Bell telephone operations in Pennsylvania are yielding no profits.

Certain units of the Bell System in other states have been granted increases in rates which make it possible for them to meet their expenses.

Today, Pennsylvania is not in that class and we in Pennsylvania cannot ask other states to shoulder our responsibilities. We must face our own problems.

In Pennsylvania right now, we are not making ends meet.

We have our own bills, our own payrolls, our own dividends to pay. We can't ask other states to pay them.

We must have increased rates in Pennsylvania or the service cannot be kept up.
