

D. Wagner Geiss—for Recorder.

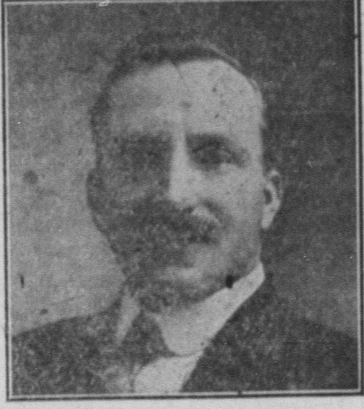

If Brown is successful in November, he will at once begin to lay plans for a fourth term.

If you want mismanagement of the county finances, for heaven's sake don't vote for Harter and Fry for county commissioners.

In Centre county a Democratic board of county commissioners always spelled economy and good management.

Two of the candidates on the Democratic ticket—D. Wagner Geiss and J. Frank Smith—were former residents of Centre Hall.

If the present Republican candidates for county commissioner are elected business will be done at the old stand like it was when the court house was built.

James E. Harter—for Treasurer.

J. E. Harter, of Coburn, has all the qualifications and personal make up for an ideal county treasurer.

It looks quite strange for the Republicans to hunt candidates from among the Democratic ranks, yet that was done when an effort was made to have "Dick" Taylor announce as a Republican candidate for sheriff.

Because a man can bluster about it no sign that he is fit to be elected a Centre county commissioner.

Dick Taylor is the only soldier candidate on either of the county tickets.

The Democrats of Centre county owe their united support to J. Frank Smith, candidate for register, and no doubt will give it.

Not in the past forty years has a Republican board of county commissioners given an economic and business like administration.

State College People Take to the Air.

A number of students and townspeople of State College took advantage of Aviator Gilbert Budwig's stay in that town, Saturday a week ago, to take a flight with him through space.

A fee of fifteen dollars was charged for a ride of approximately sixteen miles, the time consumed being fifteen minutes of actual flying time.

Speaking of the nerve shown by his various passengers, he said, "women have more nerve than men. I would rather take a woman up in my 'ship' than a man," he added.

Mr. Budwig is an American veteran in the flying game. Before the United States entered the war he was engaged in exhibition work and passenger carrying.
