**BOY SCOUTS IN YOUNG ARMENIA**

Strangest Troop of All in Constantinople Being Made into Good Citizens.

American Boy Scout training is aiding prominently in the rehabilitation of hundreds of little Armenian boy refugees from the Turkish massacres, who have been organized into a scout troop in Constantinople as the solution of one of the most troublesome problems that confronted the Near East Relief workers in that city.

Hardened and driven for four years, having seen their parents and relatives slaughtered or worse by Turks and Kurds and themselves forced to beg, steal or do almost anything to eke out the barest existence, these boys had completely lost their moral sense when they finally found refuge in the Near East Relief orphanages.

The boys had been clad in rags for so long that they had forgotten how to take care of clothes. This was a tragedy when the Near East Relief had need of every pair of shoes and of every suit of clothes for new boys constantly coming in.

Then the boys were organized as Boy Scouts and given their uniforms. They began to be careful of their school clothes as well as of their uniforms.

They had been so often hungry they had come to steal without compunction. When they first entered the orphanages they continued to steal. One boy stole a purse from his American teacher. For two or three weeks after he became a Boy Scout he was obviously uneasy. One day he came to her with the purse in his hand.

"I don't want to give it back," he said reluctantly. "But I have to, I'm a Boy Scout now."

To form more scout troops to transform these little unfortunates into good citizens, is one of the reasons why the Near East Relief, 1 Madison Avenue, New York city, is making its appeal for funds.

**SAVED FROM HAREM**

Armenian Girls Rescued from Turks Being Taken to Near East Relief Home.

The three pretty Armenian girls in the auto are taking a real "joy ride," joyful having another meaning from that generally associated with auto riding here. They have been rescued from the harem of a Turk after four years of shameful servitude and are being taken to one of the Near East Relief rescue homes. No wonder they are smiling for the first time since their captivity. The Near East Relief is caring for many thousands of these girls until they can find their relatives. Also it is working to save 250,000 orphans and over a million adults from starvation this winter. That is why it is making a nation wide appeal for funds to carry on its noble work.

**LAXATIVE for Aged People**

THE BANE of old age is constipation. The bowels become weak and unable to perform their functions without aid. For this purpose only the mildest and gentlest laxative should be used. The use of harsh cathartics aggravates the trouble and makes the constipation worse. Chamberlain's Tablets are a favorite with people of middle age and older on account of their gentle action.
