

HOW'S YOUR BLOOD?

Pimples and Eruptions Mean Bad Blood

People who have impure or impoverished blood should be careful to take only a temperance remedy made of wild roots and barks such as Dr. Pierce's Golden Medical Discovery is and has been for nearly 50 years.

The first day you start to take this reliable medicine, impure germs and accumulation begin to separate in the blood and are then expelled through the eliminative organs.

In place of the impurities, the arteries and veins gradually get fresh vitalized blood and the action of this good blood on the skin means that pimples, boils, carbuncles, eczema, rash, acne and all skin blemishes will disappear.

Get Dr. Pierce's Golden Medical Discovery to-day at any medicine dealer, in tablet or liquid form, or send 10c for trial package to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

NOW BUT MEMORY

Caballeros of California Practically Extinct.

Passed With the Disappearance of the Wonderful Horses Which Were Their Pride—Noted for Courtliness and Hospitality.

The persistent disappearance of the horse from the life and labor of California, and the substitution of the automobile and auto truck in its place, must serve as a mental depression to the old-timers.

In the old days "before the gringo came," and indeed for many a year after that, the horses of California were both a wonder and a delight.

With the disappearance of the horse it seems that the caballeros are also disappearing. It is high time that Jackson A. Graves gives us his long-promised book.

The California horse was a truly wonderful creature—a cross between the pure Arabian strain and the native wild horse. It was on the backs of such horses that a band of Californians under command of Gen. Andres Pico, armed only with lances, defeated signally a troop of United States soldiers under Gen. Stephen Watts Kearny at the battle of San Pasqual in San Diego county.

The caballeros who bred and used those horses were also a wonderful class of men. The saddles and bridles they used were nearly always very beautiful and of great cost.

Courty and hospitable were the caballeros. Their homes were like the old feudal homes of Europe.

But we never see them now except when Los Angeles holds an all-too-frequent fiesta. Then a few of them emerge from their obscurity, riding down the shining highways of the town.

Bent Castiron Pipes.

Accustomed to bend pipes of wrought iron and steel for the sugar mills, Cuban pipe layers are reported to have applied their novel method to castiron material.

Lacking in Respect.

A burly and bristling exemplar of German militarism, with captain's knots on his shoulders and an iron cross on his chest, was included in a bag of prisoners that some American soldiers made just before the armistice was signed.
