THE DEATH RECORD.

WEAVER.—Wallace W. Weaver died in the University hospital, Philadelphia, Friday of last week. The remains were brought to the home of his father, A. J. Weaver, of near Tusseyville, on Tuesday, and Wednesday funeral services were conducted from the parental home, the officiating ministers being Rev. Manevel of Colyer and Rev. Stanley Wentz, both of the Evangelical church. Interment was made in Zion Hill cemetery.

Mr. Weaver underwent two operations. After the first operation it was thought he would recover, but when it became necessary to again apply the knife the seriousness was well understood. He had been a sufferer for almost a year. Mr. Weaver was a telegrapher and was employed by the P. R. Co. at Ridgewood, Luzerne county. Had he lived he would have attained his thirty-fifth birthday on Christmas day. He was a man of fine qualities, and highly regarded by all his acquaintances. There survive him his wife, nee Miss Herma W. Hill, of Leesport, Bucks county, and three children, namely, Carl, Willa and Harry, also his parents and Harry B. Weaver, a brother, of Bellefonte, and Miss Willa, a sister, at home.

"Lessons from the Great War."

Former Congressman Finley H. Gray, of Indiana, will appear in Grange Arcadia, Friday night, of this week, as the second number of the Centre Hall lecture course. Here are a few of many comments.

Hon. Champ Clark says of him: "He is one of the most magnetic and effective speakers among public men of today."

The Washington (D. C.) Star says: "When Gray speaks the House stands still. He gets more applause than any ten men on either side combined."

San Francisco (Cal.) Star:

Finley H. Gray, of Indiana, is one of the clearest thinkers in the American Congress. He is in many respects a strange and unusual man, a genius in every sense of the word. When he speaks he speaks as one inspired, and his remarks in the Record the following morning are literature.

Finley H. Gray is considered one of the most sincere and gifted friends the plain people have in public life today.

The Corn Shredder at Work.

Scarcely a season of corn shredding goes by without some one being seriously injured by coming in too close contact with the machine. The latest report of such an accident comes from Struble, near State College, where on Thursday of last week Orin Johnson, age thirty-five years and married, got his hand into a shredder. A companion near grabbed Mr. Johnson, preventing the arm being drawn into the machine further than the elbow. The injured man was taken to the Glenn sanatorium, State College, where the mangled arm was amputated between the elbow and shoulder.

Horner Property Sold.

The Calvin Horner property, on west main street, was sold through the Bartholomew agency, to Miss Sarah McClenahan for one thousand dollars. There are three acres of land and a dwelling house. This place was occupied by Jasper Wagner until his removal to Spring Mills.

The acquisition of this property by Miss McClenahan gives her five properties on one square, the others being located just across the street. These are in addition to the home she lives in on west Church street.

Entertainment.

A "Tom Thumb Wedding, or "Marriage of the Midgets," will be given in Grange hall, Friday evening, December 19th, under the auspices of the Ladies' Aid Society of the Methodist Church. The entertainment will be a real "society" affair and will be participated in by at least seventy of our youngest lads and lassies. The play is managed and conducted by May Burnworth, a director, who comes highly recommended, and will prove both entertaining and instructive. Admission, 35 and 20 cents.

LaCrosse TRACTOR  
\$1250 Cut to \$895  
WE are pleased to announce that in spite of rising costs the production of the La Crosse Tractor has become so standardized that we offer a reduction of \$355 from the former price of \$1250.  
We have been allotted a limited number for distribution at the remarkably low price of \$895. This is the standard Model G three-plow tractor, rated at a full 2,000 pounds drawbar pull. With its perfect kerosene burner and its own twin cylinder horizontal motor it holds many records for low fuel cost and dependability.  
The price of \$895 is for the tractor complete with belt pulley, fenders and governor ready for work.  
It has the fewest number of parts and every part is very accessible. There are thousands of these tractors being used successfully under many different conditions.  
If you ever intend to have a tractor here is your opportunity to get a dependable three-plow tractor at a price only made possible by standardized quantity production.  
During the next two weeks we will be increasing our number of dealers. If we do not have an agent in your community, and you know a live dealer who wishes to build a permanent tractor business on a proven success, urge him to write us at once.  
Even though the production on this standard model will be more than doubled in 1920, the factory cannot promise delivery beyond present allotments.
