Dukeman might have obtained a furlough to go to France, but he didn't. Bellefonte was good enough for him.

William H. Fry, Democratic candidate for county commissioner, didn't get that title "captain" by enjoying the home fire side during the early sixties. Why not give him your vote now when he is asking it for an office for which he has exceptional qualifications.

State Agricultural Notes.

Fall plowing destroys insects.
Clean and grease all farm tools to prevent rusting while stored over-winter.
A farmer handles every ear of corn at least five times.

Do you know that most purebred cattle are now bought and sold subject to a sixty day tuberculin test?

The cabbage and turnip aphid spends the winter on cabbage stumps and foliage left in the field; destroy them.
A bulletin on all available bee literature can be had by asking the Bureau of Plant Industry, Pennsylvania Department of Agriculture, Harrisburg, Pa.

WHIPPET TANK "BAD ACTOR"

Instrument of Warfare That for Excellent Reasons Was Dreaded by the Kaiser's Huns.

It was with the "whippet" that imagination touched the "tanks." The whippet—so named I suppose from the speedy dog which chases rabbits to earth—is the pacing dromedary of tankdom. She is light—only a few tons I should guess—and instead of accommodating man Jonah-like in her entrails, carries a cab like a camel's hump, from which one can look, sometimes perpendicularly, behind. The whippet has two engines, one for each of her paw series, and that accounts for her eccentric motion. As she runs her eight, ten, up to a conceivable 20 miles, an hour, she squeals raucously. At a rock or a stump—both bad for tanks, which can be "hung up" on their "bellies"—she whirls with unbelievable rapidity, till your eyes are looking one way and your stomach another. Then she rumbles gaily over the field seeking for trees under 12 inches through to practice on, sees a trench, rises on her hind quarters, drops below sky-line with a teeth-shaking bump, grips the further bank, rolls up screaming and charges off for more.
A bank attracts her. She noses it until she finds an angle not quite, but almost perpendicular, and sticking her nails in the sod, worms, up, while you cling to the machine gun, and look at grass which is both back of and below you. And as she goes she spits oil, blows dust and flattens the world behind her. If an enemy, you may escape her by lying on the bottom of a trench; you can smash her with a shell if you can catch her on the wing, which is not easy; but the preferable place with a whippet is on top. Never was devised a more dangerous, humorous, human engine of warfare than this.—Henry Seidel Canby, in Yale Review.

THE DEATH RECORD.

CARLIN.—William J. Carlin, born at Reedsville, Feb. 23, 1856, died at his home in Rebersburg on Sunday, aged sixty-nine years, eight months and twenty-six days. Both of his parents are dead. He went to Rebersburg in 1871. He married Emma M. Letzel in 1870, and there were no children to this union; the widow alone survives. No brothers or sisters remain. He was elected to the office of Justice of the Peace in 1882, making an almost total tenure of thirty-seven years. As a public official he was held in the highest esteem in his community, being upright, square and deliberate in his judgments. In the county he was held as one of the foremost in that office; a good counselor, accurate in figures, always trying to have amicable adjustment of difficulties which are brought to a man in this position.

He was a charter member of I. O. O. F., No. 1004; a consistent member of the Lutheran church and never partial when the other churches had services—he was an attendant. He followed the mercantile business from 1893 to the spring of this year, when he retired to give closer attention to the work of his office. At the recent primary he was again nominated for re-election.
Funeral services were held at the house on Wednesday, 2 p. m., and burial made in Union cemetery. Rev. L. G. Shannon, his pastor, officiating.

KIMPORT.—Elizabeth Magdalene Kimport, better known as Bettie Kimport, second daughter of Daniel and Teresine Brandon Kimport, passed away at the home of her cousins, Lizzie and Warren Slack, at Potters Mills, on Friday, after a year's suffering from inoperable cancer, aged forty-nine years. She was born in Harris-township. She served as a faithful member of the Church of Christ, in Altoona, since 1903. She leaves two sisters, namely, Mrs. Ella Hamilton, of Kewance, Ill. and C. Narcissus Kimport, of Potters Mills.

SPICER.—Mrs. Sarah F. (Barett) Spicer, widow of John Spicer, died at the home of her daughter, Mrs. Fred Wells, about three miles west of Centre Hall, on Wednesday of last week, of dropsy, aged seventy-eight years. The body was conveyed to Milesburg, on Saturday, for burial in the Advent cemetery. Two sons and five daughters survive, namely, John and George Spicer, of State College; Mrs. Mary Williams, of Tyrone; Mrs. Susan Walk, of DuBois; Mrs. Laura Williams, of Clearfield; Mrs. Frank Young, of Lewistown, and Mrs. Fred Wells, of near Centre Hall.

CLEMENTS.—George S. Clements, who for about eighteen years was a resident of Centre Hall, later moving to Bellefonte, died on September 28th at the Zaneville, Ohio, hospital. The deceased was aged about seventy-nine years, having been born on January 11th, 1840. He was a veteran of the Civil war. For a number of years he followed the occupation of well driller. He is survived by these children: Mrs. Frank P. Bartley, of Bellefonte; Guy Clements, of Kansas City; Mrs. John Lavan, of Watsonstown; Roy Clements and Mrs. Allen Harter, of Zion, and Mrs. Edward Houser, of Meadville. Surviving also are these sisters: Mrs. John Bailey, of McConnellsville, Ohio; Mrs. Harriet Bailey, of Bailey's Ridge, Ohio, and Mrs. Nancy Wetherall, of Athens, Ohio. He was a member of Centre Hall lodge, I. O. O. F., for many years and continued his membership here until the end.

BEST.—Mrs. Howard Best, formerly of Bellefonte, died at her home in Lewistown on Friday, from the effects of injuries sustained in a fall from a balcony at her home. Her body was conveyed to Bellefonte, on Sunday, where burial was made the following day.

BOHN.—Mrs. Charles Bohn died in Montroseville, Ohio, on the 12th inst., and was buried on the 14th, according to word received by friends in Boalsburg last week.

The truck from the Loysville Orphans Home will be in Centre Hall on Monday, 27th inst. All articles to be sent to the home should be brought to the church Friday or Saturday of this week.

Near East People in Need of Clothing.

Outside clothing, under garments, miscellaneous wool garments, and footwear are especially needed for the immediate relief of Armenians who are striving for lack of food and from exposure due to scarcity of proper clothing. Centre counts are urged most earnestly to contribute articles of clothing for this purpose. Such contributions may be taken or sent at any time between Oct. 20th and Oct. 27th to the room in the Crider Stone Building, Bellefonte, formerly occupied by W. C. Cassidy. The McVey Company present occupants have very generously tendered the use of the room for the purpose of the Armenian Relief Committee. Shoes should be tied together in pairs. Hats, with the exception of caps are not needed.

No High Price for Sugar Says Palmer.

Attorney General Palmer threatened prosecutions against the beet sugar refiners who ask higher prices than those set by the sugar equalization board. Palmer's announcement said that the wholesale prices had been fixed by the board at "ten cents cash, less two per cent sea board basis." Palmer's warning was telegraphed to the beet sugar refiners throughout the country. The board and the department of justice are cooperating to get the best results.

Writes John Simpkins, farmer of Annandale, N. J.: "Rats were costing me hundreds yearly; tried dogs, ferrets, poison, could not get rid of them. Bought \$1.00 pkg. of RAT-SNAP (5 cakes). Used half, not a live rat since. Dead ones aplenty. I like RAT-SNAP because after killing rats it dries them up—leaves no smell." Three sizes 25c, 50c, \$1.00. Sold and guaranteed by C. M. POLITICAL ADVERTISEMENT

TO THE VOTERS OF CENTRE COUNTY:

The office of the County Commissioner is the most important issue before the voters of Centre county today. It affects the pocketbook of every voter. A person elected to the office of County Commissioner is one of the directors of the largest corporation in the county, with a capital stock of almost \$14,000,000.00. The work of this office has increased 50 per cent. in the last four years, not only in dollars and cents, but in items. Three-fourths of the taxes paid into our county-seat are paid outside of the boroughs; therefore the office should be represented by one or two farmers.

VOTE FOR GEO. M. HARTER FOR COUNTY COMMISSIONER. Your vote and influence will be much appreciated.

It is a thing almost too beautiful, too sublime, for words. The high art of the screen must remain as a closed book to those who do not see and know

What Is a "Single-Cure, Wrapped-Tread" Tire?
It is a tire built by a special process which eliminates the necessity of curing tires under tremendous hydraulic pressure. Such pressure, used in making ordinary tires, for the sake of quick production, is responsible for the flattening of fibres which results in premature "blow-outs" and limited mileage.
In the "single-cure, wrapped-tread" method, the manufacturer welds together the various "ingredients" of the tire without jamming or displacing a single element. In this way only it is possible to conserve the native strength and resiliency of the fabric which forms the foundation of long-mileage.
It is the "single-cure, wrapped-tread" process that has made the Globe hand-made tire the longest mileage tire ever produced.
