RED CROSS ASSISTS DISABLED VETERANS

The American Red Cross is carrying on a wide program of service for the disabled World War veterans receiving treatment in United States Public Health hospitals, and those being trained through agencies of the Federal Board for Vocational Education.

In each of the Public Health Service hospitals Red Cross workers devote their time to the general welfare of the service men from the day they enter the receiving ward until they are discharged. After the soldier's discharge the Red Cross continues its friendly service through the Home Service Section in his own community.

The Red Cross maintains a convalescent house at all of the hospitals, where patients can amuse themselves after they are well enough to be up and around. Parties and picture shows in the wards are also furnished, with occasional excursions when convalescence comes.

Great service has been rendered by the Red Cross in mental cases in identifying those who have appeared in state hospitals for the insane, and helping them secure compensation due from the Bureau of War Risk Insurance.

In the Federal Board's various district offices the Red Cross worker, acting with the Home Service Section, makes necessary loans to the men, arranges suitable living conditions, helps collect evidence and supply facts to the Board, assists in "appealing cases" and settles various personal difficulties for the men. The workers also follow up and aid all men who discontinue training.

The Red Cross agents find men "lost" to the Board, help clear up delayed cases and aid the college counselors in their friendly work with the men. Many Red Cross chapters have set up recreation facilities, and in some instances living clubs, so these victims of war may have attractive surroundings and the fun which must go with effective school work.

To the American Red Cross Institute for the Blind near Baltimore, Md., more than half of all the Americans blinded in the World War have come for training. The Institute, through the Red Cross, long ago conducted an exhaustive industrial survey to determine the vocations for which blind men could be fitted. As a result it is putting forth well trained men equipped to meet the social, civic and economic requirements of their respective communities.

ENGAGEMENT AND FAIR.

Preparations Being Made for an Interesting and Instructive Week for Everybody.

The 47th annual Encampment and Fair will open on Grange Park, Centre Hall, Sept. 4th and continue one week.

Workmen have been busy for several weeks making preparation for the great event—cleaning grounds and buildings, erecting tents and making numerous repairs where needed.

A number of the buildings will be newly painted.

Tents have been bought and we will have more tents than ever before.

The grounds and buildings are well lighted by a complete electric system and this year, in order to make that system even better, an additional transformer, for the auditorium alone, will be installed.

The camp will be larger and more complete than ever before.

Premiums will be paid on all live stock and prizes will be awarded on pure bred stock by competent judges.

Farm boys and girls have been invited to take part in stock-judging contests which have been arranged by the County Farm Agent. Prizes will be given the winners.

Competitive games between Granges, communities and teams are being planned for a day by Mr. Bressler, of State College, the lecturer of Centre County Pomona Grange.

State College will have an exhibit of their own aid lectures and demonstrations on important farm and household topics will be given daily.

The State Health Department will have a representative on the ground, who will give valuable information along Health lines.

The Red Cross will also be represented and impress on our people its value in times of peace as well as war.

On Wednesday the Centre County Veteran Club will hold their annual reunion on the Park grounds. Every effort will be made to make it a day of pleasure to them and their friends. No admission will be charged the veterans on this day. Speakers of note will be heard in the auditorium during the day.

Thursday will be Grange Day, and we urge our people to hear our speakers so that they can receive the benefit to be derived from the discussion of subjects so important to them.

Again, the farmers and fruit growers are urged to make this the largest and best exhibit the county has ever had. Cash prizes will be given in this department for the first time in addition to ribbons. As usual, ten cents will be paid for every article of real worth.

Bring the interesting articles you value for their age or beauty and your new needle work as well as old. Ten cents will be paid for articles never before exhibited in that department.

Automobiles, tractors and all kinds of farm machinery will be shown in larger numbers than ever before.

Moving pictures and amusements of all kinds will be provided to please everybody.

There will be excursion rates on the railroads within 75 miles of Centre Hall. Special trains will be run on Wednesday and Thursday.

A full program will be published next week.

D. K. KELLER,
Chairman.

Two Nonagenarians Celebrate.

On Sunday, 22nd, Mrs. Susanna Spangler quietly celebrated her ninety-second birthday day anniversary at her home in Centre Hall. She is Centre Hall's oldest resident, and is still enjoying excellent health.

Centre Hall's other nonagenarian is Mrs. Mary Dinges, who on Monday became ninety-one years of age. Mrs. Dinges delights in talking with her friends and enjoys making trips to the post office at mail hours.

Some Festival!

Probably the largest one-night festival Nittany valley has ever known was held at Salona last Saturday night. The crowd was immense and reminded one more of a county fair than a country festival. It was gotten up by the citizens of that place for the benefit of the fire companies of Lock Haven. Salona has on several occasions called on Lock Haven for help in time of fire and the companies have always responded so readily to the call that the Salona people felt that it was up to them to express their appreciation in a manner becoming the service rendered. The total receipts for the evening were \$1058.00. The expenses will foot up about \$400.00, leaving the very nice sum of \$658.00 to be turned over to the fire companies of Lock Haven.

Hurray for the Dept. of Justice!

The Department of Justice said on Monday sugar prices are sure to come down as the market is heavily glutted with stocks beyond the normal demand. The department states it will ignore the pleas of refiners and wholesalers to stop further slump in prices. No action is to be taken to save the dealers who over bought and are now losing heavily. Speculators caught in the crash must bear the losses and pay the penalty for profiteering.

An unsystematic person is one who would take the cork out of a bottle by pushing it in.

HOW WOMEN MAY VOTE.

Occupation or Poll Tax of 15 Cents Must Be Paid.

To vote in November, 1920, it will be necessary for the women of Centre County first to be registered and assessed.

The registration assessors will make a special registration and assessment of women over twenty-one years of age, and also will sit at the respective polling or voting places August 31st and September 1st, from 7:00 o'clock A. M. to 7:00 o'clock P. M., for the purpose of making additional registrations and assessments, and to correct the registration lists.

Second: After being registered and assessed, all women twenty-two years of age or over November 2nd, 1920, must pay an occupation or poll tax of 15 cents to the tax collector prior to October 2nd, unless they own property assessed in their own names, and have paid taxes thereon within two years prior to November 2nd, 1920.

Next Week Institute Week.

The Centre County Teachers Institute will be held in the Court House, Bellefonte, from August 30th to September 3rd. Supt. D. O. Eiters, in commenting on the unusual early session of institute, said: "The early institute is a departure from the long established custom of meeting in the fall or winter. This has been thought best for two reasons; first: that whatever of helplessness is derived from the institute should benefit the schools from the start; secondly, to avoid breaking in on the regular work of the school year as far as possible."

The institute instructors are: Director W. M. Denison, Bureau of Attendance, Department of Public Instruction, Harrisburg.

Dealing With Strangers

You have often heard people say "I made up my mind long ago 'That I'll never sign any papers for a stranger'". You say "That's a good resolution."

BUT, is that more important than the safe keeping of your hard-earned money?

Is it not true that at least 99 per cent. of all the SWINDLES in which innocent people lose their money are the result of dealing with strangers?

Why should people entrust their money to strangers when they can secure the same advantages from persons and institutions they have always known?
