Jim has ingeniously rigged up a concrete mixer, the mechanism of which is built out of old Ford parts. It serves the purpose to a T—saves needless labor and facilitates the work.

I. A. Sweetwood and force of road builders from Centre Hall, last week completed a two-mile stretch of State road-building at Sandy Ridge, at which they have been engaged since April 23, and are now moving on to Phillipsburg to do similar work. The writer had occasion to pass over this stretch on Saturday, and knows that it will prove a great temptation for motorists to use it for a speed course.

Mrs. Martha Luse, who has been living with her brother, Jasper Gramley, at Kaneville, Illinois, for some time past, in company with her brother and his wife, came to Centre Hall by auto, last week, and will spend some time in Penns and Brush Valleys. A second car from the same place in Illinois, containing the William Meyer family, came at the same time. The Meyers are visiting relatives in Rebersburg.

Mr. and Mrs. Harry L. Hulbert, of Beloit, Wisconsin, were entertained a few days by Merchant and Mrs. G. O. Benner, having come from Boston, Mass., where they visited a son. Mr. Hulbert will be recalled by the older citizens of Centre Hall. He was raised by Mr. Slabig, who about forty years ago farmed the then Col. Taylor farm at Old Fort. Later Mr. Hulbert apprenticed himself to the late Wm. A. Sandoe, in Centre Hall, and learned the tailoring trade. He is now engaged in that business in Wisconsin and is quite successful.

Mr. and Mrs. I. Y. Moyer, son Frank O., and daughter, Miss Helen, motored from Cleveland, Ohio, and visited relatives in various sections of this state during the past week or more and on the eve of their departure, Saturday night, for Cleveland, stopped at the Mrs. Mary Goodhart home in Centre Hall. Among their stopping places were the homes of Rev. S. S. and Mrs. Savilla (Rearick) Moody, at Benton, and Mr. and Mrs. John Rearick, at Martinsburg. Mrs. Moody and Mr. Rearick being sister and brother, respectively, of Mrs. Moyer. Mr. Moyer, despite his advanced age of seventy-four years, enjoyed the trip all the way.

Not everything is going up; at least the taxes necessary to conduct the affairs of Centre Hall borough for the next year are not going to be as high as the previous year. True, the reduction is only one mill, but how much better off we are than the majority of incorporated towns and cities which find it necessary to increase the millage in all departments of municipal operation to meet the constantly increased costs. Compared with the tax statement of last year, this year's figures show the tax for borough purposes reduced three mills; water and interest tax reduced one mill each, while three mills have been added to the school tax and one on poor, making a net gain in favor of the tax-payers of one mill. The increase for school purposes has been made necessary owing to the addition of another member on the teaching force, besides the expense of equipping a new school room, including the purchase of new desks, books, apparatus, etc.

### CHICAGO CUBS IN ALTOONA SUBURBAN DAY

#### Booster Association Lends Aid to Securing League Team as Attraction for Out-of-Town Day in Altoona.

Suburban Day in Altoona next week, September 8th, will have important significance for two reasons. The merchants of Altoona will make the day an important one for shoppers from a distance because the Altoona Booster Association is lending its public and financial influence to secure the Chicago Cubs as an attraction for the baseball fans of the counties surrounding Altoona.

Think of it! A Big League team, well up in the race and containing some of the greatest stars of the game today, will be in Altoona to cross bats with the best local team Altoona has had in years.

Grover Cleveland Alexander, who was instrumental in giving the Philly Nationals their first pennant, is with the Cubs and will probably pitch for them. "Hen" Leasure, Altoona's premier pitcher now with the Suffolk team of the Virginia league in training for big league stuff, will probably be secured to pitch for the local boys.

Can you imagine what an opportunity this is for every lover of baseball to see a real league team in action. Think of the coaching of the best men in baseball, the slides to base on a close decision, the roar of the old boys trying to sling a scare into our local boys by jeers and jibes from the sidelines. You will find more interest in this game than in the league stuff—because they don't dare get beat, whereas in the regular games it's just like one's work—they're paid for doing it—so what's the odds. But here—THEY'LL PLAY BALL. There are thousands of dyed-in-the-wool fans all over Cambria, Clearfield, Centre, Bedford, Huntingdon and Blair counties who have followed up big league doings through the sporting sheets, who have never had the opportunity to see a big league team in action and that opportunity is here.

Gather up the family and hitch up Maud, or maybe her name's Lizzie now, and bring the family to Altoona next Wednesday. While the good wife takes advantage of the Suburban Day bargains in Booster Stores, "Dad" and the boys can be at the Cricket Field filling up on good baseball.

And "Dad" can tell mother to look for the sign when she goes to buy.

Some hotel! Everything at cost, and done with the very finest equipment. Join the Navy, and forget the tips. Can you imagine a first class shave for a nickel, a haircut for a dime and a massage, shampoo, and all the trimmings in proportion? It's almost luxurious, and now that the electric potato peelers have come in, Jack finds himself with a lot more time to improve himself. He doesn't need to wash his own clothes any more either, an electric laundry will take care of them at a price which is almost ridiculous. This view of the busy barber shop on board one of the U. S. dreadnaughts will give us all some idea of the way the men in the Navy live. Only the best is good enough for our sailors.
