Plugged!

By one of those queer ironic turns it remained for Senator Root, the wisest politician of them all, to show his party in the Senate just what fools they had been making of themselves. The great "Treaty leak" to the "Wall Street Interests" had blown up and fizzled out under his simple explanation of his possession of a copy of the famous document and the discovery that they could be had for the asking. The net result was that the treaty had been spread upon the pages of the Congressional Record. Then ensued the following colloquy:

Senator Brandegee: "Do you think any damage has been done to the negotiations by the publication of the treaty text in the Congressional Record?" Mr. Root paused for a moment and a whimsical smile played over his face. At last he replied: "None, I would say, except withdrawing the attention of the Senate from the very serious questions which are awaiting its action." Senators and spectators alike bowed with laughter. "Can you think of anything more serious than this treaty?" asked Senator Borah, when the gale had subsided. "I cannot." "But Mr. Root can think of something more serious than this investigation," interjected Senator Williams amid more merriment. "I hope the senator will not reflect upon the dignity of this proceeding," remarked Senator Swanson with mock seriousness.

Mr. Root summed up the whole thing in a sentence: The Senate had withdrawn its attention from the serious subjects the country expected it to consider to make a fool of itself. He put a plug in the "leak."

Farmers for World League.

One hundred and ninety-three farm organizations, local and national, have already passed resolutions favoring the participation of the United States in a League to Enforce Peace, or League of Nations, as it is familiarly known. If the U. S. Senate tries to block the endorsement of the League it will be up against a solid front of farmer endorsement.

If our farm organization has not yet gone on record with a resolution of endorsement it should do so at once. We cannot let it be said that the farm boys have fought in vain. They have done their part well. Let us finish the job by a League of Nations, so we will not have to face another great war. If this is not done the next war will be on such a scale that this one will be overshadowed.

Senator Lodge says he deprecates the discussion of the League of Nations as a partisan issue. He merely wanted it to be a Republican issue.

Republican candidates for Congress last fall promised to stand behind the President. But they were running then.

Two State-Centre Electric Co. Men Injured.

Mr. Thompson, manager of the State-Centre Electric Co., Bellefonte, and Mr. White, the boss lineman, were both injured on Monday. Mr. Thompson fell from a pole at the Geiss stable while showing a new employee how to repair a wire. In cutting the wire he was shocked and thrown from the pole. In falling his chin struck the edge of the stable roof and he sustained a severe cut as a result. Otherwise he was but slightly injured.

Mr. White came near losing his life by being thrown against a high tension wire carrying 23,000 volts, while attempting to remove a broken limb of a tree which had fallen onto the wire. The tree was damp from a recent rain and he was shocked when he took hold of the broken limb. He was thrown against the "open" wire and sustained deep and very serious burns across the back. He was removed to the Bellefonte hospital, and it is thought he will recover. Mr. White is a son of Mr. and Mrs. Wallace White, of Axemann.

New Telephone Rates

Local Service Rates

The costs of telephone operation have been rising steadily during the past few years. And now, despite the fact that ever possible economy has been introduced, a point has been reached where telephone revenues in Pennsylvania are not sufficient to meet expenses and to provide a reasonable return upon the investment.

The Company prepared and submitted to the United States Telegraph and Telephone Administration a revised schedule of rates for local service in Pennsylvania which, after careful consideration, was approved by the Federal Authorities and will become effective June 16, 1919.

Accordingly, all rates for local telephone service in Pennsylvania (except local messages originating at public telephones) will be increased 20 per cent. June 16, 1919.

Toll Service Rates

On January 21, 1919, new schedules of toll and long distance rates were established throughout the country by order of the Postmaster General. The application of these schedules to messages originating and terminating within Pennsylvania was set aside on January 29, 1919, by order of a Pennsylvania Court.

The Supreme Court of the United States, on June 2, confirmed the authority of the Postmaster General to regulate all telephone rates. Consequently the Pennsylvania Court on June 11, 1919, dissolved its injunction of January 29, 1919.

The new rates, therefore, will be applied to all toll and long distance messages from and after May 21, 1919, the beginning of the current toll billing period. All telephone directories issued since January 1 contain the new schedules and an explanation of them. Please consult the front pages of your directory so that you may be familiar with the various classes of toll service that we offer.

NEW PERFECTION OIL COOK-STOVES

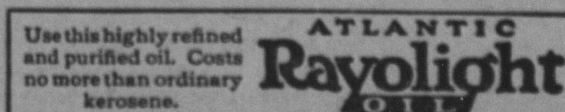

You can cook anything on a New Perfection

BAKE, roast, boil or fry. You can do the same cooking with a New Perfection Oil Cook-Stove and Oven as you can on a coal, wood or gas range.

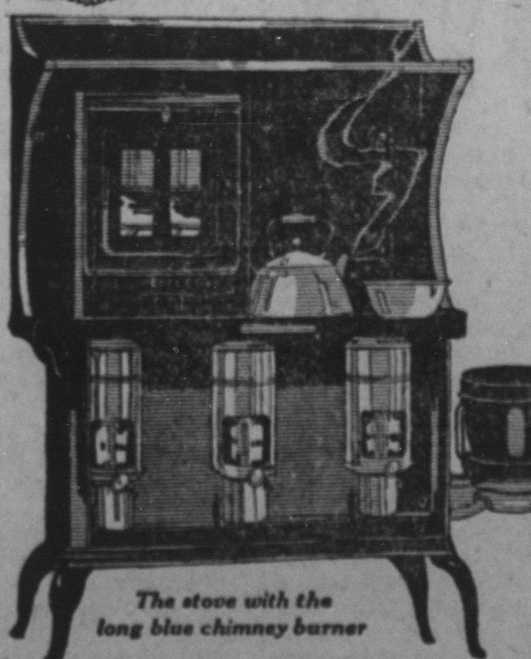

But what a difference in comfort! With a New Perfection, there is no carrying of coal or wood, no ashes, no sweltering heat, and—no fire when you're not actually cooking!

The long blue chimney burner is the secret. Turns every drop of oil into intense cooking heat and distributes it evenly on the bottom of the utensils. The touch of a match lights it—turn it out the moment you are finished.

Your dealer will gladly demonstrate.
