**SCHOOLS OPEN MONDAY.**

The public schools in Centre Hall borough will re-open on Monday morning. The local Board of Health, at its meeting Tuesday evening, lifted the ban as it applied locally, on all gatherings, the same to take effect Friday noon, when the placards which have been placed on the doors of all business places, will be removed. Sunday-school and church service will again be resumed the coming Sunday.

Acting Commissioner of Health of Pennsylvania, Dr. Royer, will lift the ban in Centre county on amusement places, public gatherings, etc., Friday noon, with exception of Snow Shoe, Sandy Ridge and Osceola Mills, where the epidemic still appears to be raging.

**What Centre Hall Boys "Over There" Say About the Y. M. C. A.**

A start has already been made in the drive to raise \$41,000.00 in Centre county for seven of the great organizations doing beneficent work among our soldiers at home and abroad.

The very best reason for your giving your very best support to these organizations is found in the following words from the local boys who are serving their country in France:

"The Red Cross and the Y. M. C. A. are certainly doing a splendid work. I hardly know how we could get along without them and yet there are a few in every community who refuse to give. All I wish for them is that they could really see these organizations at work". —D. Ross Bushman.

"We were treated royally by the Y. M. C. A. on our way to camp". —Lee Frazier.

"The Y. M. C. A. gives us the best of lectures, entertainments, Bible classes, etc.". —Roy Puff.

"If you want to do something for us boys, boost the Y. M. C. A. for they certainly do a lot for us". —Bruce Stump.

**For Armenian and Syrian Relief.**

December 1st has been designated Continent-Wide Sunday School Visitation Day, when every Sunday School in North America will be visited by a representative of the Organized Sunday School Movement, in behalf of the suffering thousands in Bible lands.

The Armenian and Syrian Relief Committee have already done a wonderful work in ministering to these suffering people and have been enabled to save thousands of lives. The Committee is directed by leading men of the Continent and its work has been highly endorsed by President Wilson, and Sir Robert Borden, the Premier of Canada, and by Mr. Roosevelt and Mr. Taft. One feature of the Committee is unique. It is enabled to devote all money collected for relief work to the immediate cause for which it is given. Expenses for collection, printing, postage and administration and the transmitting of funds, are met privately. Distribution of all supplies is cared for by the Armenian Consular forces and American missionaries, whose services are loaned for this ministry.

**Received Car Load of Tractors.**

The wide awake agent for the International Harvester Company, D. W. Bradford, of Centre Hall, this week received a car load of 8-16 h. p. tractors. The tractor is just coming into its own, and the International is proving to be the ideal motive power on the farm. Its varied use and superior qualities will be gladly shown by Mr. Bradford to any who may have an interest in popular tractor.

**30 Men to Camp Meade.**

The local board will send thirty selectives to Camp Meade, Md., on Friday of next week. Sixteen others will go to Camp Crane, at Allentown, Pa., some day next week. The men will be selected from the list which was made up for Camp Greenleaf a few weeks ago.

**Error in December Court Date.**

December court, at Bellefonte, will begin the second Monday in December (the 9th) instead of the first Monday, and was erroneously given for publication.

**Don't Drop War Risk Insurance.**

Because certificates have not immediately reached their relatives named as beneficiaries many soldiers and sailors are foolishly dropping their war risk insurance.

They assume that they are paying for protection which is not being given. In this they are mistaken. War risk insurance is effective at once, provided proper application has been made and premiums are being paid. They officially record insurance contract. The certificate is not a part of this contract. It is merely in the nature of a receipt.

Owing to the immense number of certificates required, it has not been possible to issue them in one batch. But they will reach the beneficiaries in due time, says the Pennsylvania Council of National Defense, and meanwhile the insurance is in full force, provided the regular payments are being made by the service men.

More than 2,500,000 certificates have already been issued and the daily output is constantly increasing. The insurance, which can be taken up to \$10,000, not only protects service men and their dependents now, but for many years to come. Be wise. Don't drop Uncle Sam's insurance.

**290,733 MORE MEN CALLED.**

To Be Sent to Camps by November 22—Puts Total of U. S. Army over 4,000,000—Pennsylvania's Quota 13,502.

A call has just been issued by Provost Marshal General Crowder for 290,733 more men, of which Pennsylvania will furnish a total of 13,502, to be distributed as follows: Camp Greenleaf, Georgia, 6725; Camp Meade, Maryland, 4277; Camp Crane, Pa., 2500.

With the assembling of the men provided in these calls at camp, the total number of men inducted into military service under the draft will have passed the 3,000,000 mark, and the number of men in the United States army, in the field or in training will total more than 4,000,000.

**THE DEATH RECORD.**

POTTER.—Influenza, developing into pneumonia, caused the death of Boyd Earl Potter at his home in Centre Hall, Monday afternoon at two o'clock. His age was twenty-two years, three months and twenty-five days. He was a son of Mr. and Mrs. George Potter, of Centre Hall, and his death is mourned by a host of friends among whom he was considered a young man of upright character. He leaves a wife, nee Miss Carrie Rudy, and three small children: Hazel, Harold and Edith. Also surviving him are his parents and these brothers and sisters: George, of Phoenixville; John, at Camp Lee, Va.; Mrs. John Rudy, Mrs. Harry Houser, of near Centre Hall; Mrs. Sallie Kellerman, of Bellefonte; Mrs. William Ingram, of Tyrone; Mrs. John Galbraith, of Youngstown, Ohio, and Mrs. Gilbert Rice, of Stormstown.

Funeral services will be held this (Thursday) morning and burial will be made at Centre Hall, Rev. D. S. Kurtz, of the Lutheran church, officiating.

**Over the Top Week, Nov. 25th to Dec. 1st.**

Attention is again called to early Christmas shopping. Give your friends a war savings stamp for a Christmas gift, and thus help the boys "over there" who are making the real sacrifice.

The report of the war Savings Committee, in Centre County, for the weeks ending Oct. 19th and 26th, respectively, shows that Centre County had a per capita for those two weeks of 55 cents, or a total per capita to October 26th of \$16.59, which means that we will have to raise, between this and the end of the year, an additional per capita of \$3.41 and for that reason an "over the top week" is planned, at which time every citizen in Centre County should be able to say that he or she assisted, in a material way, in putting Centre County "over the top" in the War Savings Campaign.

We retain fourth place in the list of Counties in the Eastern District of Pennsylvania.

Very truly yours,  
W. HARRISON WALKER,  
Chairman War Savings Committee  
for Centre County.

Bellefonte, Pa.  
Nov. 4, 1918.

Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. ## No Mystery in Meat

Some things are so simple that they have to be explained again and again. When things are obvious, people keep looking for mysteries behind them.

So it is with the packing business. The mere size of Swift & Company confuses many. Because their imaginations are not geared up to scale, they believe there must be magic in it somewhere—some weird power.

Swift & Company is just like any other manufacturing business run by human beings like yourself; it takes in raw material on the one hand and turns out a finished product on the other.

Swift & Company keeps down the "spread," or the expense absorbed between raw and finished material, to as low a figure as possible. (If it didn't it would be put out of business by others who do.)

How much Swift & Company pays for the raw material, and how much it gets for the finished product, depends upon conditions which Swift & Company does not control.

It depends entirely upon how much people want the finished product, and how much raw material there is available to make it from.

The profits of Swift & Company amount to less than one cent per pound on all meats and by-products—less than one-fourth of a cent on beef.
