THE MEN IN CLASS A1

A sound, healthy man is never a back number. A man can be as vigorous and able at seventy as at twenty. Condition, not years, puts you in the discard. A system weakened by overwork and careless living brings old age prematurely. The bodily functions are impaired and unpleasant symptoms appear. The weak spot is generally the kidney. Keep them clean and in proper working condition and you will generally find yourself in Class A. Take GOLD MEDAL Harlem Oil Capsules periodically and your system will always be in working order. Your spirits will be invigorated, your muscles supple, your mind active, and your body capable of hard work.

Don't wait until you have been rejected. Commence to be a first-class man now. Go to your druggist at once. Get a trial box of GOLD MEDAL Harlem Oil Capsules. They are made of the pure, original, imported Harlem Oil—the kind your great-grandfather used. Two capsules each day will keep you toned up and feeling fine. Money refunded if they do not help you. Remember to ask for the imported GOLD MEDAL Brand. In three sizes, sealed packages.—Adv.

Ready Explainer.
"Tommy, your head is wet. You've been in swimming against my orders."
"No, pa; I was just standin' on the tank watchin' the other boys when that little Tompkins kid did a 'belly-buster' an' splashed me."
"Then, why wasn't your hat wet?"
"I had it in my hand, pa, fannin' myself."
"Umph! I guess I'll have to make a lawyer out of you, son."—Birmingham Age-Herald.

A SUMMER COLD

A cold in the summer time, as everybody knows, is the hardest kind of a cold to get rid of. The best and quickest way is to go to bed and stay there if you can, with a bottle of "Boeschee's Syrup" handy to insure a good night's rest, free from coughing, with easy expectation in the morning.

But if you can't stay in bed you must keep out of draughts, avoid sudden changes, eat sparingly of simple food and take occasional doses of Boeschee's Syrup, which you can buy at any store where medicine is sold, a safe and efficient remedy, made in America for more than fifty years. Keep it handy.—Adv.

Unfortunate Superstition.
Flatbush—Is Gowanus superstitious? Bensonhurst—Oh, very. He'll never occupy a house unless it has an even number of windows, doors, room, cupboards and other things, for he has a superstition regarding odd numbers.
"Well, I sincerely hope his superstition don't extend to the number of his wives!"—Yonkers Statesman.

Freshen a Heavy Skin
With the antiseptic, fascinating Cuticura Talcum Powder, an exquisitely scented convenient, economical face, skin, baby and dusting powder and perfume. Renders other perfumes superfluous. One of the Cuticura Toilet Trio (Soap, Ointment, Talcum).—Adv.

Stated Financially.
"Edith is one of those girls whose interest in a man is governed by his wealth."
"I see; the greater the principal the greater the interest."

A young man seldom discovers he is in love until the girl in the case puts him next.

SOME EATS

Patience—I see by this paper that a woman at Hollis, Long Island, missed a diamond from a ring she was wearing, after making sandwiches for soldiers, and has come to the conclusion that the stone must have fallen into one of the sandwiches and been swallowed by some soldier.

Patrice—I've heard of that asked-for-bread-and-given-a-stone business before.

LUCKY STRIKE CIGARETTE

GET a package today. Notice the flavor—the wholesome taste of Kentucky Burley tobacco.

Why do so many "regular men" buy Lucky Strike cigarettes? They buy them for the special flavor of the toasted Burley tobacco.

There's the big reason—it's toasted, and real Burley. Make Lucky Strike your cigarette.

Poverty is the mother of many evils.

Why buy many bottles of other Vermifuges, when one bottle of Dr. Peery's "Dead Shot" will act surely and promptly? Adv.

A superstitious individual says it is a bad sign to write another man's name on a note.

Describing Her.
"Is she the kind of woman who knows it all?" "No, but she's the kind of woman who tells it all."

True.
Examiner in Physics: "What happens when a light falls into water at an angle of 45 degrees?"
Student: "It goes out."

A Sudden Plutocrat.
"A prize ring champion doesn't last long."
"He doesn't have to. After a few years it takes all his time to manage his large investments."

Shrewd Farmer.
"The boys are eating your green apples," said one of the country boarders.

"That's all right," said the farmer. "Let them eat all they want. It will keep them away from the table for the next three or four days, and I'll charge their daddies for the apples besides."

Preserving Morale.
Morale implies morals, and more. It may be possible to be perfectly clean morally and yet have low morale. Morale implies hope, courage, determination. Many a good man lacks these. He is good morally, but has lost his grip on the world and himself. In spite of his goodness he is doomed to defeat. On the other hand a man can't have the highest morale if his life is not clean. Mental and physical impurity are bound to leave their stain upon the life. Then in time of stress something will give way and the papers will talk about collapse and overwork and things. The only way to meet life's problems is to keep fit. That means more than mere eating and drinking. It means the proper care of the whole organism.

PLANES IN MISSION WORK

Gospel Workers Believe They Can Be of Considerable Value in Spreading the Word.

A flying boat or an airplane may soon form a part of the equipment of modern missions in Africa, according to a letter received by a motor corporation from the Congo Mission of the Disciples of Christ, the headquarters of which are at Coquilhartville, Belgian Congo, says the New York Evening Sun.

"We are interested in the matter of the purchase of flying boats to replace wholly or in part the fleet of launches which we have been planning for service in communication between our various stations," the letter stated. "We have a large river steamer for transportation between stations which seaplanes might supply. Our area is about 500 miles east and west and 200 miles north and south in extent.

"The whole area is covered well by an extensive system of waterways. In inland points landings might be made in small machines in the straight, smooth, central streets of the native towns, which in this section are usually clear of grass and other obstructions and are not less than 100 feet wide."

Needed Shaving.
"Doctor in?" asked the caller.
"Yes, sir," replied the maid.
"Can I see him?"
"I'm afraid not. He's upstairs in his room, shaving."
"Oh, very well. Take this bill he sent me up to him and see if he can shave that a little."

In Realms of Art.
"My fortune's made!" exclaimed the dancing teacher.
"Have you thought of a new dance?"
"No. But I've thought of a highly improper name for one."

Today is the best time for a good deed.
A good name is worth the best care a man can give it.
