Cox and Roosevelt sounds very much like a winning pair.

Democrats need not be alarmed over the big headlines declaring the party had repudiated President Wilson, for it did not do so. Had McAdoo been the successful candidate, the Republican papers would have had it just as easy to say the nomination was bossed by the President. The truth is President Wilson let the convention delegates do the nominating, as he said in advance he would do.

THE DEATH RECORD.

MUSSER.—In the full vigor of manhood, death claimed Clarence Walter Musser, a son of Mr. and Mrs. Frank Musser, at his parental home at Penn Hall, early last Thursday morning. The young man's death was directly attributable to ptomaine poisoning, which he contracted a week previous through eating salmon. He was engaged in driving the Atlantic Refining Company gasoline truck, and on one of his trips through the valley, about a week previous to his death, and accompanied by a companion, a Siegal boy from Spring Mills, arrived at Linden Hall at about the noon hour. The young men purchased a can of salmon, and, it is said, ate cheese with it. This combination caused both of them to become sick, but the Siegal boy was relieved through vomiting. Mr. Musser took his bed upon reaching home, and under the care of the family physician, appeared to be getting along well. He was soon downstairs and ate a meal with the family. He was again forced to take his bed and his condition at once became grave and baffled all medical science. He continued to grow worse until death relieved his suffering. The physician gave as the cause of his death, uræmic poisoning.

Deceased was born February 17, 1896, and was aged twenty-four years, four months and nineteen days. He served in the World War overseas and came out of it without injury. He was a member of the local Post of the American Legion, and that organization attended the funeral in military dress. The funeral was one of the largest ever held in Penn Hall and the Lutheran church was crowded. A profusion of beautiful floral pieces bore evidence of the esteem in which the young man was held. His burial took place on Monday afternoon in Heckman's cemetery, Rev. J. J. Weaver officiating. He was buried in his military uniform, and the American Legion fired a salute over his grave. Besides his parents, he is survived by two sisters and one brother: Mrs. Harry Ulrich, of near Penn Hall; Charles and Ethel Musser, at home.

LONG.—Mrs. Sarah J. Long, widow of Clarence Long, departed this life just before noon on July 5, at the age of forty-nine years, nine months and fourteen days. Mrs. Long was not feeling well at the usual time of rising, on the day of her death, and stated she would remain in bed to rest. She was seized with apoplexy and as related above, died just before noon.

Mrs. Long was a daughter of the late Elias Breen, and is survived by a daughter Margarite C., aged about sixteen years. Also by the following brothers and sisters: George, Salt Lake City, Utah; Ezra, Columbus, Ohio; Miles, Smulton; Mrs. Daniel Sheehan, Cayuga, N. Y.; Mrs. Charles C. Smull, and Mrs. Elmer C. Swope, Smulton; Mrs. W. J. Hackenberg, Rebersburg.

She was a member of the Reformed church, but since the congregation is without a pastor the funeral was conducted by Rev. L. E. Shannon, of the Lutheran church, Thursday morning following her death; interment in the Rebersburg cemetery.

Aaronsburg is going along in good shape. Woodward had a delegation of eleven present at Aaronsburg's installation.

Spring Mills is likely to show a good increase, having had four applications that were acted upon on installation evening.

Centre Hall has done good work for the past six months. They have had a nice increase, have three elected for initiation, one for re-instatement, and very good prospects for a large class in the near future. They have a set of the youngest presiding officers in the district, and probably in the county.

Last Friday evening a large delegation from Central Queen Temple visited Crystal Stream at Millheim and assisted Mrs. Jennie Bradford, the installing officer, to install the officers at that point for this term.

State Agricultural Notes.

Reports recently received show that the number of lambs in Pennsylvania this spring is 97 per cent compared with the usual number. The decline may properly be attributed to the long cold winter and unfavorable conditions during lambing season.

The number of spring pigs in Pennsylvania is 10 per cent. below the usual number, while the Government report states that there is a shortage of 10 per cent. of brood sows. This decline is largely due to the unsatisfactory price of hogs and pork. A decline of 10 per cent means seven or eight million less hogs in the country at large, and 113,000 less in this State.

Reports show that 30 per cent of the farmers in Pennsylvania are using cream separators compared with 36 per cent. one year ago. As the market for whole milk develops and improves the number of separators decrease. There are thousands of these machines now idle in this State.
