

"I Have Done All I Could Do to Help Make the World Safe for Humanity. What Are You Willing to Do for Me?"—E. R. TAYLOR, Candidate for Sheriff of Centre County.

CAPT. W. H. FRY.

Capt. William H. Fry is a native of Furguson township, was born and has spent practically all of his life within the site of the place where his parents, Conrad and Mary Fry, pioneer settlers, located. His grandfather, Conrad Fry, having been a veteran of the war of 1812.

He was reared much as country boys of his time were; spending his summers on the farm and in winter engaging at whatever occupation presented itself. His earlier education was acquired at the country schools which were in session only about six weeks of the year but at the age of fourteen he entered the Pine Grove Mills Academy, in those days a leading educational institution and along with the late James A. Beaver, Col. D. F. Fortney and others of note who were fellow students there, fitted himself for teaching. So proficient did he become that he taught the Pine Grove grammar school three terms and then conducted a subscription school of his own and was made secretary of the school board before he was seventeen years of age. Capt. Fry still takes a lively interest in educational matters and is continually working for the advancement of the schools.

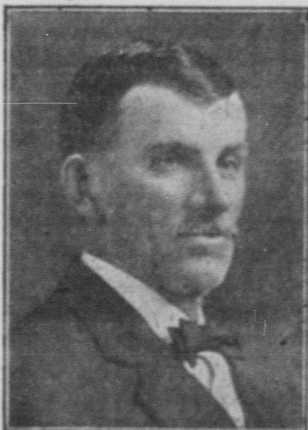

When the war broke out he volunteered with the Scott Guards, organized at Baileyville, in June 1861, by Capt. Henry Stevens, a Mexican war veteran. At the battle of South Mountains he was seriously wounded in the head and laid on the battle field for several days before being found. His injury was so serious that it was necessary to cover a portion of his skull with a silver plate which he still carries. After the operation he was honorably discharged and sent home, but upon his return found all his comrades still at the front and he was unable to suppress the restlessness that got back, so remaining only a month he "beat" his way to Washington in the hope of getting back with the old company. He was rejected, however, for physical disability and had to return home.

After the close of the war he became a charter member of old Co. B, of Bellefonte, and was its 2nd Sergt. after serving as orderly sergeant of the company.

Besides his work as a farmer he has been a practicing veterinarian for forty years and most every one knows that no condition of weather or his own health has ever deterred Capt. Fry from answering the calls of those who had sick animals. Much of this work he has done gratuitously, in fact it always seemed that his desire was to do a favor rather than earn a fee.

He was elected vice president of the State Veterinary Medical Association in 1917 and is highly regarded in his pro

GEO. M. HARTER.

George M. Harter, nominee for the office of County Commissioner, is a native of Marion township. He was born on the old Harter homestead farm in 1884, in a house in which his father was born and which is still standing. All his life he has followed farming and has been quite successful. He now lives on his own farm, familiarly known as the William Irvin homestead, consisting of 194 acres, 150 being cultivated.

Mr. Harter secured his early education in the public schools of Marion township and when fifteen years of age his beloved mother passed away. His best education then started. Experience was his teacher and though severe, proved a good one.

He took an active part in promoting the First National bank at Howard and it was no easy task in disposing of enough shares of stock at par value of \$100 to get the bank started. It was done, however, and today there is no prettier building in the Bald Eagle valley than the First National bank of Howard home, the pride of Howard, George M. Harter is one of the directors deserving of credit for this success.

January 1, 1919, he will end his thirtieth year as justice of the peace of Marion township, a record worthy of note. His decisions have been very satisfactory as he understands human nature and believes in tempering justice with mercy. He has been township auditor for the past nineteen years and is still a member of the board. Prior to being auditor he was overseer of the poor for a number of years. In 1895 he served as tax collector and had an unusually difficult task but met it as usual, in a satisfactory and creditable manner. It will be recalled that that was the year of the panic. For a period of thirty-four years he has been actively identified as a member of Marion Grange, No. 233.

E. and Logans Fire Co., of Bellefonte, retiring through friendly and of pleasing personality—possessing in marked degrees that quiet leadership and force that so many people admire and so few attain. In contrast to the wavering nervous, excitable nature he is steady, fearless and quietly determined. He loves order and discipline and likes to have it achieved with no fussing. The Sheriff of Centre county is the chief executive and should have that special training that Capt. Taylor has had if he would prove efficient.

He is affiliated with the Reformed church and has been Sunday school superintendent for the past twenty years.

Mr. Harter is in the prime of life, in the prime of successful life, and aspires to be County Commissioner. Everywhere voters talk they are favorable to Mr. Harter as the man for the office. He is widely and favorably known throughout the county and holds in his confidence a host of friends, whose highest respect and esteem he enjoys. Every one should now be working for him and should support him for the office to which he aspires, for, where can you find a man better suited for this service. He is a man of capacity, ability, good business sense, sound judgement, fearless attitude, standing for the right, easily approached and friendly, with a keen instinct to do the right thing at the right time and a desire always to do those things that shall cast a worthy reflection on himself and those whom he serves. He has been using methods and learning good business every day for the past thirty-five years. He will use the same methods in transacting the business of the county. Do you know a better man for the office? If you do not it is your duty to vote for Mr. Harter, regardless of politics.

Community Day at Spring Mills.

In spite of threatening skies the Community Day exercises held on Friday at the Vocational School at Spring Mills, were carried out very successfully. An all-day program included stock judging in the forenoon, speeches and the awarding of prizes in the Grange Hall immediately after dinner, and athletic games and the inspection of the extensive exhibits during the afternoon. The purchased stock of the County Calf Club and the County Pig Club was exhibited on the beautiful lawn of the Vocational School, and great interest was shown in the work of the judges. A. A. Borland, head of the department of Dairy Husbandry, State College, judged the calves; H. H. Havner, specialist in live stock, State College, the pigs; Mr. Galt, State College, the exhibits of fruit and vegetables; Miss Stratton, State College, the exhibits of the Home Making Dept. The entire exhibit was noteworthy for its unusually high grade. The purchased live stock excited the admiration of all. In the building of the Vocational School approximately a thousand exhibits, attractively displayed on tables and walls, won high praise from the hundreds who inspected them. Separate exhibition space was allotted to each of the Gregg Township schools, and the excellent exhibits they contributed were greatly admired. The fine display of Farmers Mills school is worthy of special mention. Altogether it was a miniature Grangers' Picnic, and from all sides came praise for the fine quality of the exhibits of every department; corn and fruit shared honors with the beautiful needlework of the Home Making Dept. The girls of this department contributed much to the enjoyment of the day by serving light refreshments during the noon hour.

The speakers, who spoke to the crowded hall, were: Prof. W. S. Taylor, head of the dept. of Rural Life; Miss Chase, Director of Home Making; A. A. Borland, Dairy Husbandry; H. H. Havner, Mr. Galt, all of State College, and County Agent Olmstead who presented the prizes.

COUNTY TEACHERS' INSTITUTE TO BE HELD NOV. 10-14.

Plans Perfected by Supt. Eters for Holding Annual Session at Bellefonte.

Prof. D. O. Eters, of State College, County Superintendent of Schools, has about completed arrangements for holding the annual Institute of Centre County Teachers at the Court House in Bellefonte, beginning Monday, November 10th. The instructors secured for the Institute include Dr. Oscar T. Corson, of Columbus, Ohio; Dr. C. C. Ellis, of Huntingdon; and Prof. Charles Lose, principal of the Lock Haven Normal School. Prof. J. W. Yoder, of Southampton, Pa., will have charge of the music. The evening entertainments will be as follows:

- Monday—Lecture, "Russia's Death and Resurrection," by Dr. George Lawrence Parker, of Boston. Tuesday—Concert by the Light Opera Revue. Wednesday—"The Indisputable Tools of Democracy," by Frank Dixon, of Brooklyn. Thursday—Concert by the American Concert Grand Quartette. General admission, 50.

All public schools in the county must be closed while time the Institute is in session. Any teacher absenting himself from the Institute, not only loses the pay which he would receive for attendance but he forfeits from his first month's salary following the Institute an amount equal to the salary which he would have received for attendance.

In all likelihood the amendments to the school code revising teachers' salaries will be explained and discussed during the Institute. Under the new minimum salaries are on the following basis: Teachers holding provisional certificates, \$60 per school month; professional or normal school certificates, \$70; State normal school diplomas, county permanent certificates, State permanent certificates or college provisional certificates, \$80. Each teacher, principal, supervisor, director of special subjects, or any of his assistants in school districts of the second, third and fourth class who holds a certificate other than a provisional certificate and who for the school year 1918 and 1919 received a salary of less than \$100 per school month but whose salary is not increased at least 25 per cent. by the schedule outlined shall receive an increase of 25 per cent. Those receiving \$100 and not more than \$150 per school month receive an increase of 30 per cent; those receiving more than \$150 and less than \$200 receive 15 per cent., and those receiving more than \$200 shall receive

10 per cent. increase. In addition to the minimum salary provided for teachers of "rural schools" holding certificates higher than provisional certificates the law directs that the State shall pay \$5 per month. A "rural school" is designated as one that is not a high school and is located in the open country, or any school not a high school situated in small centres of population.

Building Operations.

John H. Durst is building a substantial addition to his home immediately south of the borough line. Lawrence Runkle is beginning the building of his new home opposite the Grange hall. Domer S. Ishler is preparing to build a 28x22-foot barn on his lot on Hoffer street, to house his rural mail-carrying equipment of horses, rigs and automobile.

Ex-Soldier Surprised on Birthday.

A very delightful surprise party was held at the home of Mr. and Mrs. Samuel Coble, of Linden Hall, on the evening of Oct. 21, in honor of their son, Calvin, a veteran of the World War, who on that day celebrated his twenty-sixth birthday.

So well were the details of the party camouflaged and equally great the surprise on the part of the ex-soldier that when he entered the house he was on the verge of retreating to the woods but quick action on the part of several young people soon changed his idea of such a rash act and before he realized what had happened he was ushered into the midst of sixty or more friends who proceeded to show him a good time. Later in the evening a heavy barrage of cake and sweets was laid down before the guests.

Eye Specialists Coming.

Gohl, Rinkenbach & Rouse, three reliable optometrists and opticians, Harrisburg, will be found at Centre Hall hotel, Thursday, November 6th, on their regular monthly trip to Centre Hall.

If your eyes need attention, call on these specialists next Thursday. Glasses properly fitted are a source of great comfort. Much depends on the examination to determine the kind glasses needed. These specialists examine eyes, make and fit glasses in a thoroughly scientific manner.

Their record for satisfactory service for the past two years in this locality is evidence of their reliability.
