyseville Orphan Home band.

The free attractions each day in front of the grand stand will be well worth witnessing. The committee in charge has secured through Frank Millville of New York City Mellon's Roller Skating Bears—and several other features will be added. The committee has planned for exhibitions which will please the large number of people who will be present.

Special railroad rates will prevail on the railroads and on Thursday the regular excursion will arrive at the fair grounds from Centre county, carrying a large number of people from this section.

There will be no change in the price of catalogue or other information address the secretary, C. Dale Wolfe, Lewisburg.

State College Re-Opens; War Tinge Everywhere.

The Pennsylvania State College has begun what may prove to be the most momentous year in its history. With more than 2000 students in attendance it is serving in its new role of a provider for Uncle Sam's army and navy. The usual academic routine has given way to the needs of war, and a majority of the students have enrolled in the Students' Army Training Corps. The courses of the past years will be pursued to some extent, but those who continue them will be girls or men who for some reason are exempt from service.

Recently approximately 1500 students were inducted in the Federal military service as members of the S. A. T. C., under the command of Major James Baylies, U. S. A. Their studies will be limited to such subjects as are of service to an officer, for out of college this year will be sent men who seem best fitted to lead in battle.

In the schools of engineering and natural science, there is a certain grimness about the curriculum of the corps that shows the great divide separating the college of this year from that of last. But the mining, liberal arts and agricultural schools will carry on their work in the usual way, with the addition of some wartime courses.
