

LOCAL AND PERSONAL.

Herbert Garis has found employment in the new silk mill at Bellefonte.

Farmer J. C. Goodhart is offering stock for sale or exchange in an adv. in this issue.

A detail of three state police were stationed at Phillipsburg last week, for an indefinite period.

A new advertisement this week is that of Chas P. Ramer, the Tusseyville merchant. Reductions are in force at that store.

Mrs. Hulda Meyer, who makes her home with her daughter, Mrs. Irvin Musser, at Millinburg, visited friends in town, recently.

Melvin D. Bingman, wife and baby Pauline, of Burnham, visited the former's uncle, Rev. J. F. Bingman and family, Saturday and Sunday.

Mrs. P. H. Meyer has gone to Altoona, whereshe will spend several weeks with her son and daughter-in-law, Mr. and Mrs. Robert Meyer.

Mrs. F. D. Wiand, of Millinburg, is a guest of her cousin, Mrs. D. F. Smith, in Centre Hall. Before returning home she will visit other friends and relatives in the valley.

Gross Shook, an enterprising farmer of Penn Hall, recently entered the Geisinger hospital at Danville and underwent an operation for acute appendicitis. He is reported as recovering nicely.

Mrs. A. P. Krape, of Centre Hall, has learned of the death of her cousin, Mrs. John Carney, Bankertown, Juniata county, which took place last Friday morning. The deceased was in her seventieth year.

Mr. and Mrs. A. H. Spayd attended the funeral of Miss Miriam Lee, whose life was lost as the result of an automobile accident in Bellefonte. The funeral was held at her home in Hublersburg on Monday morning.

Cleve Mitterling went to Collegeville beginning of the week to attend the sale of cows shipped by him from Centre Hall, last week. He expects also to go to Baltimore, Md., to visit Rev. and Mrs. Fred. W. Barry.

Mrs. Lucy Henney, who has her home in Centre Hall closed for the winter, and who has been visiting her sister, Mrs. James Stewart, at New Bloomfield, has gone to Latrobe where she will spend an indefinite period of time.

George H. Emerick purchased a drum of high-test gasoline of William McClenahan, a week ago, and emptied it into a larger metal container in his garage. The next morning Mr. Emerick discovered that the tank had sprung a leak and caused thirty gallons of the precious gas to escape.

Mrs. J. M. Coldron's Sunday school class met Monday evening, Jan. 10th, at the home of Pearl Keller. Sixteen members were present. The business of the class was transacted during the early part of the evening after which delicious refreshments were served. The next meeting will be held at the home of Mrs. Burris, Feb. 4th.

Chas. P. Ramer, the hustling merchant of Tusseyville, was a caller at this office last Thursday. Mr. Ramer is a fisherman and hunter of note, and still believes his ill luck during the late deer season, when he knocked the spike from one side of the head of a deer, with a bullet, the buck running into another group of hunters who killed him.

C. D. Bartholomew, the local real estate agent, is making an effort to sell a whole or in parcels, the 55 acres of land belonging to S. W. Smith. The land forms the western boundary of the boro line. The barn, 55 x 60 feet, built about twenty years ago, on two lots to the rear of the Reporter office, will also be sold, if a deal can be made. Over two hundred apple trees are on the main tract.

Your attention is called to an article appearing in this week's issue on a subject concerning which many people know comparatively nothing; that is, astronomy. It comes from the fertile pen of the Reporter's good friend, Dr. Alfred Beirly, of Chicago, who appears to be learned in the various arts and sciences. Many Reporter readers know him personally as a music master, his compositions ranking with the world's best. With equal facility he looks into the heavens and describes the beauties and wonders thereof. For those who have never given any serious thought to this mighty science we recommend that you read Dr. Beirly's article and gain some worth-while knowledge.

The Week of Prayer services in Centre Hall, which came to a close on Sunday evening, broke all records for attendance, Sunday evening's service, in the Reformed church, being possibly the most largely attended. The main auditorium and the Sunday-school room were crowded and along the four walls of the church people were obliged to stand. The town's four pastors delivered exceptionally good sermons during the week, discussing religion from a practical standpoint. At Spring Mills, where the Week of Prayer services were held for only the second time, there was an equal interest shown in things spiritual, with good audiences and ready listeners. This matter of all the church people forgetting denomination for a week and uniting with the combined strength of all in Divine services, tends to remove prejudices and enables each to realize the equality of his fellow Christian worker.

PINE GROVE MILLS.

The weather has been spring-like and farmers are plowing.

On account of ill health Supervisor W. H. Goss has tendered his resignation, to take effect at once.

Farmer C. M. Dale has invested in a new 22-h. p. Fordson tractor.

Rev. (Dr.) R. M. Campbell, pastor of the Graysville Presbyterian church, was very agreeably surprised on his 79th anniversary on Tuesday of last week, after prayer service, when he was presented with a purse of \$85.00, as a birthday remembrance, which he very gratefully acknowledged. He has broken the bread of life to the Spruce Creek charge for seventeen years.

Rev. A. M. Lutton, pastor of St. Luke's Lutheran church, was voted an increase of \$400 a year in salary at a recent session of the council.

Mr. and Mrs. W. H. Meyer of the Branch are mourning the death of their baby boy Clay, aged three weeks, after an illness of three days. Burial was made at Tusseyville on Tuesday.

There was quite an exciting time here Sunday evening when a report came of a car wrecked along the second mountain. Mrs. J. S. Goss and little son and her younger brother were crossing over the mountain in a Buick-Six without

chains. When part way up the car skidded and swinging around went backward down over a steep embankment for several rods, finally coming to rest against the trees. The car was somewhat damaged, but after being brought back on the road with the aid of a team, rope and tackle, and an army of helpers, was able to proceed on its own power.
