In various sections of the state deer are being fed hay to keep them from starving.

Miss Ruth Smith, daughter of Mr. and Mrs. L. L. Smita, has been quite ill for a week or more.

Do not fail to see the Boy Scouts in their play, "A Country Boy Scout", at Spring Mills, Saturday evening.

Miss Helen Bartholomew, teacher of the primary school, was unable to teach her school for nearly a week owing to a slight illness.

E. W. Miller, one of Potter township's public school teachers, was laid up with grip the greater part of last week. Monday he began his school work again.

Lock Haven has an epidemic of influenza. About forty per cent of the school children are ill and authorities are considering the advisability of closing the schools and public places.

Miss Helen Brubaker, who is taking a course in nursing in the Children's hospital, Philadelphia, is ill from an affection of the throat. She may be obliged to return home for a season.

This is what the Williamsport Sun thinks of the Boy Scout movement. It says: "A dollar invested in the Boy Scout movement today will return \$1,000 twenty years from now."

Paul Winklebleck, of Woodward, is the latest Penns Valley farmer to adopt the tractor method of farming, having last week purchased a 10-20 I. H. C. tractor from Charles Stover, of Millheim, sub-agent under D. W. Bradford, the local dealer.

There is quite a good deal of sickness throughout Penns Valley. During the past week physicians have not been able, on account of the great depth of snow, to give their patients the attention they wished. The auto is discarded. Travel by horses and sled is slow.

A slight fire occurred in the Henney carriage shop, one day last week, with curious results. Building paper tacked on the ceiling was burned off, and parts of it falling on the Goodhart hearse, destroyed the finishing on the top. Otherwise no damage was done. The hearse has since been refinished.

Word was received the other day that Frank M. Fisher is ill at the home of his daughter, Mrs. E. Roy Corman, at Cressona. Mr. and Mrs. Fisher were called to Cressona on account of their daughter's illness. Later Rev. Corman became ill, but now both of them are about well, leaving Mr. Fisher as the only patient needing care.

Miss Edwina Wieland is suffering from diphtheria at Holdaysburg, where she is teaching in the public schools. Miss Ida Sweetwood, a room mate, is also under quarantine. Miss Mildred Wieland, a student at Penn State, has been seriously ill. The Misses Wieland are daughters of Mr. and Mrs. Frank E. Wieland, of Linden Hall.

The students at Penn State are making an effort to secure better railroad accommodations to and from their institution and with this purpose in mind have appointed various committees to present the matter to the railroad authorities. From all accounts a drive will be made to secure an electric road from Lemont to Scotia and Tyrone via State College.

Wild game, especially birds, are having a difficult time in securing sufficient food to keep them alive. Last week a pair of wild turkeys were observed above town by John Knarr and Harry Gross, and they were seen to be in a famished condition, consequently an effort was made to secure them. The hen was easily caught and taken to shelter where she was provided with food.

Upsetting his sleigh more than a half dozen times on a single trip of eight or ten miles, induced Dr. H. H. Longwell to improvise a vehicle not so easily tilted. The box was removed from a sleigh, a bench running lengthwise constructed. On this bench was nailed the seats and backs of two ordinary chairs, the front seat, of course, being for the use of the driver. Sitting astride the bench, the weight of the two men is over the center, thus lessening the chance of upsetting. The vehicle has the general appearance of the old-time "Spider," constructed by farmers and used in training colts.

A second meeting of the committee charged with the work to erect a suitable tablet to the honor of the boys who participated in the various phases of the World War, met in the council room Monday evening. Owing to bad roads and sickness, the attendance from Potter township was light and as a result no business was transacted except such as had been virtually agreed upon at the previous meeting. The one item of business done was to ask the borough council to name a site for the proposed marker, the committee going on record as unanimously recommending the diamond as the most suitable place. The enlarged committee is as follows: N. L. Bartges, chairman; Floyd Jordan, secretary; John H. Puff, Frank Bible, F. P. Geary, R. M. Smith, Edgar Miller, H. G. Strohmer, W. S. Brooks, Jacob Sharer, W. E. Lee, F. P. Palmer, F. W. Frazier, T. S. Swartz, S. W. Smith. The next meeting will be held Saturday evening, eight o'clock, in the council room.

Boise Brown, the new owner of the Tusseyville general store, comes to the Reporter readers with an advertisement this week. Mr. Brown's store is coming in for much favorable comment by reason of the higher purchasing value a dollar has there than most elsewhere. Mr. Brown's growing trade is the result of honest dealing and giving most for the money.

Mr. and Mrs. Harry Burris, at Earlstown, who have been suffering from flu, are improving.

Several members of the Dashem family, on the south side of Potter township, are ill.

Long-Term Prisoners for Northumberland Jail.

The Northumberland county jail, at Sunbury, built to accommodate one hundred prisoners, and now housing from 12 to 16 offenders at one time, will hereafter entertain "long term" prisoners, in order that it may profitably be kept in operation. Judge Cummings has changed the sentence of Lewis M. Skielak, of Mt. Carmel, calling for from five to eight years imprisonment, so that he will serve his time in the county prison instead of the eastern penitentiary, and it is believed that in the future the local prison will be utilized whenever possible for such cases.

A TRIAL WILL CONVINCE YOU.

NOTHING that we could say would so thoroughly convince you of the value of Chamberlain's Tablets as a personal trial. We can tell you of thousands who have been permanently cured of chronic constipation, indigestion, biliousness, sick headache and disorders of the stomach and liver, but this will have little weight with you as compared to a personal trial. That always convinces.

Not Worth a Rooster.
Having lived next door to the home of a minister, I was often called in to witness a hasty wedding. On one occasion the prospective bride and bridegroom arrived in a farm wagon. After the ceremony was duly performed the bridegroom asked to be excused just a moment, and on returning from his wagon he said: "Parson, I have no money to give you, but here is a nice young rooster for your Thanksgiving dinner, and I will bring you a turkey for Christmas." On several occasions the minister saw the same man in town, who seemed to avoid him. One day on meeting him face to face he said: "Parson, I may as well tell you that I am not going to bring that turkey; I have found out she was not even worth the rooster I gave you."—Chicago Tribune.
