STORMSTOWN PIG CLUB

ROUND UP; GIRLS WIN.

Girls Clean Up Boys in Feeding Contest Staged by Farm Bureau.

A pure-bred Pig Club for boys and girls was organized last spring in the vicinity of Stormstown by the Centre County Farm Bureau. Young pure-bred registered gilts were brought in and distributed by lot among the boys and girls who wished to enter the contest. Seven Duroc Jerseys and seven Berkshires made up the group of pigs brought in for the club.

During the past summer these pigs were fed by the various contestants to see which one could grow out the best pig and put on the largest gain per day. On Saturday these pigs were all rounded-up, weighed, judged and prizes awarded to the winners as follows:

Duroc Club—Winifred Wilson 1st, Martha Beck 2nd; George Ellenberger 3rd; Eugene Ellenberger 4th; Wm. Bieckle 5th; John Stuart 6th.

Berkshire Club—Herbert Way 1st; Robert Way 2nd; Joseph Ebs 3rd; S. P. Gray 4th; Jesse Gray 5th.

Sweepstakes Prizes for both clubs consisted of a pure-bred Berkshire Gilt and was won by Winifred Wilson. The other prizes consisted of Agricultural books and magazines which were donated by the First National Bank of State College and the First National Bank of Philipsburg.

These gilts will all be bred for spring litters and should go a long way toward establishing good foundation stock for that community.

POTTERS MILLS.

Why has no other instrument been subjected to the TONE TEST?

There are many devices for the reproduction of sound—more than ninety makes, it is said. Many are widely advertised. Why has but one been subjected to the Tone Test? The reason is clear. There is but one which can meet the Tone Test, and that is THE

New Edison

"The Phonograph with a Soul"

The Tone Test is the supreme and searching test of an instrument's quality. In a Tone Test, the artist stands beside the instrument in direct comparison with the New Edison's RE-CREATION of his voice. Occasionally the singer ceases while the instrument continues alone. Can you tell when the break occurs? That is the question. Can you distinguish the living voice from the RE-CREATED voice? More than two million people have sought to do so. Not one has succeeded.

More than 1500 public Tone Tests have been conducted. Always the New Edison has emerged successfully.

Come and satisfy yourself about the New Edison. We will gladly demonstrate it.
