THURSDAY A BIG DAY.

in All Lines Best in Years.

Twelve thousand people, and from ten to twelve bundred automobiles are Grange Park on Thursday of the 46th and dates follow. Encampment and Fair week. It was a wonderful gathering-probably no record breaker, but easily up to the mark set by any previous gathering on the park. They came by train, buggy, carriage, and automobile-mostly by auto. The lower section of the spacious grounds contained tier after tier of cars. arranged so that each car could be moved at any time without danger to any other. It is considered remarkable that so great a crowd and so many cars could jostle all day long and not a single mishap occur. It is indeed a credit to the management of the association.

As the Reporter stated last week, the exhibits this year undoubtedly surpassed anything in former years. The great list of first and second awards which as found elsewhere in this issue attests to the splendid showing of all exhibits. The interest farmers are taking n improved machinery resulted in the iggest display of labor-saving machinery ever made on Grange park. Most of the machinery was sold after a demonstration was made.

The list of exhibitors in this departent is as follows: Harry P. Motter, Harrisburg .- Fuses.

J. R. Binird, Hartleton,-Paint, oil, Ertley & Stover, Northumberland .-Fire extinguishers.
