

THIRTY-FIVE YEARS AGO

Paragraphs of News Taken from the Files of the Reporter of 1886.

April 14, 1886.
James Lohr will open a select school on April 19 at Centre Hall, for a nine weeks' term. Tuition, \$2 for term.

A valuable horse belonging to William Colyer, of near Tusseyville, was stolen on Tuesday night by a young man named Henry Nevel. Nevel went to Millin county and offered the horse for sale. Next day Nevel was arrested at the steel works, near Lewistown. He confessed the theft.

Two deaths occurred in Madisonburg hotel on Thursday night, 8th, in both cases aged persons. The one was the wife of Elias Miller, the landlord, and the other Mr. Heinle, the toll-keeper. They were aged 80 and 90 years, respectively.

Mrs. Sarah Harpster has returned to Centre Hall after several months absence in the west, visiting relatives.

George Benner is home from Lock Haven where he had been clerking in a grocery store.

MILLHEIM.

(From The Journal)

Charles E. Musser, of Akron, O., arrived at his home here on Sunday afternoon and is enjoying a short vacation from office work with the Miller Rubber company.

Mrs. C. H. Breen, of Millheim, accompanied by her son, Robert Breen, of State College, recently attended the funeral of Mrs. Breen's brother-in-law, James L. Whitmyer, at Akron, O.

C. W. Wolfe, of Aaronsburg, on Tuesday went to Akron, O., to spend a week with his son, Fred, who is employed in that bustling city. Returning Mr. Wolfe will stop at Pitscira, where he will spend several days with his sister, Mrs. Elmer Miller.

The 21 acres of farm land in the south western section of Millheim as offered at public sale Saturday afternoon by S. M. Campbell was purchased by Allen Burrell, whose farm adjoins, for \$50 per acre.

A pipeless furnace was installed in the Reformed parsonage at Rebersburg on Tuesday by Hosterman & Stover. The same firm recently placed a furnace in the Evangelical association church at Woodward.

The adjourned meeting of the town council held Monday evening was attended by three committees—one each from the Ladies' Civic Improvement club, the American Legion and the Business Men's Association. The consensus of opinion of the several committees and a majority of the citizens of Millheim seems to be favorable to a new town hall with an auditorium, and it seems to be generally conceded that it is time for the various organizations who have pledged to work in the interests of the project to get busy and increase the already available fund so that when building conditions are more favorable than at present a building can be built which will be a credit to the borough and community for years to come.

Assessors in Possession of Books.

Centre County assessors are now in possession of their books and most of them are at work. Their task this year consists of making corrections on real estate assessments; correcting the list of male taxables, making out a military enrollment of men between the ages of 21 and 45, enumerating the dogs, placing valuation on all horses, gules and cows over the age of four years, getting an account of all moneys held by residents upon which interest is collected, and last but not least, enrollment of all women for the purpose of taxation in 1921.

The assessment and registration of the women made on August 31 and Sept. 1 was for the use at the November election, and was, in the main, voluntary on the part of the women. Now, however, it is different. Every woman in Centre county must be assessed and required to pay a county tax, whether they want to or not. It is no longer voluntary. The assessors are required to visit the homes in their bailiwicks and obtain the names of all women over 21 although it is not incumbent upon them to ascertain the age.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. Sec. F. J. CHENEY & CO., Toledo, O.

IT TAKES THE STARCH OUT OF A FELLOW

Working Hard Every Day without Let-up Wears You Out in Time

SOMETIMES YOU NEED A TONIC

Pepto-Mangan Makes Rich Red Blood and Lifts You Out of Bad-Heath Ruts.

There are days when you feel downright sick. You think you couldn't feel any worse. Yet, as far as you know, there is nothing the matter with you. From the time you get up in the morning till you go to bed at night you are tired. You feel as though you'd like to sit down and do nothing. You look tired and pale and haggard. You get careless about your dress.

No wonder! Your blood is all clogged up with poison. Your power of resistance is at a low ebb. Your blood needs food. It needs the help that vitalizing tonic, Pepto-Mangan, will give you. Instead of feeling exhausted and tired out for months, you will soon pick right up and feel well and strong again. And with good red blood you are able to fight off ailments.

Pepto-Mangan is widely and heartily endorsed by physicians. It is effective and easy to take. It is prepared in both liquid and tablet form, and you can take one or the other and receive the same benefits.

Sold at any drug store. But be sure you get the genuine Pepto-Mangan—"Gude's". Ask for the full name and be sure the full name, "Gude's Pepto-Mangan," is on the package.—adv.

ENLISTED MEN AIDED BY THE RED CROSS

Thousands of Army and Navy Men and Their Families Get Substantial Help.

During the year ending June 30, the American Red Cross assisted thousands of veterans and their families in many material ways while at more than 200 military and naval stations Red Cross representatives looked after the welfare of the men.

On November 1, 1919, by order of the Secretaries of War and of the Navy, seven organizations were withdrawn from the camps and hospitals and the Red Cross was continued alone as the official civilian organization to render relief service. In the orders the peace-time duties of the Red Cross were definitely set forth, "to act as a connecting link between the enlisted men and their families."

From the entrance of the United States into the war until June 30 last, there were 7,000,000 cases in which service was rendered the American soldier or his family at his home, approximately \$10,000,000 being expended for this relief.

Home Service Work.
Home service among the families of enlisted men decreased from 34,015 in December, 1919, to 16,541 in June, 1920, while the army decreased from 974,500 to 231,670, showing that while the army decreased three-fourths, Home Service decreased about one-half. An even higher percentage of cases is shown in the matter of information concerning sick and missing men. Many thousands of men discharged from the army for disability were unable to secure compensation, re-training or medical care, or were ignorant of the steps necessary. Through the Red Cross thousands were placed in touch with the agencies that could aid them.

In the entertainment for men in camps and hospitals, in July, 1919, there were given 548 motion picture entertainments with an attendance of 128,176. In December, 1919, while the entertainments had been reduced to 732, the attendance was 158,482. In June, 1920, the number of entertainments were reduced to 388, but with only one-fourth as many army men, the attendance was 88,173.

Safeguarding Bonds.
In 1919 the Red Cross was authorized by the Army and Navy to assist the men who had subscribed in obtaining delivery of their Liberty Bonds. During four months of 1919, a total of 2784 requests for delayed bonds amounting to \$302,400 were received. Of these 2629 deliveries were accomplished, involving bonds valued at \$22,450. In addition 55 bonds were delivered through Navy or Marine Corps channels as a result of Red Cross assistance, and 784 other cases were closed. During the fiscal year just closed the Red Cross was instrumental in having delivered to soldiers' families 15,000 Liberty Loan Bonds valued at approximately \$1,000,000. It was also instrumental in securing settlements, or decisions for families in 208,539 allotment and allowances cases and has prosecuted 50,000 compensation and insurance claims.

Europe Likes American Milk.
European people have learned to like America dairy products. Exports of condensed milk to Europe rose from 16,000,000 pounds in 1914 to 530,000,000 pounds in 1918, and there were notable increases in exports of other dairy products. Much of this may be due to abnormal war demands, but the United States department of agriculture believes that there is both an opportunity and a tendency to expand in this direction over prewar requirements. A normal increase in dairying in this country, the department thinks, is fully justified, provided there is the necessary increase in feed crops.

THE AMERICAN RED CROSS IN PEACE TIME
With the Soldiers

There remain in army hospitals throughout the country more than 20,000 soldiers still being treated for wounds received overseas. Red Cross workers give them the same sort of friendly aid—only more of it—that was given during the war. Furthermore, the Red Cross is teaching these lads occupations at which they can later make a living and is keeping in touch with their home folks in order that no dependents may suffer for lack of funds.
