

LOCAL AND PERSONAL.

The water in the borough reservoir is very low.

W. C. T. U. will meet at the home of Mrs. G. O. Benner Saturday evening at 8 o'clock.

J. D. Meyer, banker, of Altoona, visited for several days this week at his home in Centre Hall.

Mrs. T. L. Moore and daughter Miriam, on Tuesday, started on a ten days' visit to relatives at Milton, Watstown, Elysburg and Shamokin.

Bruce D. Rowe, of Philadelphia, is enjoying a two weeks' vacation at his home in Centre Hall, having come up from the city on Tuesday afternoon.

Rev. and Mrs. S. H. Dietzel, of Pleasant Unity, were arrivals at the home of Mrs. Dietzel's father, Alfred Durst, the latter part of last week, for a brief vacation.

Mr. and Mrs. Ralph Cleveland, Mr. and Mrs. Howard Best, daughter, and Mr. Best's mother, all of Lewistown, were guests of Mr. and Mrs. A. P. Krape on Sunday.

The tax millage was laid for local expenses by the borough council, at a recent session. The sum total is the same as heretofore, although a direct water tax is laid in the form of a four mill levy.

The Reporter was pleased to receive a call from George H. Richards, wide-awake business man and sterling Democrat of Philipsburg, on Tuesday afternoon. Mr. Richards, as a glance at the "Announcement" column in the Reporter indicates, is a candidate for the Democratic nomination for county commissioner. Mr. Richards is unquestionably a desirable candidate. He has held a number of local offices and has an enviable reputation for polling a heavy vote in his home community. He is a thorough business man, knows the worth of a dollar, and would be abundantly qualified to assist in conducting the business affairs of the county.

H. C. Robison, the brush broom manufacturer of Milesburg, and his son, Austin Robison, were callers at this office on Tuesday. We were especially interested in meeting Austin, who left Centre Hall when a mere lad. He is an ex-service boy, and the Hun came very near getting his number at Chateau-Thierry where Ansitt stopped a machine gun bullet with his skull. The ball plowed its way thru the upper part of the bony structure, so close to the brain that a quarter inch deeper would have meant instant death. As a result of this injury he lay unconscious for some time. He carries shrapnel wounds on his right arm, neck and side, making four distinct wounds. He's altogether too fine looking a youth to have left in France and his many friends are happy in his safe return home.

LOCAL AND PERSONAL.

L. G. Rearick, furniture dealer of Lock Haven, and son John, visited friends in Centre Hall last Friday.

Rev. E. Roy Corman, of Cressona, joined his wife in a brief vacation at the latter's parental home in this place, beginning of the week.

William and Dorothy Spangler, children of Mr. and Mrs. Harry B. Spangler, of Chicago, Ill., are visiting their grandfather, John Wilkinson, at Potters Mills.

Rev. William Wagner, of Potters Mills, is the guest of his sister, Mrs. A. E. Kerlin. On Wednesday Rev. Wagner's son, John Wagner, arrived in Centre Hall for a short stay.

William Wilkinson Dead.

William Wilkinson, a native of Potters Mills, died at his home in Harrisburg Monday of last week, of Bright's disease, aged sixty-five years. He was a railroad man and lived with his only sister, Miss Alda Wilkinson. One brother also survives, John Wilkinson, of Potters Mills. The body was shipped to Centre Hall on Friday and the following day burial was made in the Sprucetown cemetery.

Fred T. Ikeler Dead.

Hon. Fred T. Ikeler died at his home in Bloomsburg early Friday morning following a stroke of paralysis. Ikeler appeared in Centre Hall on the occasion of a High school commencement under the principalship of the late Prof. Ilgen.

Installed Battery Charger.

The undersigned recently installed complete apparatus for recharging storage batteries and guarantees first-class work to automobile owners when their batteries need recharging. Six-volt battery recharged for \$1.00.

Truck and Load of Furniture Destroyed in Upset.

A large automobile moving van, laden with furniture consigned to Altoona from Harrisburg, upset early Monday morning on the state road just this side of Belleville, Mifflin county.

The moving van was owned by a Harrisburg furniture company which was sending a truck load of furniture to Altoona.

The wet condition of the road is said to have been the cause of the wreck. The car skidded and rolled over the bank, turning clear over and catching fire. Fortunately neither the driver nor his mechanic were seriously injured although they are both suffering from a mass of bruises and slight abrasions. The driver pulled his companion from under the overturned machine just before it ignited.

Y. P. B.'s Enjoyed Picnic on Grange Park.

A delightful picnic, including a fine "spread" at the supper hour, was held on Grange Park on Tuesday afternoon. It was on the occasion of the County Institute of the Y. P. B. and a number of county officers present made the affair very interesting and instructive. Miss Rebecca Rhoads, county president, of the W. C. T. U., and recently returned from France, gave an interesting talk on her overseas work. Other county officers present were: Miss Gladys Dunne, of State College, president of the Y. P. B.; Miss Bertha Flagg, of State College, delegate to the State convention; Miss Martha Barnhart, of Tyrone, and Miss Eleanor Weston, superintendent of the social department. There were delegates of the Y. P. B. present from Bellefonte, Tusseyville and Centre Hall. A score or more partook of a fine supper, and the ladies furnished entertainment in the form of a playlet, which was much enjoyed.

Colts and Calves.

Information collected by the Bureau of Statistics, Department of Agriculture, on July 1, show that the number of colts in Pennsylvania is seventeen per cent below the usual number. The automobile appears to be superseding the driving horse; and the auto truck and tractor are doing much work formerly done by horse power, still there seems to be a good demand for well bred draft horses and the price is attractive.

Motive power will not likely ever supplant horse power entirely. There will always be use for the horse. Farmers will do well to look into this phase of their activities.

The number of calves appear to be ninety-nine per cent, and is near the normal number. The price of a veal calf now is as much as the price of a cow a few years ago. This is an incentive to prompt farmers to sell off the calves pretty close—probably too close.

Money-Saving OPPORTUNITY

Nieman's Department Store

It is not with any degree of pleasure that we say to our trade that merchandise in all lines for the Fall season is in for another rise in prices. We have it on the best authority that the advance will be from 35 to 40 per cent, above present day prices.

BUT HERE IS GOOD NEWS:

We still have a Large Stock on hand that will be sold at the old prices, thus assuring the early buyer

Big Savings on Clothing and Shoes

Buy now and you will thank us for the Savings we have afforded you by reason of the coming higher prices.

Special for the School Children.

They'll soon be needing new clothing and shoes with which to start school. We can dress them now at a reasonable cost.

Department Store MILLHEIM

We are going to have A CLEARANCE SALE

You might think that at a time like this with fine clothing not very abundant; with prices more likely to be higher than lower, a special-price Clearance Sale is foolish.

We dont. Our idea is that things bought to be sold ought to be sold. Our stock was bought to sell this season, and we're going to sell it. The future and its prices must take care of themselves.

Hart Schaffner & Marx Clothes are always Bargains

The value you get in these clothes is so large for the price that whenever we take a dollar off the price, we add more than a dollar to the value you get.

We're taking something off the prices, as you'll see. You'll do good to get some of this. **IT WILL BE THE FINAL REDUCTION.**

What Is a "Single-Cure, Wrapped-Tread" Tire?

It is a tire built by a special process which eliminates the necessity of curing tires under tremendous hydraulic pressure. Such pressure, used in making ordinary tires, for the sake of quick production, is responsible for the flattening of fibres which results in premature "blow-outs" and limited mileage.

In the "single-cure, wrapped-tread" method, the manufacturer welds together the various "ingredients" of the tire without jamming or displacing a single element. In this way only is it possible to conserve the native strength and resiliency of the fabric which forms the foundation of long-mileage.

It is the "single-cure, wrapped-tread" process that has made the Globe hand-made tire the longest mileage tire ever produced.
