There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

For Your Wife

There was a time when the average farm woman's world was bounded on the one side by the chicken yard and on the other by a stack of dirty dishes. But that time has passed; says

The COUNTRY GENTLEMAN

Farmers are beginning to realize that an electric plant that runs sewing machines, sweepers and churns, or a running water system, or a good furnace is a profitable investment. It brings direct return in greater comfort, greater happiness, greater efficiency.

The farmer's home is more than just a place to eat and sleep; it is the vital center of his farm business. That is why THE COUNTRY GENTLEMAN devotes so much attention to all the problems of home management. In addition to regular departments of practical helps with cooking, canning and sewing and such pages of inspiration as *Brighten the Corner*, it prints feature articles that help the farm woman to live a richer life. For its usefulness to her alone it is worth more than the single dollar which buys a whole year's subscription—52 big issues. And that is just one phase of its comprehensive service, covering every farm interest. Start the New Year right. Send me your dollar today. Your first copy will be that for January 1, 1921.
