**HALEY'S COMET 61 YEARS AGO**

Is Same Terrific Wanderer in Space That Has Appeared Down the Ages.

The world was up all night September 12, 1910. Haley's comet blazed across the roof of the world. This "great comet," whose revolution occupied 292 years, was first seen in August, 1858, by a gentleman in Altona, but Haley's comet, named after the astronomer who calculated its progress, is the same terrific wanderer in depths of space that has appeared down the ages, and to which successive names have been given—Bela's comet, Donati's comet, etc. From the records of history it seems that the comet appears to foretell some world disaster. It appeared before the fall of Jerusalem under Titus; in the reign of Louis the Debonair, 837, and the king died shortly after; it appeared before the death of Caesar, 43 B. C. Again it appeared three years after the capture of Constantinople by the Turks, 1456. It appeared in 1861, just before the Civil war, and in 1910, before the great war.

What is a comet? It is a member of the solar republic—a hirsute star, a vagabond orb, that travels at almost incalculable speed, whose tail is fifty-five million miles long—who approaches the sun, not to be consumed in it, but to draw from that radiant source the energy necessary for its future travels in the unknown abysses of the firmament. It has its own orbit which it follows. What mind dare follow that?

**WAR RECORD OF LEVIATHAN**

Monster Transport Carried Many Thousands of Soldiers to French Ports.

The giant transport Leviathan, following her arrival in New York harbor with Gen. Pershing and troops of the First division, brought to a close her important service in helping win the war. The big ship, after being refitted for passenger service, is to be turned back to the United States shipping board, the agency which seized it when the United States entered the war. While the future of the ship is uncertain, it is reported that she will be assigned to American passenger trade between New York and Liverpool, with possible extension in the future of a service to Hamburg.

The Leviathan, formerly the Vaterland, the second largest ship in the world, was interned in New York by the Germans in 1914. She was "willfully damaged" to the extent of more than \$1,000,000. After being reconditioned by American engineers, she was assigned as a transport, and during and since the war made 19 round trips on the Atlantic, carrying a total of 185,500 soldiers, of whom 98,321 were carried overseas through submarine-infested seas. She was always a mark for U-boats, but her speed and the armament with which she was equipped saved her.

Rome and Romeo. "Was Rome founded by Romeo?" inquired a pupil of the teacher. "No, my boy," replied the wise man. "It was Juliet who was found dead by Romeo."

Versatility. "Versatile?" said the genius' friend musingly. "Yes, on the whole, I think I should call Jones versatile. He's the sort of man who, if he were a piece of furniture, would be one of those book cases that turn into a folding bed at night."

S. O. S. If Constipated, Bilious or Headachy, take "Cascarets"

Sick headache, biliousness, coated tongue, or sour, gassy stomach—always trace this to torpid liver; delayed, fermenting food in the bowels.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissues it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep.—Adv.

**Honest Advertising.**

THIS is a topic we all hear now-a-days because so many people are inclined to exaggerate. Yet has any physician told you that we claimed unreasonable remedial properties for Fletcher's Castoria? Just ask them. We won't answer it ourselves, we know what the answer will be.

That it has all the virtues to-day that was claimed for it in its early days is to be found in its increased use, the recommendation by prominent physicians, and our assurance that its standard will be maintained.

Imitations are to be found in some stores and only because of the Castoria that Mr. Fletcher created. But it is not the genuine Castoria that Mr. Fletcher Honestly advertised, Honestly placed before the public and from which he Honestly expects to receive his reward.

**Children Cry For Fletcher's CASTORIA**

Special Care of Baby.

That Baby should have a bed of its own all are agreed. Yet it is more reasonable for an infant to sleep with grown-ups than to use a man's medicine in an attempt to regulate the delicate organism of that same infant. Either practice is to be shunned. Neither would be tolerated by specialists in children's diseases.

Your Physician will tell you that Baby's medicine must be prepared with even greater care than Baby's food.

A Baby's stomach when in good health is too often disarranged by improper food. Could you for a moment, then, think of giving to your ailing child anything but a medicine especially prepared for infants and children? Don't be deceived.

Make a mental note of this:—It is important, Mothers, that you should remember that to function well, the digestive organs of your Baby must receive special care. No Baby is so abnormal that the desired results may be had from the use of medicines primarily prepared for grown-ups.

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA
