

Your New Home

should be made artistic, sanitary and livable.

These walls should be Alabastined in the latest, up-to-the-minute nature color tints. Each room should reflect your own individuality and the treatment throughout be a complete perfect harmony in colors.

The walls of the old home, whether mansion or cottage, can be made just as attractive, just as sanitary, through the intelligent use of

Alabastine

Instead of kalsomine or wallpaper

How much better, when you have a new home, to start right than to have to correct errors afterward from former treatment with other materials, when you come to the use of Alabastine, as does nearly every one sooner or later.

Once your walls are Alabastined you can use any material over it should you desire, but having used Alabastine you will have no desire for any other treatment.

Alabastine is so easy to mix and apply—so lasting in its results—so absolutely sanitary—and so generally recognized as the proper decorative material in a class by itself that it is becoming difficult to manufacture fast enough to supply the demand.

Alabastine is a dry powder, put up in five-pound packages, white and beautiful tints, ready to mix and use by the addition of cold water, and with full directions on each package. Every package of genuine Alabastine has cross and circle printed in red.

Better write us for hand-made color designs and special suggestions. Give us your decorative problems and let us help you work them out.

WOMEN NEED SWAMP-ROOT

Thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

In the Museum.

"Where's the Human Fly?" "He can't perform today. His wife's been swatting him."

To Purify and Enrich the Blood Take GROVE'S TASTELESS CHILL TONIC which is simply IRON and QUININE suspended in Syrup. So Pleasant Even Children Like It. You can soon feel its strengthening, invigorating effect. Price 66c.

A man's opinions have more or less weight with his wife—usually less.

Liverease

Booyant, happy, healthy life. The whole world is ringing with laughter and filled with good cheer. Is your household one of these? How many mothers realize that FLETCHER'S OVALS is the fountain-head of the health of the whole family? The mother is the center. Her health of mind and body is reflected in everything around her.

Healthy mother—healthy children.

No man can hedge the way up for you and me. We have a monopoly on that ourselves.

\$100 Reward, \$100

Catarrh is a local disease greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system. HALL'S CATARRH MEDICINE destroys the foundation of the disease, gives the patient strength by improving the general health and assists nature in doing its work. \$10.00 for any case of Catarrh that HALL'S CATARRH MEDICINE fails to cure. Druggists 75c. Testimonials free. F. J. Cheney & Co., Toledo, Ohio.

Enjoyment of what we have beats envy of what the other man possesses.

The Silence Broken. She (frigidly)—I thought I heard something fall. "He (nervously)—I—I dropped a remark."

Important to Mothers. Examine carefully every bottle of CASTORIA, that famous old remedy for infants and children, and see that it bears the Signature of *Dr. J. C. Fletcher*. In Use for Over 30 Years. Children Cry for Fletcher's Castoria.

Just as cool as the milk of human kindness curdles life turns sour.

Doubling the diameter of a pipe increases its capacity four times.

Too Ill to Work

Scores of Women

in homes, stores, offices and factories are not fit to be at work. They toil on day after day and year after year suffering with distressing weaknesses and derangements, hoping against hope that they will soon feel better, but how can they hope to do good work or escape permanent invalidism?

Such women are in danger of derangement of women's functions. They owe it to themselves to try that good old fashioned root and herb remedy Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been restoring American Women to health and strength.

Here is a Notable Example

Joplin, Missouri.—"I took Lydia E. Pinkham's Vegetable Compound to see if it really would do as it was advertised and it sure did, and more. I was weak and could not do much work, had bearing down pains and had to go to bed. I learned about the Vegetable Compound from my mother and my husband told me to get it. After taking one bottle I was able to be on my feet most of the time and do my work again. I have a baby eleven months old and I have done all my own work, even the washing and ironing since she was three weeks old. I certainly recommend your great medicine to everyone who complains of female trouble and I am more than willing for you to use my testimonial."—Mrs. TIMOTHY GRANEY, 426 Connor Ave., Joplin, Mo.

And Another

Chicago, Illinois.—"I suffered for four years with pains in my sides, hips and legs and a terrible backache. I could not do any work at all. I was treated by many physicians but they did not help me. I read in one of your books where other women have been helped by Lydia E. Pinkham's Vegetable Compound, so I tried it and it helped me very much so that now I can do everything in the house. I have told my friends about Vegetable Compound and you have my permission to use this letter."—Mrs. I. OVENSTEIN, 902 S. Marshfield Avenue, Chicago, Ill.

Thousands of such Letters Prove the Curative Value of

Lydia E. Pinkham's Vegetable Compound

LYDIA E. PINKHAM MEDICINE CO., LYNN, MASS.

CONDUCTOR HAD HAD ENOUGH

Little Controversy With Passenger Became a Trifle Personal and He Shut It Off.

"Fare please?" "My fare is in the box." "Nix on that stuff. You went right by." "Bet your life I did. I been waitin' two hours for a chance to get inside." "Forget it. Pay your fare and cut out the bull." "Get off your foot, I dug up once." "Where'd you get on?" "Water street." "Yes, you did. What happened at River street, just now?" "Well, at River street, for one thing, a woman handed you a quarter and you bluffed her out of the change; at Hill street four people got on and you rang up three fares; at Prairie street, when you changed that \$5 gold-piece—"

At this point the conductor decided he had enough.

"Move on!" he shouted. "There's plenty of room up front. Don't be blockin' the gangway."—San Francisco Chronicle.

Used to Postponements.

"Then you are working for a judge?"

"You bet."

"Doesn't he kick you when you put things off?"

"Naw, he puts off half his own work each day."—Louisville Courier-Journal.

BIG FOOD SUPPLY NEGLECTED

Writer Points Out How Great Savings Might Be Effected By Cultivation of Certain Trees.

Nuts are the best of all tree crops because of their high food value, their long keeping qualities and the long life of the trees. But there are many other tree crops almost entirely neglected by us. In tropical countries the food of whole nations is largely derived from tree fruits, both for man and animal. The bread fruit, the banana, the avocado, the pawpaw, the carob, the fig, are examples. But with such fruits as the American pawpaw, the persimmon, the mulberry, the honey locust, the acorn and beechnut are neglected sources of food, especially for animals. Doctor Smith says that our domesticated animals eat about nine-tenths of our food crops, and that we spend a large part of our time waiting on these animals. Why not make our hogs and chickens, for example, wait on themselves by having good crop trees, many of which keep dropping their fruit over a large period of time, under which we can pasture them? In Portugal they entirely fatten their pigs on acorns and in some of the Mediterranean Islands on chestnuts.—Exchange.

Disgusted Gob.

Mother—Did you wipe your feet dear?

Junior Gob—Aw, what's the use of being in the navy if you hafta wipe your feet?—Judge.
