**THE DEATH RECORD.**

**BLOOM**—Mary, wife of Charles Bloom, died Sunday morning at her home near Pine Hill. She contracted influenza, developing into pneumonia. She was a bride of only three months and a daughter of Mr. and Mrs. Calvin Coble, having been born near Oak Hall in 1901. Besides her parents, her husband, two sisters and three brothers survive her.

**CAMPBELL**—Nettie, widow of the late Rev. Robert Pennington Campbell, died at her home in Bellefonte, Sunday morning, aged seventy-two years. Interment was made in Meek's cemetery, by the side of her husband, on Wednesday.

**ECKENROTH**—A victim of influenza, Lloyd Eckenroth died at his home at Pleasant Gap on Friday, the 22nd ult. He was past forty-two years of age and a carpenter by trade. He was twice married, his first wife being Miss Myrtle Hile, and his second wife was Miss Carper, to whom he has two children. He also leaves four brothers and two sisters. Burial was made at Pleasant Gap.

**Deaths of Centre Countians.**

Henry J. Scanlon, at Axemans, aged sixty-three years. He was a son of Patrick Scanlon. He was never married.

Noah Breen, in Bellefonte, aged almost seventy-one years. He was born in Georges Valley.

Mrs. Howard Wells, in Bellefonte, formerly of Pleasant Gap, aged thirty-nine years. Her husband and two children, Robert and Gladys, survive.

**Sell Potatoes by Weight.**  
Potatoes must now be sold by weight. State Food Administrator Heinz has notified all of the county administrators to this effect and hereafter dealers can not sell potatoes by the peck or bushel. One reason has been that dealers have used false measures. The hundred-weight basis is now the standard for Pennsylvania and not the bushel.

**Will Open Woman's Nursing Course.**  
A pre-nursing course for women will be established at the Pennsylvania State College on January 1. Intensive study will be conducted for twelve weeks in the scientific subjects that are a part of the regular training in hospitals.

Despite the cessation of hostilities, there is a growing need for trained nurses in the army hospitals, according to M. M. Ireland, surgeon general of the army. He has asked the State College to instruct a large group of highly prepared students for military and civil hospitals, thereby enabling a rapid re-lease of the graduate nurses whose services have been so greatly needed overseas.  
The course will include the study of hygiene, physiology, anatomy, chemistry, bacteriology, invalid cookery, elementary nursing in the college infirmary, and lectures by the college physician.  
The expense for the twelve-weeks at State College will be \$120, covering board, room and fees.

**BRADFORDS HAVE 4 DEER.**

**Decker Party Has Already Killed the Limit—Six Deer.—A Good Season.**

Reports coming from the various hunting parties in the Seven Mountains close to Potters Mills and Colyer, prove that buck deer are plentiful and that the hunting of them is proving good sport for everybody. One party reached the limit in two days' hunting.  
The Reporter has received the following report on the deer killed:  
Decker party, on the Decker farm, 6  
Bradford's, of Centre Hall, 4  
Colyer party, 2  
Pennington party, of Lewistown, at the Perry Krise place, 2  
Pittsburgh party, at the crows field 2  
Horners, of Pleasant Gap, 1  
Fillmore party, at Shutt's improvement, (one 4-prong and one 2-prong)  
Danville party, at Reitz's Gap 1

The Bradfords, of Centre Hall, killed their four deer the forenoon of the first day and then rested during the afternoon, fearing they would kill the limit and then have to break camp.

**Meyer-Davis.**

Robert Meyer, son of Mrs. P. H. Meyer, of Centre Hall, and a Miss Davis, of Altoona, were married in Altoona, on Thursday of last week. The happy couple are expected in Centre Hall soon.

**Belated Acknowledgment.**

During the recent campaign for United War Work contributions the solicitors inadvertently omitted the names of three contributors to the fund. The omission was made in arranging the names in alphabetical order. The contributors and the amounts contributed by each follows:

- John G. Dauberman, \$10.00.
  - Mrs. Harry W. Harper, \$2.50.
  - Harry W. Harper, \$2.50.
- After the list was published contributions were made by the following:
- E. S. Ripka, \$5.00.
  - Mrs. P. H. Meyer, \$1.00.

**Shot a Bear.**

At noon on Monday the Buck Horn Club, of Millin county, encamped in Treaster valley, reported that one of the members had shot a young black bear weighing one hundred pounds. John Harpster was the lucky marksman who dealt Bruin his death blow by a rifle shot.

**Wheat 96 Cents in Australia.**

The farmers and others who criticised the government for fixing the price of wheat at \$2.20, have no reason for complaint now. England formerly fixed the price of wheat here and England today is paying just 96 cents a bushel for it to Australia, there being a bumper crop on that big island.

**Important P. O. Ruling.**

The War Department has asked the Post Office Department to issue instructions, which was done, that no letters for expeditionary forces be accepted for mailing without a return address. The return address is necessary to make disposition of letters addressed to soldiers who have returned to the States.

**\$3120 for W. S. S.**

The sales of War Savings Stamps at the local post office were about \$500 less in November than the preceding month, the total being \$3120. There yet remain a large number of unredeemed pledges to be paid during this month.

**The United War Work Campaign.**

Centre county has subscribed to the United War Work Campaign Drive \$27,600. Bellefonte, Centre Hall, Milesburg, State College, and Unionville Boroughs, Liberty and Harris township have oversubscribed their quotas.

We hope the remaining parts of the county will feel that it is their duty to complete the work. As some places are still suffering with the influenza, the drive has been extended until Friday night, the 22nd. We ask all chairmen to send in their reports as soon as possible.

On behalf of the Committee,

**Important News from Kentucky**

Now that the greatest war in all history has been brought to a glorious close the question naturally arises as to what effect will have upon securities in general and particularly what stocks will be favorably influenced by the rapidly changing conditions.

**BOSTON-KENTUCKY OIL COMPANY**

with its immense acreage in Kentucky, comprising 1350 acres in Rowan county, and 950 acres in Clay county, all bought and paid for, and all carefully selected and potentially productive territory, presents

**AN OPPORTUNITY FOR YOU**

to acquire an interest in proportion to your investment which should return you handsome profits and in a Company where your interest carries what we believe to be a safe investment as well as possessing remarkable speculative possibilities. Regarding the oil situation after the war, it should be understood that there is at present

**A DEPLETION OF 100,000 BARRELS OF OIL**

per day and 3,000 barrels of gasoline per day, as oil and gasoline are being used in these amounts in excess of the present production and manufacture. It is the fact that the oil and gasoline now utilized in war machines will not be required for such purposes after the close of the war, although there is the necessity for motor transports from France in bringing the armies, supplies, etc., to points of shipment to home countries. Furthermore, the navy is likely to be continued at its full strength in ships and men for perhaps 2 years after peace is signed. The building of merchant ships will not cease with the signing of peace. The present tonnage of merchant ships is less than it was in 1914. Where one ship is needed now,

**THREE WILL SOON BE NEEDED**

to meet the needs of the world's commerce, in peace. Practically all of the new ships built since the start of the war are oil burning, and it is stated by the big reliable business men engaged in the oil industry, that the requirements of the world's markets will mean the need of oil and its products in constantly increasing amounts. With reference to the developments in Kentucky, we are pleased to say that at the close of October, 830 wells were in process of drilling as against 548 at the end of Sept. During the month of October, 218 new commercial oil wells and 14 new gas wells were successfully completed, making an additional daily average production of 5,653 barrels of crude petroleum. In order that you may take advantage of the present offer of BOSTON-KENTUCKY OIL CO. treasury shares at FIFTEEN CENTS per share, it will be necessary that your order or reservation be sent us promptly, as this allotment is moving rapidly and the next allotment will be offered at TWENTY CENTS per share. Be very much in mind that our acreage is unusually large and our capitalization unusually small.
