

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of foot.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

Some fingers that are tampering with sonatas were intended by nature for the typewriter.

**IT'S NOT YOUR HEART;
IT'S YOUR KIDNEYS**

Kidney disease is no respecter of persons. A majority of the ills afflicting people today can be traced back to the kidney trouble.

The kidneys are the most important organs of the body. They are the filters of your blood. If the poisons which are swept from the tissues by the blood are not eliminated through the kidneys, disease of one form or another will claim you as a victim.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Go to your druggist today and get a box of GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning.

After you feel somewhat improved continue to take one or two capsules each day, so as to keep the first-class condition and ward off the danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

TOASTS OF RUSTIC ENGLAND

As Might Be Expected, Many of Them Have to Do With Eating and Drinking.

A good rustic toast is likely to be concerned with beef and beer, like that comprehensive toast of Arcadian wilds, "The Nine B's," which is as much as to say: Baker's best bread, butcher's best beef and brewer's best beer. In another form it runs: "The inside of a loaf, the outside of a jail, a pound of beefsteak and a pot of good ale." The plow is toasted by an enigma: "Life before, dead in the middle and body and soul behind." The shy carter gives for a toast: "Scorched bread and well buttered," adding, "if that ain't toast, I'm bothered." Some toasts are a little unkind, as: "May 'im as wunt wurk in the 'eat go 'ungry when the frostes comes." To a farmer's wife it is polite to raise your glass with the words: "Ere's good 'ealth to 'ee, mum, an' may yer allus 'ave the strength ter push about same as yew does now, and set a pattern t' all the farmers' wives way round."—London Morning Post.

Willing to Work.

"Old man, you are working too hard. You ought to go away."
"No, I prefer to stay here. But I have to work hard in order to send my wife the price of summer board this year."—Louisville Courier-Journal.

PALESTINE LAND OF BEAUTY

Everywhere Nature Seems to Have Expressed Determination to Make the Country Lovely.

Palestine, in its endless variety of Nature, seems like a miniature land God made himself, a tiny epitome of the whole world. Or is it a lovely woman with a lovely soul?

Under a dazzling sky it curves in swift changing beauty through hill and valley from the river to the sea. Eve's mystery lurks in the sand stretches of Sual. Feminine lure is in the purple-tinted mountains of Moab, a virgin calm in the Lake of Galilee under its misty veil. Jewels shine in Palestine's bosom, the emerald Garden of Gethsemane and the sapphire sea that clasps the fast-flowing Jordan by breathless Jericho.

In the spring the land is decked in garlands of orange and almond blossoms amid myriads of tiny, vivid-hued flowers. And the indomitable will of Judaea speaks in the low, stony, rounded hills with their determined tufts of growth. It is as if Judaea said to the world: "No ravager can despoil me. I WILL bloom."

Palestine is ageless, running the gamut of the years in budding Galilee, in fertile Sharon, and touching eternity in the hoary loveliness of Jerusalem, where the century-old crevices are as beautiful as a mother's wrinkles to her son.

A lot of men will criticize a peroxide blonde and then turn around to straighten their toupe.

"No one can do better than his best. Everyone can do as well as that."

Imitations Are Dangerous.

AN OHIO druggist writes to "The Practical Druggist," a prominent New York Drug Journal, as follows: "Please furnish formula for Castoria. All the formulas I have worked with are either ineffective or disagreeable to administer."

To this "The Practical Druggist" replies: "We do not supply formulas for proprietary articles. We couldn't if we wanted to. Your experience with imitative formulas is not surprising, but just what is to be expected. When Castoria is wanted, why not supply the genuine? If you make a substitute, it is not fair or right to label it Castoria. We can give you all sorts of laxative preparations for children, but not Castoria, and we think a mother who asks for Castoria would not feel kindly toward you if you gave her your own product under such a name."

No mother with a spark of affection for her child will overlook the signature of Chas. H. Fletcher when buying Castoria.

Children Cry For

Mothers Must Use Care.

Why do we so often call your attention to imitations of Fletcher's Castoria? Because it is a baby's medicine and imitations are always dangerous, particularly imitations of a remedy for infants.

Your druggist may not keep an imitation but they are to be found on drug-store shelves. Reliable druggists think only of the welfare of their customers. The other kind only of the greater profit to be made on imitations.

Your own judgment tells you that Fletcher's Castoria having for over thirty years at great expense held up its reputation, must jealously guard it. Then, it follows that this company must use the very best of material. Must employ experts in the selection of the herbs. Must retain skilled chemists in its manufacture.

Your same good judgment must tell you that these irresponsible imitators are trading on your credulity and the reputation built up by Mr. Fletcher, during all these years, for his Castoria.
