**PINE GROVE MILLS.**

A few of our farmers have sowed oats; still much plowing to do.

Overcoats and mittens were in demand first day of May.

The early cherry crop is a "goner". Mrs. W. E. Johnson and Miss E. M. Heberling are visiting relatives at Bellwood.

Rev. E. F. Brown and wife visited Rev. and Mrs. A. M. Luttor. The ministers were college chums.

Mr. and S. A. Homan entertained their friends at their home near Baileyville with a social dance, and served refreshments.

Mr. and Mrs. George Woods and George No. 3, came over from Pitcairn for a few days outing at Dr. G. H. Woods home.

Rev. Mr. Miller will fill the pulpit in the Presbyterian church, here, on Sunday evening.

The horse undertaker at Milesburg, got a job at the L. H. Peters farm, Friday, by removing a gray horse which died with lock-jaw.

The social held by the ladies of the Lutheran church in the town hall, Saturday, when they served roast chicken and all the fixin's, was a grand success. They realized the sum of \$186.00.

The tenth district will hold a Sunday-school convention at Baileyville Presbyterian church, on Mothers' Day. Two sessions, afternoon and evening. The following speakers will be present: Rev. R. M. Campbell, Rev. Ira E. Fisher, Rev. A. M. Luttor, Rev. S. C. Stover, Darius Waite and Hon. I. L. Harvey.

A reception was held at the Daniel Irvin home at Baileyville, Saturday evening, in honor of their son, George, who married Miss Grace Gabell, at Lancaster, on the 27th ult. The newlyweds will visit relatives in Centre and Blair counties, after which they will travel westward to make their home in California. The groom is an ex-service man and is deserving of the good wife which he got.

May 2d, H. M. Corl and Miss Grace Jordan surprised their friends by slipping to Bellefonte where they were married by Squire D. Kline Woodring. They will reside at Struble, where the groom has furnished a home.

April 28th, Marshal D. Barto and Miss Ruth Gearhart, one of Ferguson township's school marns and daughter of Mr. and Mrs. Fred Gearhart, were married at the Lutheran parsonage here by Rev. A. M. Luttor. The groom is a son of John Barto, at Guyer, where the couple will reside.

Thursday, April 29, Reuben Bears and Miss Grace Peterson, both of New Franklinville, were married by Rev. R. M. Campbell, at the parsonage. The bride is one of our successful school teachers, while the groom is a hustling young farmer. They will reside on the old Bears farm.

Some people think that thrift is a cloak to be thrown aside when the pay envelope is opened.

**Rhone Home Sold.**

The home of the late Hon. Leonard Rhone, in Centre Hall, was sold a short time ago, William S. Brooks, west of Centre Hall, being the purchaser. The purchase price was not made known.

**Information Wanted.**

Want to know where Nicholas Shanefelt or "Shenefeld", of Haines township, was buried. He died 1825 or '26 and if he has a tombstone so his grave can be marked Memorial Day, please notify Mrs. Harry C. Valentine, Bellefonte, Pa. Also of any others.

**POTTERS MILLS.**

Roy Smith has found a job at Milroy. John Armstrong took in the Odd Fellows celebration at Milton, last Tuesday.

Mr. and Mrs. Andy Rote, Mrs. Lloyd Smith and daughter and Mrs. C. J. Finkle spent Wednesday at the Michael Smith home.

**France Building Long Canal.**

Notwithstanding the war, the largest tunnel in the world is well under course of construction in France, its object being to give Marseilles connection with Paris and the interior of the country in general by rail and water. The canal will provide ample waterway for barges. The entire project involves the building of a new harbor and the cutting of a ship canal, actually tunneled through solid rock for five long miles, joining the old harbor and the Mediterranean to the River Rhone. The Rhone's upper stretches are placid, and already are used extensively for barge navigation, but near Marseilles the stream is far too turbulent for commerce. A range of hills had prevented the construction of a canal in days gone by. Now, with France energized by the war and with the necessity for the canal emphasized thereby, the tunnel is being cut and the canal will soon be opened. The work was begun in 1911-12, and has been continued through the war. By this canal and links already available, barges can be sent from the Mediterranean to the English channel.

**REBERSBURG.**

Jared Kremer is on the sick list. Mrs. Scott Stover is nursing a very sore leg.

Last week Israel Wance lost by death a valuable brood mare.

Hon. Willis Bierly, of Harrisburg, is looking after his real estate in the vicinity of Smullton.

George Corman bought a discarded ice house from Frank Wate and will convert the same into a garage.

Jonathan Spangler is seriously ill with pneumonia. His son, Rev. Ira Spangler, was called to his bedside last week. Sterl Miller and James Harbaugh, two of our first-class carpenters, are employed at Lock Haven.

Allen Brungart, who is tenant on E. J. Bair farm, has purchased a tractor and is now, between showers, making progress at plowing.

Jerry Brungart, who has been suffering with inflammatory rheumatism since last fall, is at Williamsport in a sanitarium receiving treatment.

Fred Fehl recently bought a building from G. P. Garret, which he will place on his lot back of his barn and convert it into a blacksmith shop.

Adam Reish is having considerable repairing done on the property which he bought in town after vacating his farm at Centre Mills.

Rev. Kurtz preached a trial sermon in the Reformed church at this place on Sunday forenoon. A vote was taken by the members of the congregation which resulted in favor of giving him a call.

Mrs. Charles Gramley, of Illinois, arrived at this place last Thursday and is now visiting her father and other relatives in this valley. Her father will accompany her to her western home and spend part of this summer in Illinois and St. Louis, Mo.

**CENTRE MILLS**

Mrs. Snyder, of Smullton, is helping care for Mrs. Francis Limbert, who is confined to her bed constantly.

Rev. Shank, of Rebersburg, visited Mr. and Mrs. Orien Reish one day last week.

Mrs. Snively, of Millinburg, returned to her nephew, Hastings Hassenplug, on Tuesday after spending some time in Millinburg.

Rev. Snyder and wife, of Millheim, and Rev. Catherman, of Spring Mills, took supper with John A. Kline one day last week. He also entertained his brother, Cornelious Kline, and Charles Messimer and family, of State College, on Sunday.

**The Human Hyena.**

"How easy it is to fling a coin to a beggar" philosophically said Professor Fate. "Thus you purchase relief from the sympathetic feeling aroused by his misery, but love is withheld. If you really love the beggar you would do more for him."

"Possibly," returned J. Fuller Gloom. "At any rate I have taken your little lecture so much to heart that hereafter I expect to carry with me small cakes of soap instead of coins, and to each mealy mendicant who impudently fling one cake, with the admonition that he wash his face therewith, so that on the morrow when I come by that way I can see how he looks and thus determine whether or not I can ever love him."—Kansas City Star.

**Coal That's All Coal Hourly-Tested Cement**

We handle the choicest grades and you can count on our deliveries. Our coal comes from mines that have high reputations for careful grading, and our cement comes from the pioneer manufacturer whose product for a quarter of a century has represented the high-water mark of quality. It is

**ALPHA THE GUARANTEED PORTLAND CEMENT**

and ALPHA Cement is tested by chemists every hour, day and night, throughout the process of manufacture. They make sure that the raw materials are of the proper grade, and mixed, burned and ground exactly right. The result is that ALPHA is always high in binding power.

We warrant every bag of ALPHA Cement invariably to meet standard specifications for fineness, tensile strength and binding power. It makes concrete that grows harder and stronger with age. The people who buy ALPHA Cement once always come back for more.

Try our coal or cement the next time you order. If you are planning to build or make repairs, come in and get our valuable 50-page book, "ALPHA Cement—How to Use It." It tells how to mix concrete and how to make dozens of everlasting improvements on the farm or around the home.

**Centre County's Industrial Development.**

The development of Centre county's industrial resources, shows a substantial increase in 1918, the last year that data was collected, as compared with the two previous years, according to figures recently issued by the State Department of Internal Affairs. The report is quite interesting, the salient points being the following:

In three years production valuation increased almost \$5,000,000. In 1916 the value of manufactured products in Centre county was \$7,438,000. In 1917 the value of the manufactures increased to \$11,325,800 and in 1918 the reports show the value was \$12,362,500.

The capital invested in the various industries of the county likewise increased during three years. Figures show that in 1916 the industries represented a total capital of \$6,343,600. In 1917 the invested capital reached a total of

\$7,214,700 and in 1918 the total capitalization of the various plants was \$7,288,000.

Reports made to the Bureau of Statistics and Information during the three years show that there were 117 manufacturing establishments in the county in 1916; 112 in 1917 and 117 in 1918. The decrease in the number of industries in 1917 corresponded with the decrease in practically all counties of the State during that year.

During 1916, 3,654 persons were engaged in industrial pursuits. In 1917, although there were fewer industrial plants, the number of people working in the industries totalled 3,911. In 1918 3,772 persons were employed. This decrease in 1918 was due probably to the fact that quite a number of persons, foreigners mostly, left the county to work in plants in other parts of the State.

During 1918 there were 19 bituminous coal operations in the county giving em-

ployment to 1914 men who were paid \$2,582,800 in wages. The value of the coal produced in these mines, \$4,293,200. Five lime plants employed 648 people who were paid \$1,012,500 in wages. Five fire brick and clay works employed 478 men who received \$419,100 in wages for turning out products worth \$1,914,500. These twenty-nine establishments produced approximately two-thirds of the value of all industrial production in the county. The persons employed in them represented approximately one-half of the county's working population and the wages paid them made up about three-fourths of the county's industrial payroll.

**CLIMATE OF THE PHILIPPINES.**

The Philippine Islands have a mild-tropical climate. The nights are cool and sunstrokes are unknown. The temperature record for the past thirty years shows an average of 80 degrees.
