Philipsburg's New Reservoir.

The new reservoir at Philipsburg, which has been under course of construction for the Citizens' Water Company for a long time, is now practically completed and late Saturday night was connected up with the lower basin. Shortly the people of Philipsburg and vicinity will be served with water from the big new reservoir which has a capacity of 50,000,000 gallons.

One of the most significant signs of the campaign is found in the letters newspapers print from the readers which show a general trend of independent sentiment toward Cox and Roosevelt, but no independent Democratic sentiment toward Harding and Coolidge. Every day the Democratic papers contain letters from readers announcing that they are Republicans but intend to vote for Governor Cox and Mr. Roosevelt, and similar letters frequently appear in Republican newspapers, which probably receive many more of the kind than they print.

Senator Harding has at last said something that is bold, fearless, clear as a bell and which cannot be successfully disputed. Evidently without consultation with Chairman Hays, or Senator Penrose, or the campaign committee, he comes right out and in tones that carry conviction in the mind and a thrill to the heart declares: "The history of civilization is a very interesting story."

One of the finest tributes ever paid to the labor record of Governor Cox was that of a Pennsylvania miner, who in a strike escaped across the State line into Ohio and said: Pennsylvania is Siberia; Ohio is America. The Governor of Ohio, then as now, was James M. Cox, settled all Ohio strikes without calling out a soldier or firing a shot.

Thanks to Tennessee, the women of Vermont and Connecticut can now express their opinions at the ballot box of the administrations that refused to allow the elected representative of the people in their legislature to vote upon suffrage. Every good Democrat should welcome the final victory of woman suffrage with open arms.

The school taught by Floyd Jordan opened Monday with twenty-seven pupils and quite a few have not yet started.
Mr. and Mrs. Oscar Horner left last Thursday for Williamsport where they expect to make their home.
Miss Madie Bedelyon, of Burnham, is visiting at the home of Mr. and Mrs. Charles Slutterbeck.
Ella Hettinger, who has been sick for several weeks, is improving at this writing.
A truck load from Colyer went to Sunbury to attend the camp meeting held by the Apostolic Holiness church.
Mrs. David Fye, of Colyer, returned to the home of her daughter, Mrs. J. W. Weaver, after taking care of her sister, Mrs. Martz, of Lemont, who had broken her arm about three months ago.

A correspondent of The New York World points out the improvement in Republican morality in 44 years. In 1876 they stole the Presidency, and now they propose to buy it and pay cash.

"I remind you that when the Constitution of the United States was proposed there were the doubting Thomases everywhere who thought it would fail."—Governor Cox at Wheeling, Va.

THE DEATH RECORD.

DURST.—Thursday forenoon of last week one of Potter township's aged and respected citizens passed to the beyond in the person of Philip P. Durst. By occupation Mr. Durst was a farmer, having lived on the farm, east of Centre Hall, where he died, almost the entire time of his life. He was born west of Old Fort, on the Spicher farm, which farm his father owned at the time of the birth of the deceased. Mr. Durst gave farming first attention and as a farmer was successful. He stayed close by the home which today is one of the neatest kept places in his district.

Mr. Durst was a son of the late George Durst, Sr., and was the last surviving member of a family of eight. The birth of Mr. Durst occurred March 23, 1846, making his age over eighty years. He was a man of robust character and during his life, up to the latter years, scarcely knew sickness.

There survive the deceased these children: John H., Centre Hall; Christ, at home; Mrs. Ida Snyder, Centre Hall; Mrs. Minnie Condo, Forbes Roads; Charles W., at home; Mrs. Verna Decker, Centre Hall; and Miss Mary, at home. His good wife, whose maiden name was Sarah Schurle, died twelve years ago.

Funeral services were held Monday morning, interment being made at Centre Hall. Rev. R. R. Jones, pastor of the deceased, was the officiating minister.

KELLER.—Sarah Ellen, wife of J. Henry Keller, died September 4, aged eighty-six years, at the home of her daughter, Mrs. J. T. Baker, 5214 Wilbur Court, Kansas City, Missouri. She is survived by six children, a son, H. F. Keller, of Topeka, Kan.; five daughters, Mrs. Mattie Tressler, State College, Pennsylvania; Mrs. Mary David, Chicago Heights, Ill.; Mrs. Verna I. Kline, Mrs. Anna L. Sweeney and Mrs. Margaret E. Baker, all of Kansas City. Funeral services were held Tuesday morning, 10 a. m., from D. W. Newcomer's Sons chapel; interment Mount Washington cemetery.

The above brief account appeared in the Kansas City Star, date of September 5, 1920. The deceased is well known to many Reporter readers.

MILLER.—Mrs. Catharine Miller, relict of the late Frank Miller, of Madisonburg, died rather suddenly early Saturday morning, 4th inst., at the home of her son, Kline, at Surveyor, Clearfield county, aged seventy-five years.

The remains were shipped to Coburn and conveyed to Madisonburg on Monday, and on Tuesday forenoon funeral services were held, conducted by Rev. Kutz. Interment was made at Madisonburg.

Purchased More Farm Land.

John W. Delaney, who two years ago bought the George H. Emeric farm, east of Centre Hall, this week added twenty-three acres more to his farm through the purchase of land from William H. Homan, which the latter recently acquired in an extensive real estate purchase from John C. Rossman. The land lies contiguous to Mr. Delaney's farm and will prove a valuable addition. The price paid was \$4300, or \$300 more than Mr. Homan paid for it.

Frederick Foreman.

Boyd Frederick, of Farmers Mills, son of Mr. and Mrs. Samuel Frederick, and Miss Esther Foreman, daughter of Mr. and Mrs. Frank A. Foreman, of State College, were united in marriage on Saturday evening at eight o'clock at the Reformed parsonage in Centre Hall by Rev. R. R. Jones. The bride formerly was a resident of Centre Hall, where she has numerous friends who wish her much happiness and prosperity.

Eight Sermon Lectures.

Rev. Melvin C. Drumm, pastor of the Lutheran church, has prepared a series of eight sermon lectures which he will preach in Centre Hall over a period extending from September 12 to December 19, at 7:30 o'clock p. m., in each instance. Every one is cordially invited to attend. The schedule follows:

CULLING DEMONSTRATIONS TO BE GIVEN ON 19 FARMS.

Poultry Specialist from State College to Prove That It Pays to Keep Only the Hen that Returns a Profit.

Realizing the importance of culling the poultry flock, County Agent J. N. Robison has planned a county-wide campaign to have poultry keepers sell the poor, low producing hens and keep only the hens that will return a profit.

Demonstrations will be given on nineteen farms. Everyone attending will be given an opportunity to handle the birds and thus get actual experience in culling poultry. In teaching culling, the best results are obtained when the farmers actually handle the birds under the direction of the poultry specialist. All those attending the meeting should come prepared to handle hens.

The Centre County Farm Bureau has arranged for poultry culling demonstrations at the following farms:

Chas. S. Lutz, Fillmore, 10:00 a. m.
R. M. Alexander, Julian, 1:30 p. m.

Played Baseball Games.

Several baseball games were played during the week of the Encampment and Fair, but rain interfered with the Centre Hall-Sandy Ridge game on Thursday afternoon, in the third inning, making further playing impossible. Sandy Ridge was leading by 4 to 0 when the rain came.

On Wednesday morning Linden Hall defeated Potters Mills in a snappy game. Score 2 to 1.

On Wednesday afternoon Centre Hall and a picked team, mostly Spring Mills players, played an interesting game. Centre Hall winning by 6 to 3.

State Forester Goes to Milroy.

The State Forester for the Seven Mountains district will be located at Milroy and not at Centre Hall, as was first intended. The State Forestry Department makes the following announcement:

State Forester W. H. Horning has established his headquarters at Milroy, Mifflin county, from which place he will supervise the State forests in the Seven Mountain district. As a result of the readjustment of State lands units, Forester Horning has charge of most of the State forests in Mifflin and Centre counties. He will look after the territory formerly supervised by Forester John W. Keller, who was at Boalsburg for several years.

More than a hundred bushels of white pine cones were collected this week by forest rangers in Centre county. Large quantities of cones were gathered on a lumber operation in the Millheim Narrows, and others were collected from the Allison tract which is being cut over near Potters Mills.

Refused New Trial.

An opinion and decree of Judge Henry C. Quigley, filed on Tuesday, refused the motion for a new trial in the case of the Howard Township school board against Burdine Butler and commanded the defendant to appear for sentence. The case was really one to test the vaccination law. Mr. Butler refused to have two of his children vaccinated as required by law and the result was they were sent home from school. Then action was brought against Mr. Butler under the compulsory attendance act to compel him to send his children to school. The case was tried at the December term of court, 1919, and Mr. Butler was convicted. A motion was promptly made for a new trial. The case was argued in due time and the decision of the court refuses the motion and orders Mr. Butler to appear for sentence.

Copious rains during August have been a great help to the corn and a splendid crop is promised.

TOWN AND COUNTY NEWS.

HAPPENINGS OF LOCAL INTEREST FROM ALL PARTS

Dr. H. F. Bitner, of Lewisburg, was among the many visitors in town last week.

For better and bigger crops use fertilizer freely. I have a good supply in.—R. D. Foreman.

Hon. I. L. Harvey and family have removed from Bellefonte to Ridgeway where they will make their home in the future.

Miss Miriam Huyett will leave on Tuesday for Susquehanna University, Selingsgrove, where she will commence her sophomore year.

A mail aviator descended in Stoner's field at the station, one day last week, but remained for a few minutes only, taking his departure for Bellefonte.

Send the Reporter the home news. Items of local interest are always desired. Don't expect us to be wise to all happenings, but use your Bell phone or send it in by letter over your signature.

Wieland and Gingerich, of Boalsburg, have completed a new bus for the Boal-Corl bus line, running between State College and Lewistown. It is an exceptionally fine piece of workmanship.

The women voters in Centre Hall borough show a strength of 215 as composed with 172 men. In Potter township the men lead, the figures being 367 to 329, with a tie in the North Precinct at 139.

William J. Bryan is scheduled to appear in Millheim some time during the coming winter. No doubt the old Democratic war horse and silver tongued orator will attract a large crowd to our neighboring town for his lecture.

Have you noticed how scarce the pest flies have been this year as compared with past years? Some attribute it to the extremely cold weather of last winter. That long-to-be-remembered winter had a redeeming feature after all.

Mr. and Mrs. J. H. Lohr, of Rutledge, and little granddaughter, enjoyed the past week with relatives here. Their son, Prof. William Lohr, is preparing to locate at Easton where he has been selected as a member of the faculty of Lafayette College.

Mrs. Frank M. Fisher has been appointed chairman of the Woman's Committee of the Democratic party in Centre county. Mrs. Fisher's whole-hearted interest in all work undertaken by the various women's organizations, makes her as the choice quite natural.

Mr. and Mrs. Felix Lee and daughter, Miss Naomi, of Sayer, attended the Encampment and Fair. From there they went to Detroit, Mich., and other cities west for a little vacation. Mr. Lee is now foreman of buildings and bridges for the Lehigh Valley Railroad and is getting along nicely.

L. L. Smith had the misfortune to strike his left hand against a fork, while raising potatoes in his garden, on Friday, resulting in one of the times penetrating the back of his hand to a considerable depth. The fork was lying on the ground when Mr. Smith's hand struck it with great force. Anti-toxin was administered to prevent blood poisoning.

Miss Mildred Brown, of Potters Mills, spent the past week in Lock Haven and was the guest of her uncle and aunt, Mr. and Mrs. Harry Wagner. While there she assisted them in getting ready to move. Mr. Wagner is employed by the Bell Telephone Company and has worked for that company for the past eight years in Lock Haven. He has been transferred to State College. While glad to hear of his promotion, the many friends of Mr. Wagner and his family will be sorry to hear that they are leaving Lock Haven.

While at work on the second story of the Dr. J. V. Foster building on Allen St., State College, Friday forenoon, Robert Breneman, one of the carpenters, narrowly escaped death when he fell from scaffolding to the pavement beneath, a distance of fifteen or twenty feet. Mr. Breneman in falling struck his shoulder and side upon some scaffolding below and in so doing broke his fall to such an extent that he landed square upon his feet and escaped with only a few slight bruises and a general shaking up. He was taken to his Hill street home and in a few days was able to return to work.

The value of the Red Cross in an emergency was forcefully demonstrated last Wednesday on Grange Park, where the organization had tent headquarters. A young lady—A Miss Fishel—of near State College, was struck on the head by a baseball bat which slipped from the hands of Harry Gross, a member of the Centre Hall baseball team, while a game was in progress. The Red Cross nurses soon had her in charge and rendered first aid until the arrival of Drs. Foster and Longwell, who were compelled to sew up the gash. The force of the flying bat was sufficient to fell an ox, and the young woman was fortunate in escaping more serious injury.
