

THIRTY-FIVE YEARS AGO

Paragraphs of News Taken from the Files of the Reporter of 1885.

December 23, 1885.
Jonathan Spangler, Jr., of Brush Valley, has purchased his father's farm of 162 acres for \$6,700.

Robert Smith, of Aaronsburg, while hunting deer with a party in Pine Creek Hollow, on the 15th, shot a bear which dressed 375 lbs., and Theodore Hosterman, who was one of the party, shot two deer.

A serious accident happened to Mr. and Mrs. Slabig on Wednesday. They were driving in a sleigh on one of the by-roads near Earlstown when the sleigh upset. Both were thrown out and the team ran off. Mrs. Slabig had her left arm broken near the shoulder and received some severe bruises across the chest. Mr. Slabig had one of his eyes severely bruised and was otherwise injured.

The people of Pine Grove Mills and that section are talking of the Fairbrook railroad—a branch from Lemont to the Fairbrook mines, where iron ore exists in abundance.

Rev. J. H. Kerr will preach at Centre Hill at 10:30, Sunday, 27th, and at Centre Hall at 2:30.

On Monday the western mail and several passengers missed the train on account of change of time on the road.

Items from the Millheim Journal.

Considerable criticism is heard about the enforcement of the vaccination law and compulsory school attendance law. In many instances the school directors are criticised for trying to enforce the law, but the directors have no other course to pursue than a strict enforcement of the vaccination law and attendance law.

Prof. Louis Lenhart, who was to start the school term on Tuesday as principal of the Millheim schools, on Saturday, August 28, underwent an operation for appendicitis in a Pittsburg hospital. He will therefore be unable to take up his duties here for at least several weeks, but Miss Rosalie McCormick has taken charge of the school, and Rev. Faust, of Hubersburg, has kindly consented to teach the grammar grade until Prof. Lenhart fully recovers his health.

Mr. and Mrs. Charles L. Ulrich and Mr. and Mrs. Thomas Nolan and child, of Buffalo, N. Y., were arrivals in Millheim Sunday evening and are guests of Mr. Ulrich's father, George Ulrich.

Mr. and Mrs. L. H. Matthews arrived from Pittsburg on Saturday and will be guests of Mr. and Mrs. E. W. Mauck until they gain possession of their home on Mill street, recently purchased from S. W. Gramley.

No Indications of Return of Influenza Epidemic.

There have been no indications of a return of last year's influenza epidemic this winter, the U. S. public health service announced this week. Each year, it was said, between November and May, a number of cases are reported but experts of the service do not expect the disease to be as widespread or as virulent this year as in 1919.

Late Planting to Fight Hessian Fly.

"The effects of frost in the late sowing of wheat to control the Hessian fly is overestimated," says H. E. Hodgkiss, extension entomologist at the Pennsylvania State College. He advises farmers to sow their wheat from seven to ten days later than is customary for the community, especially where there are evidences of ravages by this pest that costs wheat growers millions every year.

The first general coloring of foliage on hickories, dogwood, birch and ash trees, is indicative of the safest and best time to begin sowing within the range of winter wheat culture. Rotation of crops, deep plowing of stubble, thorough preparation of seed beds and fertilization are essential factors in Hessian fly control. The college has advised all extension representatives of means for control, stating that radical changes in these practices should not be undertaken except with the advice of college crop specialists.

Weather conditions are important factors in the application of preventative measures. Excessive heat or drought retard the development of the insect. In the autumn flies come from the stubble from late August in northern regions to December in the south. While there are stragglers, the major part of the flies appear and disappear within a week or ten days, depositing eggs on the young plants. The maggots hatch, feed on the plants and lie idle through the winter. This fall brood may kill the young wheat outright if the infestation is severe. If the wheat planting is such that the young plants are permitted to come through the ground after the flies disappear, the best preventative measures have been taken.

Dr. Robert Gearhart has removed from Stroudsburg to Boalsburg and will be at his office on Main street afternoons and evenings until September, when he will be there permanently. If not at office phone J. H. Ross, Linden Hall, 27tf.

Delinquent Dog Tax May be Collected.

Dog owners in Pennsylvania who violate the law by failing to take out a license for their dogs, and who escape prosecution during any one year, may be held for the license fee even though action is not instituted until the following year. The Pennsylvania Department of Agriculture is assisting the local county officials and constables in enforcing the law and while hundreds of prosecutions have been instituted in various sections, and while this work will be vigorously prosecuted throughout the year, yet there will be some dog owners who will escape detection.

These dog owners, however, will be liable to prosecution next year for failure to comply with the law this year. The Lebanon county authorities are now planning to collect the delinquent dog tax for 1919 and similar action will be taken up in other counties as rapidly as they are cleaned up from the current year.

Thus far in 1920 there have been 1,421 prosecutions entered in the state for violation of the dog law and each case has been successfully terminated. This is as against 107 prosecutions in 1919. The activities of the enforcement officials which have been centered on Washington county for the past several weeks will be extended in Greens, Indiana and Armstrong counties within the next week or two and a large number of arrests will be ordered in each of these counties.

An impression has gotten throughout the state that the offenders are largely confined to the rural sections of the state. This is incorrect as offenders have been found in cities and towns as well as in the country sections.

HEALTH SCHOOL

Pennsylvania State Department of Health.

ANSWERS TO HEALTH SCHOOL QUESTIONS.

Question 1—What are Koplik spots?
Answer—Tiny bluish white glistening dots.

Question 2—What do they signify?
Answer—Measles.

Question 3—How may the spread of Measles be prevented?
Answer—By early quarantine.

"Scarlet Fever," the subject of the next lesson, is a disease of Childhood. There were more than 11,000 cases and 253 deaths in Pennsylvania last year. It is frequently followed by distressing after effects which are permanent. It is easily transmitted, but its spread can be prevented by early recognition and quarantine.

The "Jazz" in Poetry.

It was midnight on the ocean, not a street car was in sight,
The sun was shining brightly, and it rained all day that night.
It was a winter's day in summer, the sky was raining glass,
And a barefoot boy with shoes on stood standing in the grass.
It was evening and the rising sun was setting in the west,
The little fishes in the trees were huddled in their nests.
The rain was pouring down in drops, the moon was shining bright,
And everything that could be seen was hidden out of sight.
While the organ peeled potatoes, lard was rendered by the choir,
While the sexton rang the dish cloth, some one set the church a-fire.
"Holy Smokes" the preacher shouted—in the rush he lost his hair,
Now his head resembles heaven—for there is no parting there.

FARM FOR SALE.

A desirable Fifty Acre Farm for Sale. Here is an opportunity to purchase a few acres of very valuable land, in a good state of cultivation, with an abundance of choice fruit, a modern brick dwelling house, a good frame barn, necessary outbuildings, and fine limestone quarry, being situate along the concrete pike within a few hundred yards of the limits of the progressive borough of Mifflinburg, and is one of the most desirable locations in Union County.

For terms inquire of
EMANUEL SNYDER,
34tf Mifflinburg, Pa., R. D. 1

Farm For Sale or Rent.

130 Acres, 68 Perches. Located in Jackson Township, Snyder County, on the main road from New Berlin (2½ miles south of New Berlin) to Middleburgh.

Hot and cold water in house; acetylene lighting system; all kinds of fruit, about 100 young apple trees; tile silo; 10 x 30 big barn and straw shed; all necessary outbuildings—all buildings are good. Large nine-room house. Reason for selling, ill health. For further particulars call, or address
H. B. BILGER,
R. D. 3, Middleburgh,
Snyder Co., Pa.

WANTED.—At suburban home in Johnstown, a cook and second girl. Have all electrical conveniences. Two minutes to street car, which is 25 minutes to center of city. Inquire at office of The Centre Reporter, Centre Hall, Pa. 34tf

NURSING SERVICE IS RAPIDLY EXPANDING

This American Red Cross Work Flourishing in Small Towns Throughout Country.

More than 37,000 graduate nurses have been enrolled in the American Red Cross to date and its department of nursing is daily increasing this enrollment.

The department of nursing has been authorized to maintain an adequate reserve of nurses for the army and navy. It will continue to supply the needs of the United States Public Health Service to which it has assigned more than 1,000 nurses in the last year.

It will assist in establishing proper nursing service in foreign countries where the American Red Cross has organized hospitals, dispensaries and schools for nurses. Courses in home hygiene and care of the sick have been started for thousands of women who have never received any education in this direction. Rural nursing which was in its infancy a short while ago has been put ahead at least a decade through the work of the department of nursing and local Red Cross chapters.

Public health nursing has been extended to many rural communities and now flourishes actively in hundreds of small towns and counties. Nearly a thousand efficient nurses have already been assigned to this kind of work.

The department of nursing is uniting with other organizations in a year's campaign in recruiting nurses for training schools, in educating the general public as to standards of nursing education and in showing communities their responsibility toward schools of nursing. It will endeavor to meet all these needs as well as to continue the enrollment of dietitians who will be utilized as instructors in home dietetics, in developing nutritional clinics, and in supplying dietitians for the United States Public Health Service and the civilian hospitals.

The Nursing Service will continue to offer to women and young girls the opportunity of securing instruction in home hygiene and care of the sick in every community in the country. This instruction has not only laid the foundation for public health but in some places has given impetus to the establishment of hospitals and community school houses.

"As a community profits by the work of the nurse," says Miss Clara D. Noyes, director of the department of nursing, "it is logical that the community should be aroused to its responsibility. The American Red Cross stands ready to help in a general campaign of recruiting and must have the support, sympathy and understanding of the medical profession as well as the intelligent co-operation of the people at large."

HOME SERVICE FOR EVERYBODY IN NEED

Do you know what the present day Home Service of the American Red Cross is?

Many people do not know that, besides completing the work for ex-servicemen, especially the disabled, it provides the same neighborly service to families in general that it formerly gave families of soldiers, sailors and marines.

"Home Service covers a wide and varied field," says Frederick C. Munroe, general manager of the American Red Cross. "It gives aid to families in solving such problems as budget planning, marketing, tiding over times of financial stress, keeping children in school, helping crippled children, widowed and deserted mothers, children backward in school and children in conflict with the laws. It renders service to the homeless and transient, to the illiterate, to tenement dwellers, to the unemployed, and gives friendly assistance and advice to foreign speaking groups."

In addition to helping families in the solution of their own problems, Home Service helps in strengthening the weak spots in the social life of communities. It joins hands with others to make communities safer, healthier and happier.

Organizing action along lines in which the community is already interested is one of the objects of Home Service. It has established community meetings, patriotic celebrations, pageants and picnics. Rest rooms, recreation facilities, play supervisors and moving pictures have been provided. Through Home Service other agencies are influenced to bring about improved commercial amusements and better school facilities and to promote traveling libraries as well as to secure county agricultural and home demonstration agents.

If you need assistance at any time, go to the secretary of the nearest Red Cross chapter and describe the situation. Your confidence will be sacredly respected and every possible effort will be made to aid you.

American Red Cross Roll Call.
The Fourth Annual Roll Call of the American Red Cross will be held this year from Armistice Day, November 11, to Thanksgiving Day, November 25, inclusive. During this period the men and women of the United States will pay their annual dues and renew their membership.

Announcements of Kessler's

Just Returned from the Eastern Market--

where I purchased a Full Line of Ready-to-Wear Apparel for Men, Women and Children.

We are ready to show you some of the Fall Clothes. Ladies, we anxiously await your inspection. Shop with us for comparison. We claim to be able to class with any merchandise on the market, at the same, or even higher prices. Never have we selected a stock more carefully. But one garment of a model being shown, thereby insuring the fulfilling of your wishes for individuality.

Be convinced by paying us a visit at your earliest convenience.

Novelties in Sweaters, Sport Skirts & Waists, all for immediate use.

On Display,—NEW FALL SHOES.

Just come in and see for yourself!

LINDEN HALL, CENTRE CO., PA.
Deeds, Mortgages, Wills, etc., written and executed with care. All legal business promptly attended to. Special attention given to selling of Estates, Marriage Licenses, and Mobile Licenses, and all other Applications. Blanks kept on hand. Nov 25-1920

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, Etc.

A TRIAL WILL CONVINCE YOU.

NOTHING that we could say would so thoroughly convince you of the value of Chamberlain's Tablets as a personal trial. We can tell you of thousands who have been permanently cured of chronic constipation, indigestion, biliousness, sick headache and disorders of the stomach and liver, but this will have little weight with you as compared to a personal trial. That always convinces.

Chamberlain's Tablets
