TERMS.—The terms of subscription to the Reporter are one and one-half dollars per year.

ADVERTISING RATES.—Display advertising consists of ten or more inches, for three or more insertions, ten cents per inch for each line. Display advertising occupying less space than ten inches and for less than three insertions, from fifteen to twenty-five cents per inch for each line, according to competition. Minimum charge seventy-five cents.

Local notices accompanying display advertising five cents per line for each insertion; otherwise, eight cents per line, minimum charge, twenty-five cents.

Legal notices, twenty cents per line for three insertions, and ten cents per line for each additional insertion.

**CHURCH APPOINTMENTS.**

**W. U. Ev.**—Lemont, morning; Linden Hall, afternoon.

Reformed—Union, morning; Spring Mills, afternoon; Centre Hall, evening.

**POLITICAL ANNOUNCEMENT**

**FOR LEGISLATURE.**

We are authorized to announce the name of **I. L. HARVEY**, of Bellefonte, as a candidate for the Legislature for Centre county, subject to rules governing the Republican primaries, to be held May, 18, 1920.

**FOR DELEGATE TO NATIONAL REPUBLICAN CONVENTION.**

We are requested to announce the name of **Melville Gillett**, of Smethport, Pa., as candidate for Delegate to the Republican National Convention subject to the decision of the Republican Primaries to be held May 18th, 1920. P. O. Address, Smethport, Pa.

**Better R. R. Facilities for State College.**

Any one who has attempted to make a hurry trip to State College or has wanted to leave the college town in anything like a hurry, will heartily applaud the effort that students are now making to obtain better railroad facilities. State College is an important place in this state and it does seem that someone is overlooking the town and its importance in keeping from it adequate railroad service for its many needs.

The excuse may be offered that travel in and out of State College is not regular. Nearly three thousand students are now attending the college but they use the trains only at the beginning and end of vacation it may be argued. That is only half a truth. These same students would use train service much more frequently if it was to be had and State College would attract many more visitors if they could make better railroad connections. As it now is most of the people who visit State College on pleasure or for the purpose of sight seeing travel by automobile. The lack of railroad accommodations have forced them to do so, whereas many would patronize trains if they were run at accommodating hours.

It is difficult to understand why this highly important college town has been allowed to suffer this long for want of proper rail facilities. It seems to be able to get nearly everything else it needs to make it one of the foremost educational institutions in the country and the early future should bring it improvement in this matter.

State College which has enjoyed a marvelous growth in its comparatively short history, due entirely to the excellence of its offerings in an educational way, would quickly justify by further expansion the expenditure of any reasonable sum of money necessary to provide it what has long been felt to be one of its needs, if not the chief needs—a railroad service fitting its most important as the recognized state educational institution of Pennsylvania.—Williamsport Sun.

**Nurse Burns to Death.**

Mrs. William Machamer, who came from her home to lend aid to her parents, Mr. and Mrs. James Nicholas and the members of their household who were ill with influenza, was burned to death about 11 o'clock Sunday night when the Nicholas home, about three miles northwest of Watsonstown, in Delaware township, was burned to the ground. The six other inmates of the house, all of whom had been ill, were forced to flee from the burning building and seek shelter in a farmhouse three-fourth of a mile away, making the trip across the snow-covered fields in zero weather in their night clothing and without shoes.

**More Eggs.**

Reefer's "More Eggs" is the most scientific tonic on the market today. It makes layers out of loafers. Reefer's "More Eggs" stimulates your hens and makes a champion layer out of an ordinary back-yard hen.

This great egg producer is being used successfully on the Kerlin's Grand View Poultry Farm, of this place, and the Kerlin's are offering a \$1.00 package on a money-back guarantee, for seventy-five (75) cents.

**THE DEATH RECORD.**

(Continued from first page)

Death was due to pneumonia, and occurred at the home of her daughter, Mrs. Harry Smith in Pittsburg, Wednesday of last week.

Deceased was born in Nittany Valley and was about seventy-five years of age. After her marriage to Mr. Bartholomew they became residents of Centre Hall where they lived for many years. Mrs. Bartholomew was left a widow thirty-five years ago when her husband was instantly killed by a log rolling on him while working in the woods, and while her children were quite young, but she bravely assumed the burden of rearing them to womanhood and with extreme devotion and care discharged her task in a manner which won her the esteem and admiration of all who knew her. She was a life-long member of the Presbyterian church and a most excellent Christian woman.

Her surviving children are Mrs. Clyde Spencer, of East Chicago; Mrs. Harry J. Kittleberger, of Curwensville, and Mrs. Harry Smith, of Pittsburg, as well as six grand-children. Mrs. Emma Decker, of near Jacksonville, is a half sister, while William H. Bartholomew, of Centre Hall, is a brother-in-law.

**MOTHERSBAUGH.**—William G. Mothersbaugh, a well known farmer and most highly respected citizen of Harris township, passed away at his home near Boalsburg, Saturday at 5:30 o'clock p. m. About two weeks previous he took his bed, suffering an attack of influenza, but recovered sufficiently to go about outdoors when he took a back set and pneumonia developed. His serious illness from the beginning was realized by all excepting himself.

Deceased was a son of O. L. and Elizabeth Keller Mothersbaugh and was born near Boalsburg, April 12, 1880, hence was in his fortieth year. He remained under the parental roof, aiding on the farm. On December 20th, 1904, he was united in marriage to Miss Katherine Meyer. One son, John, was born to their union. He was devoted to his home and family. He was a successful stock raiser, and his citizenship was exemplary. His place in the home, church and lodge will be hard to fill. He was a lifelong member of the Reformed church and active in all its work. He was a past grand of Boalsburg Lodge, I. O. O. F., No. 894. His parents and wife, son John, three brothers and one sister mourn his passing away; Keller Mothersbaugh, of Williamsport; Charles and George, of near Boalsburg; and Mrs. Margaret Stuart, of Pittsburg.

The funeral took place Thursday morning and burial was made in the Boalsburg cemetery. His pastor and friend, Rev. S. C. Stover, officiated and paid a glowing tribute to his worth.

**PARKER.**—Miss Mary Jane Parker, daughter of Mr. and Mrs. William Parker, died at her home west of Centre Hall on Saturday morning, of acute nephritis and pneumonia, aged thirty years. Burial was made in Centre Hall on Tuesday morning. Besides her parents, one sister, residing in Altoona, survive.

**JAMISON.**—Rev. Milton I. Jamison, presiding elder of the Central District of the United Evangelical church, passed away at his home in Williamsport on Tuesday evening at six o'clock. Heart trouble caused his death, which occurred while seated at his desk. He was a native of Gregg township and is well known to many of the readers of this paper. He preached the opening sermon of the week of prayer in the Reformed church, in Centre Hall.

**RICHARDS.**—Mrs. John Richards, of Bellefonte, died on Sunday a week ago from the effects of influenza. All the other members of the family have been suffering from the disease. She leaves her husband, five children, Bessie and James at home; Mrs. Abner Musser, George and Samuel, of Pitcairn; two brothers, John Breon, of Centre Hall, and James Breon, of Yeagertown, and one sister, Mrs. J. B. Rearick, of Bellefonte.

**PINE GROVE MILLS.**

W. B. Ward is suffering a nervous breakdown. Miss Mary McCracken has been visiting relatives in the Buckeye state for several weeks.

On account of the scarcity of help, Robert E. Reed has decided to quit farming. Boyd Johnson will be his tenant.

John Martin, at White Hall, will quit farming and move to Tyrone. Many families are in the clutches of la-grippe, with no one to do the chores. Among them are Rev. Fischer and wife who have been ill for the past week. Kind neighbors and friends are caring for them.

A number of the township schools were closed last week owing to the drifted roads. For several days there was no mail service and at present there is one mail a day.

Charles Gates resigned last week as mail carrier from Pennsylvania Furnace, R. D. Lester Harpater has the job. Ed. Marts, ex-mail carrier, has gone into the mercantile business with his brother-in-law, J. H. Everts, in the Krebs room.

The Centre Reporter, \$1.50 a year.

**Mann Edge Tool Plant, at Lewistown, Burned.**

The most destructive fire which visited Lewistown within the past ten years or more, burned the greater part of the Mann Edge Tool Co., Lewistown, on Monday, causing a loss estimated at a quarter million dollars. The fire broke out a few minutes after 10 a. m. in the etching department located at the west-end of the series of buildings of immense axe manufacturing plant. Employees were thawing out some water pipes which were frozen shut in the etching department, the thawing process being done by means of a lighted torch. When the men left for a short time and returned they found the department in a blaze which probably started from some chemicals becoming ignited.

Fanned by a fierce wind the flames were quickly driven towards the wheel and tempering, paint shop, polishing, store house, grind shop and boiler and engine house buildings which were burned.

**Delightful Evening at Boalsburg.**

The home of Mr. and Mrs. James Irvin was the scene of a very pleasant social gathering last Saturday evening when the "Victory Class" of the Boalsburg Lutheran Sunday School held their First Annual Banquet. The house was very prettily decorated with hearts and favors reminding all that it was Valentine's Day. Chicken and waffles and all the tasty side dishes that go with them were served in a manner that was a credit to the ladies of the class. After a short program rendered by members of the class and their children the forty-five persons left for their respective homes and all reported a very enjoyable and profitable time.

**Marriage Licenses.**

Charles C. Meckley, Altoona  
Anna F. Eisel, Altoona

Ethel May Justice, Bellefonte  
Charles L. Billett, Bellefonte  
Viola K. Holderman, Bellefonte

**Who'd 'o Thought It?**

That favorite of all "chowder" lovers—the clam—has now, we understand, a rival in the culinary field, and that no other than the humble barnacle, so long regarded merely in the light of a pest. A writer in Popular Mechanics Magazine says:

"The barnacle is being converted into soup and other forms of food, having taken its place beside clam chowder in various cafes and hotels in Southern California. The piling of the Pine Avenue pier at Long Beach is incumbered with more than 100 tons of these and other sea creatures, which are being stripped off and will be utilized for food. Here and at San Pedro canning plants are arranging to put up barnacles in large quantities. As the demand for barnacle soup increases, canning plants purpose to contract for the creatures removed from the bottoms of ships."

**Castro Made Sure of Salary.**

President Ebert will draw his salary every month, like President Wilson. President Pinckney is paid every three months. Castro, who was president of Venezuela from 1899 to 1908, used to make the treasury pay him daily. When elected his salary was fixed at \$144,000 a year, payable monthly. On drawing his first month's pay Castro told the minister of finance that henceforth he must send him \$400 in gold every morning, "that being the best way to make sure of my salary in this revolution-ridden land." During the nine years of his presidency exchequer funds often ran low, but the autocrat's daily wage was always forthcoming, as he warned each successive minister of finance that failure to provide it would mean summary dismissal.

**Spare the Garter Snake.**

It is said that in Klamath Falls, Ore., it is an offense to kill a garter snake, and that an enterprising man who killed one of these snakes was fined \$5 by a Klamath Falls magistrate. The garter snake is harmless and may be useful, but persons unaccustomed to having snakes around become nervous when they run across so harmless a reptile as the garter snake, and the first thought in their minds is to put the snake out of business.—Utica Press.

is easy to use

No other lye is packed so safely and conveniently, or is so economical—not a bit wasted. No other lye or soap cleans and disinfects so easily and thoroughly as Banner Lye. It is not old-style lye. Odorless and colorless; the greatest cleanser and disinfectant the world has ever known. Use it for cleaning your kitchen, cellar, sinks, dairy, milk-pans and bottles, for softening water, and the labor of washing and cleaning will be cut in half.

**Makes pure soap**

and saves money besides. A can of Banner Lye, 5 1/2 pounds of kitchen grease, ten minutes' easy work (no boiling or large kettles), and you have 10 pounds of best hard soap of 20 gallons of soft soap.

Banner Lye is sold by your grocer or druggist. Write to us for free booklet, "Uses of Banner Lye." The Penn Chemical Works Philadelphia U.S.A.

**MANILA CARNIVAL BIG ATTRACTION OF FAR EAST**

This is the season of the year when the Philippines become the playground for the entire orient. It is carnival season in Manila.

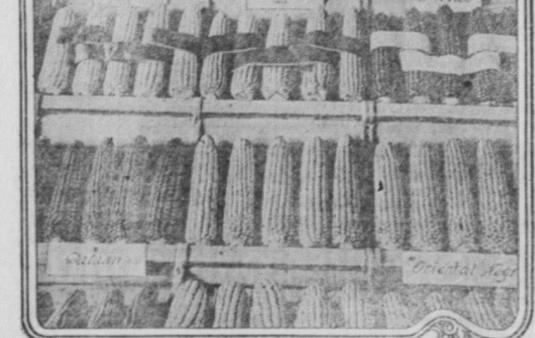

In 1908 the first Philippine carnival was held on historic Wallace Field in Manila in February, when the climate of the islands is at its best, and each succeeding year there has been a larger and more elaborate celebration. The 1920, or Victory Carnival, will be the greatest event of its sort ever held anywhere in the Far East.

There are commercial and government exhibits in connection with the carnival, and on no other occasion is it possible to gain at once such a comprehensive idea of the production and development of resources of the archipelago as that which is offered the visitor at the carnival city.

In the evenings the carnival becomes the center of Philippine and oriental social activity. A huge open air auditorium serves for the elaborate nightly balls, and on its mammoth floor thousands of couples swing together to the strains of music furnished by the famous Constabulary and other military bands. Probably at no other place in the world will one see an equally impressive cosmopolitan spectacle.

The Manila visitor who can plan his trip to arrive at the Pearl of the Orient for carnival time may well deem himself fortunate.

**How Would You Like to Harvest Two Crops of Corn a Year as They Do in the Philippines?**

No, reader, this corn was not grown by one of our local farmers! It wasn't grown in the United States, even. It was grown in the faroff Philippine Islands by Filipino schoolboys. Two fine crops of corn a year are produced in the islands.

The Philippines are doing some wonderful things in the agricultural line. The Philippine government has fine agricultural schools throughout the islands, and the Philippine legislature, composed entirely of Filipinos, is each year making larger and larger appropriations for this important work.

The staple food of the islands is rice, but corn is coming right along in popular favor. Its use was given great impetus in the last year because of a rice shortage. Other important Philippine crops are hemp, sugar cane, coconuts, coffee, tapioca and pineapples. Lumber is also an important industry.

There are hundreds of thousands of acres of land lying idle in the Philippines, which have a greater area of fertile land than Japan—this in spite of the fact that the population of the Philippines is 11,000,000 while that of Japan is around 55,000,000. There is every reason to believe that some day the Philippines will have a population as large as that of Japan today. The Filipinos are the only Christian people in the orient, and their young men are working night and day to prepare themselves for the responsibility of citizenship in the Philippine Republic, which they believe to be near at hand.
