

THIRTY-FIVE YEARS AGO

Paragraphs of News Taken from the Files of the Reporter of 1885.

April 7, 1886. George Krape, of Spring Mills, has moved to Pottsgrove.

Mr. Rossman, the wagon-maker at Tusseyville, is seriously ill from pneumonia.

Rev. J. A. Bright, of Kansas, a native of Aaronsburg, is visiting friends in Centre county.

Centre Hall has five general stores now.

John Sankey, of Potters Mills, died on Friday last.

Isaac Smith has moved with his family from Williamsport to Centre Hall. Mr. Smith will be engaged in the store of Wolf & Son as salesman.

Peuns Valley, from Potter township east, is better supplied with churches than perhaps any other section of equal population and area. In a distance of about eighteen miles by 2 1/2 wide there are no less than thirty of these edifices, and all good buildings. Besides there are three or four more in contemplation. The seating capacity of the churches would be about 10,000 and the valuation exclusive of parsonages, about \$100,000.

Husks 100 Bu. Corn a Day.

Charles Gellinger, aged 75 years, husked 400 bushels of corn in four days, which is considered a record for a man of that age. The feat is certified to by his granddaughter's husband, Reuben Beaver, who owns the late John Grove farm, in Union county, where the husking was done.

RED CROSS HELPS IN BIG DISASTERS

More Than 30,000 Persons Assisted in 73 Calamities.

SERVICE NOW MORE EFFICIENT

Four Hundred Chapters Have Committees to Aid in Flood, Fire or Other Visitation.

Virtually every phase of Red Cross service, including First Aid, Nursing, Health Service, Home Service, Junior Red Cross, Military and Civilian Relief, was brought into play by the American Red Cross during the last fiscal year in aiding 30,000 persons in 164 communities, victims of 73 disasters.

In the accomplishment of this relief work 140 Red Cross Chapters were called upon to assist, the sum of \$900,000 in cash and supplies was expended. Thirty temporary hospitals were called into existence, twenty odd motor corps were organized, seven special relief trains were sent out and 110 special representatives and nurses were furnished in addition to the aid given by the local Red Cross workers in the community visited by disaster.

In these 73 disasters, including 19 tornadoes and cyclones, 2 hurricanes, 2 cloud bursts, 1 hail-storm, 2 earthquakes, 1 landslide, 15 fires, 1 explosion, 9 floods, 10 shipwrecks, 1 train wreck, 4 riots, 1 motor accident and 2 droughts—850 persons were killed, 1500 were injured, 13,000 (approximately) were rendered homeless, while property valued at \$1,000,000 was destroyed.

The largest and most destructive disaster of the year was at Corpus Christi, Texas, in September, 1919. Approximately 400 were killed and 4000 made homeless. The Red Cross division director, with a staff of 35 assistants, administered a fund of \$400,000, giving aid to 3000 families and four towns and rural districts, and sufficient supplies to each family to enable it to stand on its feet.

Activity in Divisions.

Because of tornadoes, the Gulf and Lake Divisions were called upon to send emergency relief with trained workers into nearly 80 communities. The two droughts in Montana and North Dakota gave abundant opportunity for trained workers from the Northern Division to help the Red Cross Chapters demonstrate their usefulness, while a number of shipwrecks proved the readiness of the Atlantic Division and the New York Metropolitan Area Committee to assist in that line of work.

The record of last year emphasizes the need of abundant preparedness along the line of disaster relief and has resulted in the organization of Disaster Preparedness Committees by about 400 Chapters and the setting aside of a special emergency fund by the National Organization of \$5,000,000 in addition to the regular appropriation for this purpose made in its budget.

Another feature of Red Cross work which has been greatly extended the past year is the Home Service in the families of civilians, patterned after the Home Service which rendered assistance to the 80,000 families of soldiers and sailors during the war.

This service, which was inaugurated late last year, was extended to 600 families. It is furnished only where there is no other established agency for performing this special class of public service, and is confined to chapters of the Red Cross which comply with certain restrictions intended to maintain standards and perpetuate the work. Approximately 1000 chapters have made application for such authority and 573 have so far been given the desired permission. The plan of extension contemplates not only the conduct of general family welfare work, but the seeking out and developing of demands for other forms of community service and securing the co-operation of specialized organizations to fill these needs.

Work of Juniors.

During the school year 1919-1920, the Junior Red Cross was chiefly concerned with the necessary relief work which was the legacy of the war period. The school children of America were called upon to supply, besides rugs, curtains, bandages, splints, afghans, bedside tables and other hospital equipment and supplies for the United States Public Health Service Hospitals where sick and wounded soldiers were being restored to health and strength. Thousands of these articles were contributed, manual training school classes devoting much time to this work of practical service on the part of the Juniors. In addition to this, the children performed much community service.

The Juniors contributed to the National Children's Fund, the fund from which the European projects are financed, during the period June 30, 1919, to June 30, 1920, a total of \$535,623 in addition to sums raised and money expended in countless local activities which brought happiness to the children at home.

The Juniors of America carried good cheer to thousands of children in war-stricken Belgium, France, Italy and throughout Central Europe.

Many a Brain Is Trying to Work With Weak, Thin Blood.

MORE RICH RED BLOOD NEEDED

Pepto-Mangan Gives You the Health to Tackle Your Daily Work With Vigor.

If you sit at a desk all day in an office, whether you are perched on a high stool or seated in upholstered chair, your body is inactive. You can't get much fresh air and outdoor exercise. Your blood becomes poor. You look

pale and feel weak. The great tonic, Pepto-Mangan, is what you need for awhile. It makes rich, red blood. It stores your vital energy. Your color comes back.

When your blood is good, full of red corpuscles, you are better able to resist disease. You go about your daily work with the optimism of the healthy.

Try Pepto-Mangan and notice how you improve.

Pepto-Mangan is sold in both liquid and tablet form. Take either kind you prefer. Both have the same medicinal value. But be sure you get the genuine Pepto-Mangan—"Gude's". The full name, "Gude's Pepto-Mangan", should be on the package.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. 75c. F. J. CHENEY & CO., Toledo, O.

LAXATIVE for Aged People

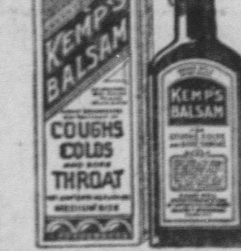

THE BANE of old age is constipation. The bowels become weak and unable to perform their functions without aid. For this purpose only the mildest and gentlest laxative should be used. The use of harsh cathartics aggravates the trouble and makes the constipation worse. Chamberlain's Tablets are a favorite with people of middle age and older on account of their gentle action.
