

THIRTY-FIVE YEARS AGO.

Paragraphs of News Taken from the Files of the Reporter of 1884.

J. W. Smull and James Miller, of Miles township, have gone to Kansas.

J. B. Frank and T. E. Royer have bought the store of Gramley Bros., at Rebersburg.

H. E. Duck and wife, of Millheim, have started on a four weeks' western trip to extend as far as Kansas.

There will be a public sale of Centre Hall town lots, Saturday, 18th. The lots belong to the Wilson property adjoining the railroad.

The old mail route from Centre Hall to Milroy has been shortened by vacating the line from Potters Mills to Milroy. The mail coach now leaves Potters Mills at 10 a. m. for Centre Hall and returns to Potters Mills in the afternoon of the same day. Years ago this was one of the briskest and best paying stage routes in the state, affording four-horse coaches from Bellefonte to Lewistown, but the blasted railroads have made inroads, and the stage coaches are fast disappearing in these parts.

PINE GROVE MILLS.

George Smith, wife and children, of Altoona, were Sunday visitors at Grandpa J. R. Smith's home.

N. C. Neidigh and H. N. Musser are serving as jurors this week.

Mrs. E. E. Close is in the Bloomsburg hospital where she underwent a surgical operation on Saturday.

James Kline is sporting a new Studebaker car and Fred Williams a new Liz. A. C. Kepler and N. T. Krebs are on a fishing trip to Clinton county. Mrs. Kepler is visiting her sister at Jersey Shore.

T. G. Croumver is having erected a new silo on his farm on the Branch.

The stove mill that has been in operation for several years near town, has been moved over the mountain near Charter Oak for operation by Jerry Kline.

Henry Adams Elder is a delegate to the I. O. O. F. State meeting at Johnstown this week, representing Penns Valley lodge No. 276.

Memorial services will be held May 30 at two o'clock when the parade will form at the I. O. O. F. hall, with the Citizen's band on right of column, followed by the G. A. R. and soldiers of the late war, the several civic orders and the school children. Rev. W. P. Ard of Bellefonte will be the orator of the day. Services will be at Pine Hall cemetery at 6:30 p. m. Rev. J. W. Long of State College will be the speaker. Meeks cemetery will be decorated by a detail of Capt. J. O. Campbell Post No. 272, G. A. R. The boys and girls S. S. class of the Lutheran church will hold a festival at Pine Hall in the evening.

Get Ready For the Farm Census.

Inasmuch as the fourteenth farm census of Pennsylvania as well as of the other states of the Union will be taken January first next, Secretary of Agriculture, Fred Rasmussen, suggests that it will be well for farmers during the present year to keep a record of all crops as to acreage harvested and yield; eggs, poultry and milk produced and many other matters relating to the various crops and livestock.

This will make the work easy for the farmer to give intelligent answers to the many inquiries contained in the schedule and will materially add to the value of the report.

Everybody should pull together and cooperate to make this census report the best ever taken. The Pennsylvania Department of Agriculture is doubly anxious about the matter as it will be used as a check on the crop estimates made for the present year as well as the basis for future estimates.

Farming is a business proposition as has been well demonstrated during the recent war, and farmers will do well to get into the habit of keeping records of their farm operations. It will cost little and bring good returns.

A community is known by the churches, schools and roads it keeps.

Want Counties to Gather War History.

Every county in the state has been requested to form a county committee to co-operate with the Pennsylvania War History Commission in the collection of the records of the Great War. This request has been sent in the first instance to the Chairman of the County Branches of the Pennsylvania Council of National Defense; and the co-operation of local historical societies and of all wartime organizations is being obtained.

The County War History Committees have in some cases been working with Memorial Committees and Welcome Committees. The records they are gathering will include the service record of every Pennsylvanian who has entered the service of the United States or of any of the Allies. There will also be reports and narratives of the many organizations in the counties which engaged in war work. In Berks County forty-nine different organizations which performed some war service have been affiliated in the war history work. Each will prepare a detailed history of its own activities, and all will unite in the general history of the county's contribution to the war.

The War Service Records of the persons who entered the army or navy are being gathered by the counties in different ways. In several, such as Lehigh, Lackawanna, McKean and Philadelphia, the work has been performed by the County Branch of the Council of National Defense; in others, such as Erie County, the Mothers of Democracy are making a house-to-house canvass; elsewhere the blanks are being distributed and collected by the Red Cross and other war organizations, by voluntary committees, by chambers of commerce and by labor bureaus. Throughout the State there is evident a strong desire to make this record complete.

Members of the Commission will be glad to visit counties or communities and assist in organization of the historical work.

Albert E. McKinley, Secretary Pennsylvania War History Commission, 1300 Locust Street, Philadelphia, Pa.

When Your Car Gets "Stück" in the Mud.

A resourceful motorist whose car has been stuck in the mud does not always have to fall back on a pair of mules to get free. For such an emergency the United States Tire Company offers some suggestions that have proved valuable.

The first calls for having stored away somewhere in the car a stack of old newspapers. When the car gets stuck and the wheels refuse to take hold, feed in some of the old papers between the tire and the mud. Usually only a few will have to be worked in before the wheels will begin to grip and the car start forward. This method of handling a difficult situation is so simple and so uniformly successful, that every motorist should know of it and carry a pile of old newspapers, unless he is equipped with some other apparatus for such a contingency.

Here is the other method suggested by the United States Tire Company: Put the car in low, and if you cannot feed the gas with your foot evenly, so that the wheels will revolve slowly, put your emergency brake on. Do not put it all, but tightly enough to keep them from revolving rapidly. With the wheels turning slowly, the maximum pull is delivered to them by having the car in low gear, and so long as they turn slowly they can get the benefit of the tremendous power.

It is not always wise to fill the hole with stones or bricks, for their rough edges are hard on tires. Small branches of trees are better, as they offer much better tractive space.

Should this method fail, quite often a slight push that would not much more than move a buggy will furnish just the added amount of power necessary to get the car going.

Big Lumbering Operation.

Last week a big lumbering operation started in Clearfield county when lumbermen in the employ of the Walling-Graham Company began peeling bark on a big tract near Grahamton, and expect soon to start cutting and sawing an estimated stand of 1,500,000 feet of original pine and hemlock, with a comparative small amount of hardwood timber on the tract, recently purchased from former sheriff A. E. Woolridge, of Clearfield county. The offices of the company will be located in Philipsburg.
