### THE BORO VOTE.

#### Two Republican Councilmen Elected. -Tie on Second School Director.

The one hundred and fifty citizens of Centre Hall borough who went to the polls on Tuesday, did much splitting in voting the local ticket. Most of the cutting was done in voting for councilman and school director. In the former two Republicans-Smith and Shirk-won over Boozer and Goodhart, Democrats. In the latter Geary polled the normal Democratic vote, while Dauberman lost a part of his party's vote, the same being applied to C. F. Emery, Republican. The result was a tie-73 votes. The matter of deciding which of the two candidates is the winner is in the hands of the school board and must be decided Frank Sasserman, R by election at a meeting of the board to be held at the close of Mr. Dauberman's present term.

Notice to Subscribers. For the past two weeks the Reporter's shipment of ready prints has strayed in shipment, reaching us too late to be of any use, provided we wanted our readers to have their paper on time. This necessitated using an old lot of papers which we held for emergency, and accounts for the antiquated news on several of the inside pages. We regret this condition exceedingly and trust that it may not happen again.

Cabling Fifty Years Ago.

The enormous mass of matter which is being cabled from Paris may recall to some old newspaper men the difficulties with which the work was accomplished fifty years ago. For one thing the rate was then a sovereign-\$5-a word, and the gentleman presiding over the London end of the Anglo-American Telegraph company was an autocrat who did not much believe in special facilities for the press, and among other things exacted that the word "London"-representing a sovereign-should be added to the signature in each case. "You approached his office," it was written, "as you would approach a shrine, a temple of some far-off deity," and when press messages were allowed to go at a reduced rate he imposed a code under which he dealt with them as he chose, which meant that there was no knowing how or when they would be dispatched.
