State Agricultural Notes.

Farmers throughout the State report the wheat in the best condition for a number of years.

The late potatoes were a much better crop than early ones, but there are short crops in many sections of the State.

The average weight of the wheat harvest was 60 pounds to a bushel, an increase of half a pound over last year and the ten year average.

Oats average to the measured bushel 33.0 pounds as compared with 31.8 pounds last year and 31.6 pounds for the ten-year average.

Only fifty-five per cent. of an average grape crop was harvested, but the fruit was of an exceptionally fine quality in most vineyards.

It is estimated that the pear crop in the State will reach 518,000 bushels as compared with 448,000 bushels last year.

Farmers taking advantage of the fine fall weather are farther advanced with their work than for many years, despite the labor shortage.

In many sections of Elk county the acreage of winter wheat has been reduced and farmers are planning to sow spring wheat.

Farmers in some sections report the potato crop fully fifty bushels larger in fields than were sprayed as compared with those unsprayed.

Lancaster county is rapidly building silos, nine being constructed in one township this year where there were originally only six.

The Lancaster county tobacco crop is said to be superior to last year's in color, texture and burning quality.

There are many fall pigs for sale in some of the interior counties.

Many farmers in Wayne county have found that wheat is a paying crop and are undertaking it with their rotation.

It is estimated that Pennsylvania canneries have packed 375,100 cases of tomatoes this fall as compared with 135,762 cases last year. Maryland is the largest canning State in the country.

It is estimated that 20 per cent. of Pennsylvania's corn crop is cut green for silos, 5 per cent. used for green feed and 75 per cent. left to mature for grain.

Mrs. Parsels, Lecturer, Dead.

Mrs. Addie Boileau Parsels, the widely known temperance lecturer and worker, and vice president of the State W. C. T. U., died at the Orthopedic hospital in Philadelphia. Mrs. Parsels is well known throughout this section of the state, especially in Centre Hall, where she has on several occasions visited and lectured.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. Fortunes in Oil Are Being Made in Kentucky

THERE ARE thousands of people who have won their way to fortune and life-long independence through a good investment in oil. Right now, the Government is urging the development of every acre of Oil Land in this country. Prices for oil were never higher, oil is here. Billions and Billions of gallons, and the BOSTON-KENTUCKY OIL COMPANY is going to do its share in supplying this great demand. Your opportunity to "Get Ahead" and share in the profits of this Company is here. For quick fortunes, staggering profits and overwhelming wealth-creating possibilities, nothing like the Oil business has ever been known. Fortunes are frequently realized in the twinkling of an eye—millions made over night, and every one from the wage-earner to the millionaire has an equal opportunity to participate according to the amount he can afford to invest.

THE BOSTON-KENTUCKY OIL COMPANY tells you how to invest to get the most from oil. It does not matter how small your means how little surplus you may have available for investment purposes—the opportunity for you to secure an interest in the oil business is just as great in proportion as though you had a million dollars to invest. The judgement and advice of the directors of this Company is to buy as many shares as you can of the BOSTON-KENTUCKY OIL COMPANY. That's friendly advice and should give you and your family a start on the "Road to Prosperity". Recent reports show the possibilities for you in the BOSTON-KENTUCKY OIL COMPANY; for instance, the Gipsy Pool recently produced more than \$1,000,000 in sixty days; and the Mc Mann Oil Company since 1907 has made \$5,000,000 in profits; sixty-five dollars invested in the Kern Oil Company has just paid over \$16,000 in dividends and the Quaker City Oil Company paid a cash dividend of \$2,500 on each \$50 share or stock and the Houston Oil Company paid a stock dividend of 600 per cent. The investors in these Companies, some of whom have never seen the oil wells, started as you will start, perhaps with a modest investment, increasing it as your earnings double and treble.

THE PROPERTY. The BOSTON-KENTUCKY OIL COMPANY is incorporated under the laws of the State of Delaware, Capital Stock \$250,000, full-paid and non-assessable. No preferred stock and no bonds. All shares will participate equally in each and every dividend. The properties of the BOSTON-KENTUCKY OIL COMPANY comprise 1,350 acres adjacent to the well-known Ragland Oil Field in Rowan County, Kentucky, and 950 acres in Clay County. The BOSTON-KENTUCKY OIL COMPANY owns all its land in fee and has no Leases, no Royalties and no rentals to pay. Every indication points to the success of the BOSTON-KENTUCKY OIL COMPANY as in close proximity are the great oil wells of many dividend-paying companies.

THE PROSPECT. Every day the press of this country mentions the importance of producing more oil. 168,656,838 gallons of oil were shipped out of Kentucky in 1917, a remarkable increase over the previous year, and 1918 will be the biggest year in the history of Kentucky Oils, and 1919 should surpass all previous years. The BOSTON-KENTUCKY OIL COMPANY should be an important factor in adding materially to the constantly growing production. People every where are widely enthusiastic over these new fields and in the course of a few months the good news will be spread to the investors who have chosen wisely and well.

AN UNUSUAL profit-taking opportunity. Without cost or obligation, the BOSTON-KENTUCKY OIL COMPANY will give each and every purchaser of BOSTON-KENTUCKY shares, an option on an equal number of shares at the price paid at the time of original purchase. This option may be taken up at any time within six months from December 1st, 1918, regardless of the ruling price at which the shares may then be selling for.

MAKE THE MOST of this wonderful opportunity—NOW—invest in oil—place your self in the position where a little of your surplus money may bring you bigger results than you ever dreamed of. BOSTON-KENTUCKY is a conservative Company, managed by men who know how to produce oil. The acreage is unusually large and the capitalization unusually small. Buy your shares now at the present low price of 15c per share before drilling begins. The price will go up as the drill goes down. Make money by buying before the advance in price. This offering will not wait—act now—obey that impulse—fill out the attached application blank on either the cash or partial payment plan and mail it today.

"Good Morning, Perfection"

Do you have a Perfection Oil Heater to greet you on cold mornings? Its answer is "heat"—a cheerful, room-filling warmth that drives away every bit of chilliness and makes getting-up time really comfortable.

You can have this same Perfection heat in any room in your home whenever you want it. Besides, a Perfection saves coal and that's something you have to think about this winter. Use

ATLANTIC Rayolight

and then you will get the most heat from your Perfection. It burns without smoke, smell or sputter because it is so highly refined and purified that it doesn't know how. You'll find that it gives a clearer, more brilliant light in your lamps and lanterns, too. Always ask for it by name.

By the way, better not wait to get your Perfection Oil Heater. And remember, they are safe. See your dealer now. Perfections are reasonably priced—\$5.65 to \$10.00.
