MOTORS INSTEAD OF DOGS

Trip Over the Cascades in a Gasoline Sleigh Was a Distinct Success.

A spectacular trial trip was recently made across the Cascades in a motor sleigh, and a number of photographs, taken at various stages of the journey, are reproduced in Popular Mechanics. The achievement of the motor sleigh was almost as amazing as that of the first army tank, conquering, as it did, all kinds of obstacles. Skimming the surface of snowfalls, old or new, the strange little vehicle broke its way through primeval passes with never a stumble. The rescue of an automobile, hopelessly stalled in the drifts of Snoqualmie pass, was a mere incident in its progress. Crossing a deep gully on a pair of hemlock poles was but one of the day's adventures. The intended substitution of the motor sleigh for the dog drawn sledges of Alaska's snow-bound post trails means more to the people of that great territory than may be generally realized. Jack London and others have limned the malemute as a romantic figure; but the followers of the trail know well he is never that. It is the elimination of much human hardship, as well as canine inefficiency, that recommends the gasoline method.

WINNING HURLER IS PENNANT CONTENDER

So Declares John McGraw, Manager of New York Giants.

Hugo Bezdek, Leader of Pirates, Declares Club Must Have More Than One Winning Pitcher—Problem Open for Discussion.

Baseball managers do not lamp the possibilities of a ball club in the same manner. At the January pow-wow in New York, some of the major league pilots were discussing pennants and pennant chances. John McGraw of New York started a live discussion when he declared one winning pitcher can make a flag contender out of an otherwise mediocre club. McGraw's views were shared by some of the leaders, but Hugo Bezdek of the Pittsburgh Pirates does not accept the McGraw dogma.

McGraw pointed to the success of the Giants when he had none other than Matthewson to depend upon for mound duty. He also recalled the

Washington club's success each season for the last few years with only Walter Johnson to star on the rubber. These cases, according to McGraw, are good grounds for his argument.

Bezdek declared a ball club must have something more than good pitching from one pitcher, and he backs his argument with the story of Wilbur Cooper's work for the Pirates last season. Cooper lost nearly all of his games by one run simply because the Pirates did not have the necessary punch to aid him with a run or two, says Bezdek, and the speech sounds reasonable, too.

The argument was not ended in the one session, but there is much evidence on both sides that is deserving of serious consideration. McGraw's

contention that a winning pitcher gives a club 25 per cent more confidence may be logical, but as Bezdek said: "It's a tough proposition to ask one pitcher to keep a club in the race, and any manager who follows this course is traveling on a narrow path." Like many more problems in baseball, this one was made for discussion.

SPEAKER STRONG FOR FLYING

When Season Is Over Cleveland Center Fielder Is Going Into Service as Aviator.

This Speaker is so strong for flying that he says when the present baseball season is over he is going back into the service as a naval aviator and bid good-by to baseball. He was assured when released from the service following the armistice, he says, that he can take up his work as a navy flyer where he left off.

RUEL IS PROMISING CATCHER

Young Backstop of New York Americans Is Quick Both Behind Bat and on the Bases.

Harold Ruel of the New York Americans appears to be one of the most promising young catchers who has come into the game since Ray Schalk of the Chicago White Sox. He is very quick both behind the bat and on the bases and is by no means a weak batter.

COCA-COLA WILL BE USED TO, CHRISTEN ENGINE

Program Will Feature Exercises at Fire Hall on Wednesday.

[From Nashville, Tennessee.] Ann Dallas Dudley, the new fire engine at the Waverly-Belmont fire hall, will be christened on Wednesday afternoon at 2 o'clock with appropriate exercises. Mrs. Gullford Dudley, for whom the engine gets its name, is one of the state's pioneer suffrage workers and it is due to her untiring work that partial suffrage was given the women of Tennessee. Mrs. Miles Williams, a resident of the twenty-first ward, is chairman of arrangements, and also a pioneer suffragist, and little Judith Winston Folk, the 6-year-old daughter of Mr. and Mrs. Reau Folk, also a pioneer suffragist and the youngest member of the Nashville organization, has been chosen sponsor. Miss Folk has selected as her maids of the following young girls, daughters of prominent suffrage leaders: Travania Dudley, Lenore Kenny, Kate Barksdale, Harriet Ingram, Mary Sue Cantrell, Jane Davis and Elizabeth Smith.

At the christening not champagne but a bottle of coca-cola will be broken and the maids will shower the engine with yellow flowers. Speeches will be made by Mayor William Gupton, Commissioner Tompkins and Chief A. A. Rosetta. Mrs. Dudley, a member of the national suffrage organization, and Mrs. Reau Folk, chairman of the city organization, will be honor guests of the occasion.—Adv.

IT'S NOT YOUR HEART; IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ills afflicting people today can be traced back to the kidney trouble. The kidneys are the most important organs of the body. They are the filters of your blood. If the poisons which are swept from the tissues by the blood are not eliminated through the kidneys, disease of one form or another will claim you as a victim. Kidney disease is usually indicated by weariness, sleeplessness, nervousness, dizziness, headache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago. All these derangements are nature's

Their Faithfulness. "Force of habit is almost as hard a master to some people as rum is said to be," commented the landlord of the tavern at Grudge. "Although the post office moved to its new location more than a month ago, and, too, though they never were compelled by law to do so, 'most any time o' day a bunch

of prominent and influential luncheons can be seen standing in the doorway of the old post office room, patiently waiting for busy people to come, as they used to, and scrounge past them, trying to get in."—Kansas City Star.

The Effects of Opiates.

THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells which are likely to become permanent, causing imbecility, mental perversion, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of staying powers are a result of dosing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly decried, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them willfully with narcotics.

Castoria contains no narcotics if it bears the signature of Chas. H. Fletcher. Genuine Castoria always bears the signature of Chas. H. Fletcher.

Hard to Determine. Ruth Clifford, the moving picture star, has a cousin overseas. Recently his name appeared in the casualty list as wounded.

"Yes," said Miss Clifford, in answer to an inquiry by her director, "he was wounded, but not seriously. We had a letter from the regimental surgeon."

"Where was he wounded?" asked Gerard. "We are not quite sure. The surgeon mentioned the place, but we don't know whether it's an anatomical phrase or a French village."
