

McCormick, — Deering, — International, — P&O

The Most Reliable Harvesting and Haying Machines

The Most Efficient Tractors and Power Machines

The Most Popular Plows and Tillage Implements

You know these trade names. Your father and grandfather knew three of them. They knew in their time, and you know today that these names stand for the highest quality farm machinery in the world. McCormick built the first practical reaper, Deering sold the first twine binder and was a good-twine pioneer and William Parlin was one of the first steel plow pioneers. The lines of harvesting machines and plows started by these farm machine builders have been growing and developing ever since. Other machines have been invented and developed by the same manufacturers, and every new machine and implement has had built into it the years of manufacturing experience and farm knowledge accumulated by McCormick, Deering, Parlin and their successors. Now all these machines and implements have been merged into one line—the International Harvester. The reputation of every machine and implement in this line is the same.

WE SELL THE INTERNATIONAL LINE

What does this mean to you as a farmer? It means first of all, that you can buy any farm machine or implement you may need, right here in this town, without taking chances on experiments or implements that might be "orphaned" one or two years after you buy them because of the manufacturer going out of business. You can always get repairs for any machine or implement in the International line because the Harvester Company will never go out of business. You are assured of reliable machines because every machine in the Harvester line is tried out and tested under actual farm conditions, before being offered for sale to the farmer. The Experimental Department of the Harvester Company is the most thorough and active institution of its kind.

It means second, that you can get repairs and re-

pair service on all of these machines through one concern—us. You don't have to go to the bother and inconvenience of trying to get repairs and service from a half a dozen or more different companies. You won't be taking chances on expensive delays waiting for repairs during the busy seasons because we are going to carry a big stock of repairs on hand and any repairs that we might not have we can get for you in a hurry by a phone call to the International Harvester branch house.

Tack this advertisement up in your machine shed so that whenever you need repairs for any of your International machines you will know where to go. Also you will know where to go when you are in the market for new machines or implements of real quality and the highest operating efficiency.

THE DEATH RECORD.

WOLF.—Mrs. Susan Wolf, relict of Robert M. Wolf, passed away at her home at Woodward, on Friday noon, aged about seventy-two years. She had been an invalid for the past four years and confined to bed for the past year. She was a daughter of George and Mary Musser, early settlers of Aaronsburg, where she was born, and in 1879 married to Mr. Wolf, then a merchant at Woodward. He died in 1905 and she continued the mercantile business until failing health intervened. She was a member of the Evangelical church. Two daughters survive. Mrs. Carl Motz, and Mrs. Harris Stover, of Woodward; four brothers—J. H. Miller, of Rock Springs; James, of Lena, Ill.; Robert, of Greenville, Ill.; Charles, of Iowa; three sisters—Mrs. Mary Crawford, Freeport, Ill.; Mrs. J. H. Keller, Linden Hall; Mrs. J. H. Williams, Pine Grove Mills. Burial was made Tuesday afternoon at Woodward.

WOOMER.—Mrs. Regina, wife of Ivan Woomer, past away at her home in Graysville of heart trouble, aged seventy-eight years. She was a member of the Presbyterian church. Her husband, five daughters and three sons survive, besides four half brothers and three half sisters. Burial was made at Graysville on Saturday.

TAYLOR.—Lewis "Solefelt" Taylor, aged about sixty years, died at the Lewistown hospital on Sunday. He was well known about Potters Mills, where he spent much time during the past year.

LINDEN HALL.

F. E. Weiland, census enumerator for Harris township, completed the work on Tuesday.

Mrs. Nellie Bennet and little daughter, of Tyrone, are spending a few weeks at the George Searson home.

Little George, youngest son of Mr. and Mrs. George Lohr, had his leg broken on Saturday, when the sled on which he was coasting ran into a rail fence.

Miss Carrie Cummings spent part of last week with her uncle, Howard Prrazier, returning to her home at Aaronsburg on Friday.

Mr. and Mrs. George Houser and two children, of Freeport, spent last week visiting their cousin, William Houser and family, leaving on Saturday for Lemont, where they will spend a few weeks before returning home.

The C. K. Sober chestnut farm, in Fish Valley, near Shamokin, was sold to Wilmington, Delaware, and Washington parties for the sum of \$50,000.

A Lesson on Curing Hay.

W. A. Burg, an expert on hay, gave an exceedingly profitable talk in Grange Arcadia, Tuesday evening, to farmers in explanation of the John Dreere-Dain system of air curing hay. The secret in curing hay is to have the evaporation of moisture be natural which is through the leaves. This can be done by using the Dreere rake. If there were any skeptics after Burg's talk, they were thoroughly convinced by examining a bunch of hay exhibited by W. H. Homan, east of town, which had been cured by this system. The color and pliability of the hay was a revelation to every farmer who examined it, and it undoubtedly had a feeding value high above the swath-cured hay, which also means that it had weight correspondingly greater.

The meeting was under the direction of Bradford & Co., who endeavored to make the evening one of pleasure and profit to those who attended. Every one present was given a slip of paper with a number on it; later corresponding numbers were drawn from a hat, and as a result Bruce Runkle fell heir to a wheelbarrow.

PINE GROVE MILLS.

John Martin is quitting the John Snyder farm at White Hall.

The I. O. O. F. will hold their annual banquet in their hall on Friday evening. Many autos, during the past week, have become swamped in snow drifts, requiring the use of horses to release them.

N. O. Dreibilbis and Mrs. W. K. Corl are among those sick.

Many cases of measles and whooping cough are reported.

Thomas Frank returned home from the navy, honorably discharged, and donned overalls to begin work in earnest.

GEORGES VALLEY.

Mrs. Annie Ripka is visiting at the home of her son, J. B. Ripka.

Mrs. Susan Davis has returned home, after spending a month in Lock Haven at the home of her sister, Mrs. B. F. Rickert.

E. L. Lingle and family spent Sunday at the home of his brother, C. W. Lingle.

Miss Sara Reeder spent a few days last week with Mrs. F. W. Ackerman.

Shoop's Restaurant.

It is our desire to give good service and have you leave our restaurant well satisfied in every way. A good place when you're hungry.—Shoops' adv

The young folks are enjoying some real coasting on the mountain and skaters are finding the frozen ponds just right for fine skating.

WASHINGTON NEWS LETTER.

EVERY CANDIDATE TO HAVE AN OFFICE ALL HIS OWN.

Aspirants for presidential honors are getting down to business in the Capital City, if renting and furnishing political headquarters is an indication. Lowden and Poindexter have secured suites of rooms in the same downtown office building; Governor Coolidge has shipped office furniture from Massachusetts and awaits its arrival. Real estate agents are in negotiation with Wood, Pershing, Harding and Gerard, offering suitable quarters in the best buildings, and before many weeks have passed it is expected that Johnson, Cox, McAdoo and other favorite sons will have their machinery going full blast, in charge of faithful and competent managers. Printers and publishers in Washington and elsewhere are expecting a harvest of orders for campaign literature; in fact, the wheels are turning upon some of it already.

OFFICERS WANT TO SHED UNIFORMS.

"Now that the war is over, permit us to wear civilian clothes again when we are not on duty," is the plea of several thousand officers of the army, navy and marine corps in Washington and elsewhere, who are required to wear their uniforms at all times. The officers feel, since hostilities have ceased, that there is no reason why they should be required to wear the uniform at all while on duty in offices and other places away from troops. The question was carried to the White House, the importance of any change being regarded as requiring a decision from the President, but the verdict was reached not to order any amendment to the rule until peace is formally declared to exist. Doubtless the President evidently took the ground that a change of this character in the meantime would create the impression that the war emergency had passed.

NOTICE

The Entire Stock of Women's Coats and Suits Cut to One-Half
