Draft Board Reviews War Work.

(Continued from first page) one hundred and fifty-seven men were entrained for Camp Lee, Va. This body of men being divided into 4 Companies, each with its Captain, 2 Lieutenants, Sergeants and Corporals, all under the command of one of their number who was appointed as a Major and who was the repository of induction papers, transportation and meal tickets for 157 men, and responsible for the discipline and obedience of the men enroute. This group of men marched to the depot under their own officers, in proper military formation, entrained each company to its assigned car, placed guards at each door allowing no one to enter or leave, rechecked their separate rolls reported Companies intact, which report was delivered to the Board by the Major. The Board takes this occasion to comment on the high spirit of co-operation manifested by this Military Committee whose duties were arduous but faithfully and efficiently performed.

The Board had a photograph taken of every quota entrained. For the entertainment of draftees before entrainment the Board appointed the following committees:— Capt. Robt. F. Hunter, as chairman, J. Will Conley, as Financial Secy. & Treasurer; Capt. William H. Brown, William Burns, Thomas Hazel, C. Y. Wagner, Edmund Blanchard, J. Linn Blackford, John J. Bower, William T. Kelly, H. C. Yeager, Col. J. L. Spangler, W. Harrison Walker, Major H. L. Curtin, Col. H. S. Taylor, Judge Henry C. Quigley.

This committee took charge of the several functions connected with the entertainment of the soldiers during their stay of 24 to 48 hours in Bellefonte. A special banquet was arranged for each quota on the night previous to entrainment, during which entertainment, patriotic speeches were made by various public spirited men of the town, including George H. Yarnell, D. A. Grove, Dr. L. E. Kidder, Hon. Henry C. Quigley, Col. H. S. Taylor, Edmund Blanchard, Esq., Col. J. L. Spangler, W. Harrison Walker, Major H. L. Curtin and Capt. Robert F. Hunter. Speeches, singing and a general good social time was had on each occasion which seemed to add materially to the spirit and morale of the men at this trying period.

One of the duties of the entertainment committee was to appoint a sub-financial committee with solicitors, collectors and treasurer, and while the draft was made from the entire County, the burden, which was not so considered came largely if not entirely upon the good citizens of Bellefonte. The ready response by the citizens of the town to this feature enabled the committee to carry out for each quota rather elaborate demonstrations as they left for their camps.

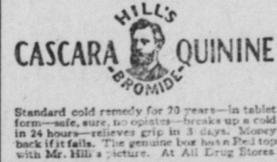

When the quota was sufficiently large to warrant it, parades were organized and advertised generally throughout the County, and on every occasion large numbers of people were in attendance to view the parades that were made up of citizens, local Military Company, Fire Companies, Grand Army and Spanish-

American War Veterans, Fraternal Organizations, the Red Cross Chapter always participating and being most impressive and spectacular feature of the parades.

One of these events it was found necessary to hold on the Sabbath Day on account of the men being called on Saturday and ordered to entrain the following Monday. This being the largest contingent sent and it was decided to give a mammoth demonstration. In order not to antagonize public opinion or religious sentiment the various ministers of the town were consulted as to the advisability of holding this demonstration on the Sabbath Day. After the circumstances were explained (being the only day available) these ministers gave their hearty approval to the movement. A grand stand was erected for the speakers and ministerium to view the parade. Provisions were made for the parents, relatives and friends of soldiers in the way of rest rooms and other accommodations which might be denied them ordinarily due to the large crowd. This parade especially mentioned here as typical of our system, had no less than 7 bands of music. On this as on all occasions the Red Cross contingent was placed as a Guard of Honor next to the soldiers, the selective service men occupying first place in the line, preceded only by a platoon of color bearers, carrying the National Colors of the various nations allied together in the great struggle and this headed by the Chief Marshal and his committee and band, which on this as on all other occasions was Capt. Robert F. Hunter, his aides being the entertainment committee enumerated above.

Getting the Records of Penn'a War Heros.

A personal record of every Pennsylvanian who has entered the national service is the goal of the Pennsylvania War History Commission. A War Service Record blank has been prepared and nearly two hundred thousand copies already have been circulated. Of the thousands which have been returned to the files of the Commission, nearly fifty per cent. are accompanied with photographs, letters from the front or camp, and similar material.

The Commission is being assisted in distributing the blanks by the county branches of the Pennsylvania Council of National Defense, by local honor roll committees, by historical societies, by war welfare agencies and by local officials. The Commission will send copies of the blank to any individual or organization desiring to report upon soldiers, sailors, nurses and other persons who have entered the national service. Probably three hundred and fifty thousand persons have gone from Pennsylvania into the service. Some have entered the armies or navies of the Allies; some have gone with the National Guard, or as volunteers; others have entered the service under the draft acts. The Commission wants a record of every one of these persons. Some families have already removed from the States; and with changes in industry many more may go to other countries. It is important that the record of every one in the service be secured at the earliest possible date.

Copies of the blank and further information may be obtained from Albert E. McKinley, Secretary, Pennsylvania War History Commission, 1300 Locust Street, Philadelphia.

State Agricultural Notes.

Chester county is the banner rye county of the State with a ten year average yield per acre of 22.4 bushels. Field agents of the Department of Agriculture are now scouting eastern Pennsylvania for signs of the European corn borer. A total of 4,668 licenses to sell and serve oleomargarine have already been issued for 1919 as compared with a total of 5,467 for the entire past year. Strict enforcement of the Dog Law has been ordered by Secretary of Agriculture Frederik Rasmussen and all dogs are subject to license and restriction of the Dog Law. It is estimated that during 1918 the first year for the operation of the Dog Law there was about 74,000 dogs killed by order of the county authorities. In 1917 the reports showed about 16,000 dogs killed.

THE WORLD SHORTAGE OF LIVE STOCK. A census of cattle in France reveals a decrease of 17 per cent in beef animals, 38 per cent in sheep and 40 per cent in hogs since December 31, 1913. Italy has suffered a loss of 21 per cent of horses, 18 per cent for mules, and 8 per cent for swine. No one can even guess the decrease in Germany, Austria, and Russia has been, but it must be enormous. According to a reliable estimate the decrease of live stock in all Europe is equal to one-half the amount of live stock in America today. This estimate places the loss at 100,000,000 head.

The total production of grain crops in Pennsylvania during 1918 was 81,391,188 bushels.
