## EDDIE COLLINS NOT YET ON DOWN GRADE

White Sox Star Looks Good for Many More Campaigns.

Probably in Slump Such as All Players Are Liable to Encounter-Failed to Come Through in Pinches in Big Series.

Since Eddie Collins' showing in the world's series, an exhibition far below what was expected of the so-called king of second basemen, baseball followers are beginning to wonder how much longer the star infielder of the White Sox will remain at the top of his class. Many noticed signs that he was slipping in the games with the Reds. Certainly he wasn't the Collins of old in the post season battles. He looked no better than Rath, who was not supposed to be in the same class with the American leaguer.

Maybe it was that Collins was just in a temporary slump such as all players, no matter how great, have every now and then. His playing in the league campaign would hardly bear out the belief that his life as a star has about run its course, writes J. V. Fitzgerald in Washington Post. He played his usual dependable game during the pennant race.

But it is true that he was below the form expected of him in the big series. In other post season games in which he has engaged he has outdone himself. And this failure to

ome through in the pinches against the Reds is no doubt what has started the fans to wondering if, like all other great players, Collins is finally coming to the end of his rope in the

big show. As ages go, Collins is still a young man. He is only thirty-two, but for a ball player, and particularly an infielder, that is a rather ripe age. And as service goes he is one of the real veterans in the big leagues. He has been playing professional baseball since 1906. He has seen 14 sensons come and go in the national pastime.

### POUGHKEEPSIE COURSE IS SHORTENED A MILE

For the first time in the twenty-two years of its history, the varsity race at the Poughkeepsie regatta next June will be for three miles instead of the traditional four. The new course probably will start at the Columbia boat-house, one mile below the old starting point, and will finish in the same place as in the past, about one mile below the high bridge. This announcement was made tonight by Charles Halsted Mapes, chairman of the board of stewards of the annual rowing classic.

BREAKFAST DISHES.

Of all breakfast cakes the griddle cake is the one most favored; the edible varieties are

easily distinguished from the dark, soggy, leaden varieties found in eating houses and even in private kitchens. Batter for grid-

dle cakes should be thoroughly beaten, and an egg or two will be found quite an addition to the texture of the cakes. Use a cake turner and never turn a cake but once, as a soggy cake is sure to result. A perfect pancake batter will be smooth elastic and will keep its shape when spread on the griddle.

Buckwheat Griddle Cakes,-For the colder months these cakes are more common than the wheat and are used quite freely. Be sure to get a good brand of buckwheat flour. Make a batter of cold water and buckwheat flour with a softened yeast cake, or if home-made yeast is used, a half-cupful, then set away in a warm place to rise overnight. In the morning. take out a cupful of the batter to use for the next day's cakes. Add water and more buckwheat flour to make a thick batter and set away. To the batter which is to be used for the morning's cakes add sour or sweet milk, salt and a bit of soda; beat and thin to a good batter, then cook as usual. A thin batter makes a more tender cake. This original batter will be good for several weeks if the breakfast batter is never added to that to be used the next day.

Rice Pancakes.-Mix two cupfuls of boiled rice with two cupfuls of milk and let stand in a cool place overnight. In the morning add three cupfuls of sifted flour, one teaspoonful of salt, one tablespoonful of melted butter and one tablespoonful of sugar. Beat until thoroughly mixed with two cupfuls of milk, a tablespoonful of baking powder and three eggs, the stiffly-beaten whites added

Perfection Muffins.-Mix together three cupfuls of flour, one cupful of cornmeal, two teaspoonfuls of baking powder, one tablespoonful of sugar and one teaspoonful of salt. Work in two tablespoonfuls of butter or lard; ndd three beaten eggs and two cupfuls of milk. Beat well and bake in buttered muffin tins.
